In 8th century Baghdad, a stranger pleads with the vizier to safeguard the bejeweled tablet he carries, but he is murdered before he can explain. The Hundred Years War May 15 2021 What life was like for ordinary French and English people, embroiled in a devastating century-long conflict that changed their world *The Hundred Years War* (1337-1453) dominated life in England and France for well over a century. It became the defining feature of existence for generations. This sweeping book is the first to tell the human story of the longest military conflict in history. Historian David Green focuses on the ways the war affected different groups, among them knights, clerics, women, peasants, soldiers, peacemakers, and kings. He also explores how the long war altered governance in England and France and reshaped peoples' perceptions of themselves and of their national character. Using the events of the war as a narrative thread, Green illuminates the realities of battle and the conditions of those compelled to live in occupied territory; the roles played by clergy and their shifting loyalties to king and pope; and the influence of the war on developing notions of government, literacy, and education. Peopled with vivid and well-known characters--Henry V, Joan of Arc, Philippe the Good of Burgundy, Edward the Black

Prince, John the Blind of Bohemia, and many others--as well as a host of ordinary individuals who were drawn into the struggle, this absorbing book reveals for the first time not only the Hundred Years War's impact on warfare, institutions, and nations, but also its true human cost.

Distance Education Aug 30 2022 Distance education, for long the Cinderella of the educational spectrum, had emerged in the 1970s and early 1980s as a valued component of many national educational systems in both developed and developing countries. The foundation of the Open Universities, developments in communications technology and in audio-, video- and computer-based learning, a new sophistication in the design of print-based materials and better support systems for the student learning at a distance had all contributed to the availability and quality of distance education programmes. Originally published in 1988, this book chronicles this great change in distance education. It presents the best writings on the subject published during the previous ten years. The articles selected for this volume provided a new scholarly basis for the theory and practice of distance education. The editors have brought together contributions from many countries and present authoritative introductions to each of the nine sections. This book provided those in both developed and developing countries with a guideline to one of the most rapidly expanding areas of education at the time.

life.love.beauty Nov 20 2021 "This book takes you on a photographic voyage through my life so far." –Keegan Allen Keegan Allen is currently known to fans of the ABC Family hit television series, *Pretty Little Liars*. He has also appeared in numerous independent films and made his New York Stage debut in the acclaimed MCC production of *Small Engine Repair*. Keegan was given his first camera at age nine, and began a lifelong study and pursuit of photography. *life.love.beauty* is a selection of photographs taken since his childhood. It's a photo journey through the life of an intensely creative soul whose expression finds various forms: in acting, in poems and stories, lyrics and music, but above all in photography. This book's content resonates in the commonality we all share on our own journeys while unveiling an inside look into a world that very few experience. Organized into three broad groups—life, love, and beauty—the book ranges over the public and private side of Keegan Allen and his world. A child of Hollywood, whose father was also an actor and his mother a painter, Keegan roams freely through that realm, photographing his fellow actors on set, behind the scenes; and recording the amazed, gleeful, sometimes weeping fans that flock to his television and career related events. Allen also has an eye for the anonymous and the unexpected: the woman gazing dreamily from the balcony of a run-down hotel; the rifle-toting dog walker who seems to have emerged from the 19th century; the performers and denizens of Venice Beach and also the streets of New York, some of them chasing the dream of fame, others having long-since abandoned it; the little boy amid in the crowd in an enormous airport; portraits of lovers kissing on subways, in parks, and on the streets. Traveling from California to New York to Paris and back, as well as through the American west, he finds beauty in both urban and rural places: from large-scale landscapes to glimpses of light transforming what it touches. Keegan's poems, stories, captions and musings, song lyrics, and journal pages complement the photographs on this journey. He provides an account of growing up just off the Sunset Strip, coming into his own as an actor/artist, dealing with public recognition while maintaining a very private life, falling in and out of love, and acknowledging the influence of his family, friends, fans, and loved ones. *life.love.beauty* is an unusually intimate and revealing book: a delight for anyone who values photography, and a gift for the many fans who already follow Keegan's career. Keegan's real passion comes through in both his photographs and candid story telling in this unique photo-journal.

The First World War Jan 03 2023 The First World War created the modern world. A conflict of unprecedented ferocity, it abruptly ended the relative peace and prosperity of the Victorian era, unleashing such demons of the twentieth century as mechanized warfare and mass death. It also helped to usher in the ideas that have shaped our times--modernism in the arts, new approaches to psychology and medicine, radical thoughts about economics and society--and in so doing shattered the faith in rationalism and liberalism that had prevailed in Europe since the Enlightenment. With *The First World War*, John Keegan, one of our most eminent military historians, fulfills a lifelong ambition to write the definitive account of the Great War for our generation. Probing the mystery of how a civilization at the height of its achievement could have propelled itself into such a ruinous conflict, Keegan takes us behind the scenes of the negotiations among Europe's crowned heads (all of them related to one another by blood) and ministers, and their doomed efforts to defuse the crisis. He reveals how, by an astonishing failure of diplomacy and communication, a bilateral dispute grew to engulf an entire continent. But the heart of Keegan's superb narrative is, of course, his analysis of the military conflict. With unequalled authority and insight, he recreates the nightmarish engagements whose names have become legend--Verdun, the Somme and Gallipoli among them--and sheds new light on the strategies and tactics employed, particularly the contributions of geography and technology. No less central to Keegan's account is the human aspect. He acquaints us with the thoughts of the intriguing personalities who oversaw the tragically unnecessary catastrophe--from heads of state like Russia's hapless tsar, Nicholas II, to renowned warmakers such as Haig, Hindenburg and Joffre. But Keegan reserves his most affecting personal sympathy for those whose individual efforts history has not recorded--"the anonymous millions, indistinguishably drab, undifferentially deprived of any scrap of the glories that by tradition made the life of the man-at-arms tolerable." By the end of the war, three great empires--the Austro-Hungarian, the Russian and the Ottoman--had collapsed. But as Keegan shows, the devastation extended over the entirety of Europe, and still profoundly informs the politics and culture of the continent today. His brilliant, panoramic account of this vast and terrible conflict is destined to take its place among the classics of world history. With 24 pages of photographs, 2 endpaper maps, and 15 maps in text

An Indecent Proposition Jan 11 2021 One woman. Two men. Half a million dollars. One night...One night. That's all Erik and Keegan want with Julianne. And they've come up with the perfect plan: Offer Julianne a half-million dollars. Julianne is in debt up to her eyeballs due to her mother's illness. Five-hundred-thousand dollars would pay off her bills and give her a start on a new life. All she needs to do is have sex with a man she's never met. An explosion left Erik with scars, physical and psychological. Work is his only refuge. Until he sees Julianne through a surveillance camera. And he discovers a desire he thought had been burned out of him. Keegan has watched his best friend retreat from the world for too long. If his desire for Julianne brings him back to life, Keegan will bring her to him, whatever it takes. Julianne is young, adventurous and not afraid to take what she wants. And she wants these men. But what happens when the night is over? Well, that's the best part of the story...
