He couldn't keep it in his pants. Lust without conviction can lead to disaster. As Cory slaked his lust with yet another woman, he thought this one might be married, but he didn't want to dwell too hard on that. Since he'd opened his vet practice in Whiskey Cove, women had thrown themselves at him and he'd given them what they wanted. He asked no questions, just pleased them and himself. What he needed was a good woman to straighten him out--preferably before his recklessness caught up with him and he was hurt or worse. And then she arrived, fresh-faced in cutoffs and a tank top, cradling her sick dog. He hadn't cared what women thought about him, until now. Brook saw Dr. Corrigan St. Martin emerge from the exam room straightening his necktie. And then she saw her landlord's wife smoothing her clothes down as she followed behind him. Brook wondered if he'd known the woman was married. She'd heard the rumors about the vet, that he was shameless about his licentious behavior. But he was a devoted vet. And completely irresistible. Maybe there was more to the man than his reputation. --- She knew he was a jerk, but she was falling in love with him. And if that wasn't bad enough, she kept having sex with him because she was powerless to stop her body's attraction to his arrogant confident swagger and his godlike features. The man was sex on a stick. --- Will Brook help Cory see the error of his ways before it's too late? --- Will Cory commit to Brook and give her the companionship she deserves but has never received? Mia was in trouble. She was alone and she was scared. She prayed for a miracle, and then she met Augustine. A Marine, now a sheriff, named after a saint. Augustine Roy liked his job as Sheriff of East Baton Rouge Parish. He liked the town and the town's women, some said too much, but he'd never heard any of them complain. He wasn't interested in monogamy, a fact most single women in town had come to understand. He loved his family and friends and when his best friend, Clay, needed his help, he jumped at the chance to use his skills as a former Marine Corps field extraction expert. While Augie thrived when life ran calm and controlled, his current situation was anything but. Mia had entered his life and dumped it on its head. To top it off, she was so not his type. He preferred large breasted Southern blondes with experience in the sack. Mia was slim, Canadian, and to his utter disbelief, a twenty five year old virgin. But then he'd gone and married her and then she'd passed out. When Mia woke, she had a new name, and a new ring. She just hoped like hell she'd not missed the wedding consummation. dark desires, and the ability to bring you to your knees. **St. Martin Family Saga: Emergency Responders Box Set * Sizzle (The Fireman) * Seize (The Cop) * Surge (The ER Doctor)** Three full-length novels in one set. *** +Clay will make your body SIZZLE+ A Louisiana fireman, Clay St. Martin liked his hoses bound tight and his women bound tighter. He'd not had a traditional relationship in years and was positive he'd found the answer to all his needs and desires: **The Hoodoo Pot**""Baton Rouge's elite members only sex and bondage club. Eve Ivey had escaped the clutches of her evil ex, but still she constantly looked over her shoulder. That is, until she met Clay. At six feet five, he was a king among men. She'd certainly like to be his queen. He'd rescued her from a hurricane's lashing winds and rising water, but his first mistake was in bringing her home. Yet she'd had nowhere to go. A bigger mistake would have been not going back for her. And now neither of them wanted her to leave. The only thing to do was let the storm rage outside while they focused on the personal storm raging between their bodies. A storm that was advancing on their hearts. *** +Let Augie SEIZE your night+ Mia was in trouble. She was alone and she was scared. She prayed for a miracle, and then she met Augustine. But their love was much greater than the sum of their ages. Clara's family took Jackson in when, at the age of seventeen, he'd lost his parents. The St. Martins were the only family he had. When his connection with Clara developed into something stronger, he couldn't feel remorseful. What he did feel was warmth, hope, and love. Ten years later it was time to tell the family""he wouldn't let their love be a lie any longer. When he came to live with them, Clara knew one day she'd marry him. She just didn't know her family wouldn't be on board with the plans. Sure, Jackson was much older than her and yeah, they'd jumped the gun on intimacy, but she'd needed Jackson's touch that day and he'd needed hers. They planned to marry once he finished medical school, but when Clara's brother found out about their two-year relationship he beat the

good doctor's face until he was unrecognizable. Jackson couldn't see a way they could be together and she wouldn't have to make a choice between him and her family. He knew what it was to go through life without the support of family and he wouldn't let her choose him over the St. Martins. Will Clara and Jackson be able to have a future together, or will her family tear them apart? * Get three men in uniform and save money doing it! D'Iberville and the community of St. Martin share more than a common origin: from their colonial beginnings they have been one, now separated only by an invisible county line. The first is named after Pierre LeMoynes, Sieur d'Iberville, commander of the French fleet who initiated settlement of Louis XIV's claim to the Mississippi Valley and adjacent coast of the Mexican Gulf in 1699. The latter is named for Raymond St. Martin de Pattier (or Jorquiboey), who married into the pioneer Ladnier family that homesteaded the north side of Biloxi Bay in the late 1700s and were the first landowners when the colonial era ended and the American flag was hoisted in 1811. After statehood in 1817, foreign and American emigrants arrived by ship and covered wagon. Before the Civil War, the families north of the bay included Spanish, Austrian, Italian, and their "African chattel." From this frontier beginning, farmers and fishermen spawned ranching, timber, and seafood industries as well as shipbuilding and mercantile enterprises. By World War II, it was a town, and in 1988 it became a city within the core of this old frontier. Transcript of baptismal register(s), with child's name, parents' names, father's occupation, abode, notes, and baptismal date. Logan St. Martin has secrets. For instance, why does he operate a brewery instead of putting his medical license to use? Why is he so unlike the rest of the St. Martin family? Mysteries aside, he is smart and successful in all that he endeavors and he has set his sights on Miss Jessica Hunter, a flame haired goddess who owns the Italian restaurant in town. A business merger is the next item on his agenda. Jessica Hunter is on a mission. Her child needs a father, a responsible and disciplined man that will make a good role model for her son. Certainly not some irresponsible brute with shaggy hair and facial stubble whose wardrobe consists of flip-flops, cargo shorts, and screen-print T-shirts. However, while her son has need of a father, her body has needs that have gone unfulfilled for over five years and it seems a shame to waste the steamy bronzed hunk of man that is Logan St. Martin. When their first encounter leads to an unexpected but explosive bout of steamy sex, Logan tells Jessie there's absolutely nothing that can keep him from making her his,**

including the pits of hell. Too bad Jessie has no intention of following him on his way to eternal damnation. Campbell Lee St. Martin has always played by the rules. He follows his head not his heart, but when that backfires not once, but twice, changes are in store for this Mr. Play It Safe. He's instantly attracted to Jenny's uninhibited sexuality but soon learns that together, they are highly combustible. Jenny thinks Campbell is a bastard and she doesn't mind putting him in his place. What he needs is a hard slap across the face, which Jenny is willing to provide even if it means the loss of her job, but it doesn't. Instead, their chemistry forces them together in a physical relationship that neither of them will ever forget. Is it possible to build on a relationship that started from lust? Describes the brutal murder of Kristine Fitzhugh, a wealthy investor, popular scoutmaster, and father of two, a crime that shocked the peaceful middle-class town of Palo Alto, California, and that reveals the dark, long-hidden secrets of the Fitzhugh family. Original. Five smoking hot brothers . . . and the women who bring them to their knees. Join the St. Martin brothers as they wreak havoc on the hearts of women in Whiskey Cove. The year 1963 can be considered as the beginning of tourism development on the island of St. Martin and, therefore, the transition year between an agricultural, rural economy and a commercial, tourist-oriented economy. The 37-square mile French/Dutch Island with English-speaking natives began its transformation into modernity with the electrification of the greater part of the island and the construction of the first terminal of the Princess Juliana International Airport during that year. Many islanders left their gardens and grounds to work in the construction field, in the stores and hotels, which opened that year. As the development increased, numerous immigrants from the close neighboring islands came in search of work, and waves of St. Martiners who had migrated to then prosperous Caribbean islands returned to their homeland to fill the new positions in the first banks, business administrations, and governmental offices. The festive, gentle way of life of the natives harmoniously blended with the burgeoning new economy, and greatly contributed to the success of the tourism industry, which made St. Martin one of the top Caribbean destinations. Its attractiveness derived not only from the unique beauty of its combined pond and hill sceneries, but also from the warm hospitality and friendliness of the natives. After eight years as a professional poker player, Cashel St. Martin needed a break. The endless glow and ceaseless action of Vegas had lost its luster and his interest. He missed his family and still wore the bracelet Isabela had woven for him all those years ago. In fact, he'd never taken it off. He was willing to give all of his success away for a chance to patch things up with the only woman he'd ever loved. Isabela had thought of him every hour of everyday since he'd been gone. She'd loved him and she knew he'd loved her but he'd just left it all behind and never once looked back. Now he was back and wanted to pick up where they'd left off all those years ago. He must be insane. After all, this wasn't Vegas. Relationships required trust, not luck. Hell, he'd been lucky she hadn't punched him in his too handsome face. Excerpt from The House in St. Martin's Street: Being Chronicles of the Burney Family It has been observed by a shrewd writer that "there is no collection of letters belonging to the eighteenth century that has not an interest to-day. It is," he adds, "from letters alone that we can sincerely and honestly reconstruct the past." This task of sincerely and honestly reconstructing the past, the writer of this work has endeavoured to perform in relation to the Burney family, having happily had access to a large number of their unpublished letters and journals, which throw fresh light on the material already before the public. The episode chosen covers a period of

nearly nine years - from the autumn of 1774 to the spring of 1783 - during which period the Burneys were living in a house in St. Martins Street, the last of their London homes. "God gave me a father and mother more worthy of heaven than of earth." —Saint Thérèse of Lisieux

The recent, and unprecedented, canonization by Pope Francis of a husband and wife, Louis and Zélie Martin, the parents of Saint Thérèse, has stirred a great interest in this extraordinary family. This work, by the highly regarded expert on the Martin family, Father Stéphane-Joseph Piat, O.F.M, is the definitive biography of this amazing "family of saints". Saint Thérèse, a Doctor of the Church, wrote in her classic spiritual biography, *Story of a Soul*, how important her family life was in setting the foundation for her spiritual life. She grew up in a close family, where the deep love of parents and children for God, neighbor, and each other was the very heart of their home and family life. This family of saints, who lived in the late 1800s and early 1900s, might appear from their quaint photographs to have lived a relatively serene and smooth path to sainthood, untarnished by modern problems. But, as this book shows, the reality is quite the opposite. They suffered from the loss of four children, the failure of a family business, and the death of Zélie, at forty-five, to breast cancer. The secret to their happiness then is the secret to our happiness now--unfailing love made possible by boundless faith in God. All the challenges the Martins faced, great and small, were met with a profound trust in Divine Providence.
