Ashirwad, an aspirant of JEE Main-2020, wrote, "Reading this book carefully and implementing the strategy given in this book immediately boosted my score by about 35-40 marks?. (See more below in reviews)". This revised edition includes the changes made by NTA in JEE Main in December 2020 for entrance tests in 2021 for all three Papers for B. E.; B. Tech; B. Arch. and B. Planning. It is a revolutionary and comprehensive guide for the students, parents & teachers for cracking JEE (Main). This so-called 'one of the toughest entrance tests' is a challenge for over one million students every year. The author has visualized the challenges faced by the aspirants and has analyzed the poor results of JEE (M). These insights have resulted in some unconventional strategies which are explained for the first time in this book. His simple-to-use strategies should enable all readers to answer many more Multiple-Choice Questions (MCQs) for all three Papers of JEE (M). The readers practicing these alternative methods, as explained in this book, can achieve a significant boost in their mock tests and total NTA Percentile Score and AIR in the final JEE (M). He has based his strategies on infallible laws of statistics and the power of intuition.
