Second in the series that's "a perfect blend of romance and suspense" from the New York Times–bestselling author of *Nerves of Steel* (Sandra Brown). Two months ago Dr. Cassandra Hart was forced to kill a man. The man who murdered her best friend, almost killed Detective Mickey Drake, and seriously wounded her. Now she's back at work in her Pittsburgh ER, but nothing seems the same. When she fears that a young boy is being abused by his "perfect" mother, her friends and colleagues worry that she's returned to work too soon, imagining dangers that don't exist. Others accuse her of trying to cover up her own alleged mistakes in the boy's treatment by making a false report of abuse. Drake's facing problems of his own, trying to cope with the aftermath of the night two months ago when his passion for Cassie led to a confrontation with a killer. He's on desk duty, reviewing cold cases, and delves into the homicide case that killed his father seven years ago. But after so long, what good can he do, a cop without a gun? The stakes escalate when Cassie is almost killed and Drake finds evidence that the killer his father was tracking might be planning to strike again—this time targeting a young boy. With the lives of two children at stake, how can they walk away? Praise for the Hart and Drake series "Tensions sizzle in this hot new medical thriller."
—Lisa Gardner, #1 New York Times–bestselling author "Pulse-pounding suspense and hair-raising chills."
—Susan Wiggs, #1 New York Times–bestselling author *One date with the sexier-than-sin Detective Drake Nash*. Simple. Until you take into account that my brother finally proposed to his girlfriend, so Nonna is on a warpath and the crazy old bat has Cupid by the balls. The upcoming mayoral elections has everyone running on full speed, and while I couldn't give any less craps about the corrupt Holly Woods mayor's office, a dead body in the middle of a campaign speech has me thrown right

into the middle of it. The victim is close to the mayor, but all he cares about is minimizing the damage to his campaign, so he hires me to work alongside Drake to close the case as quickly as possible. Bad news for our tentative relationship. We disagree far more than we agree, but being at loggerheads won't get this murder solved... Or deal with the arrival of someone from his past. The mysteries behind the murder aren't the only things unraveling, and despite being knee-deep in lies and corruption and bonds so tangled they're almost indecipherable, I have to figure out if I'm willing to fight for Drake the way I do justice... Or if he'll be my one who gets away.

(TANGLED BOND is the second book in the Holly Woods Files series. Although there isn't a cliffhanger, this book does not stand alone and TWISTED BOND must be read first.)

The search for a missing girl brings an FBI agent back to the North Carolina mountains—and her own traumatic past—in this suspenseful thriller. It's the one mystery Supervisory Special Agent Caitlyn Tierney never solved: her father's unexplained suicide after arresting his best friend for murder. It's what drove her to become one of the FBI's best agents—and one of the most unorthodox. But now the man she holds responsible for her father's death is asking her to find his missing daughter. Back in Evergreen, North Carolina, Caitlyn finds her hometown changed by new money flooding in with the building of a casino. It's also become a hunting ground for an unknown enemy who will do anything who will kill to keep old secrets buried forever. Born to be mates...destined to be enemies. A Rena Drake novel. Since the Banishment, Rena has become the Drakan Enforcer, cleaning up the messes her dragon brethren make in order to keep their presence in the human world hidden. When a group of rogue Drakan begins killing dragons who refuse to join the army of the Destroyer-the dragon they believe will become their true king-Rena has no choice but to take action. Special Agent Noah Ford appears, seemingly out of nowhere, to offer his assistance and protection. Protection, from a human? Hell, no. But something about

him draws her hypnotically, erotically close. Some secret he refuses to reveal. Every clue Rena uncovers indicates Julian, leader of one of the five clans, is the Destroyer. But when she confronts Julian, the blue mating fire—a phenomenon that hasn't been seen since the Banishment—engulfs them both. Burning with need for two very different men, Rena must choose to kill the one destined to be her mate. Or see her people's dreams of home turned to a pile of ashes.

Warning: This novel contains high-speed car chases, crackling thighs, magic duels, naughty words, and sex on ceilings, tables, high in a tower, in the shower and—you get the drift. A kidnapping threatens the Christmas wedding of an ER doctor and a detective in this romantic suspense thriller by the bestselling author of *Face to Face*. After all that they've been through, no one would deny that Hart and Drake deserve a happily-ever-after life together. But, on the eve of their Christmas wedding, a threat long buried returns to threaten them. Not just their happiness, not only their lives, but everything they hold dear. Separated and desperate to save each other, untangling a knot of mystery dating back to Hart's Gram Rosa's fight against the Nazis, and facing an enemy unlike any they've encountered before, both Hart and Drake must search their hearts to find the strength to survive. An unforgettable finale for an unforgettable couple who prove that two wounded souls have the power to save each other . . . Praise for the Hart and Drake series “A perfect blend of romance and suspense. Guess again.” —Lisa Gardner, New York Times–bestselling author “Pulse-pounding suspense and hair-raising chills . . . a story of danger and intrigue that defies any reader to put it down.” —Susan Wiggs, New York Times–bestselling author “A page-turner of a story. *Nerves of Steel* is taut, gripping and nonstop. Don't miss it!” —Carla Neggers, New York Times–bestselling author First Officer John Drake is Derek Hart's latest hero, yet

perhaps it's the ship that takes center stage in this latest adventure. The Princess Carla is the setting for a tale of love and intrigue, romance and excitement, with some international criminals thrown in for good measure. Indeed Drake is handsome, dashing, and certainly entertaining, but it's Interpol Agent Raylene Capri who creates all the mystery and torrid romance. Danger Cruise takes place during a one-week roundtrip cruise from San Juan, Puerto Rico with several scenic stops in between. While the characters and certain events are fictional, not only is the cruise timeframe based on fact, but also all the details about life aboard the Carla during those days are true, right down to the movies shown, the live shows, and the food served. Derek Hart effectively blends real life on a cruise ship with intrigue and romance, propelling the capable John Drake straight into the arms of the equally gifted Raylene Capri. As an independent fashion designer and manager of Musical Fantasy, a Las Vegas Review dance show, she's not only beautiful but concealing something too. However, complications arise when this man and woman fall in love, so everything becomes far more interesting and dangerous.

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw

conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was compiled from various identification fields in the bibliographic record of this title.
