Everything You Need Feb 14 2022 An aimless driver in the mountains comes upon something that is both more and less than he hoped for. A child discovers why you should always stay in bed if you wake up in the middle of the night. A homeowner unpacks the wrong bag of groceries, and comes to suspect his neighbors might have secrets that he doesn't want to know. A cable shopping channel presenter is confronted with disgruntled customers from a VERY long way out of town... and a man sets himself to rid the world of one of its most famous lies, and winds up destroying himself instead.

The Anomaly Aug 23 2022 INDIANA JONES MEETS THE X-

FILES IN THIS "TAKE NO PRISONERS' (PRESTON & CHILD) SURVIVAL THRILLER OF A ROGUE ARCHAEOLOGIST TRAPPED IN A GRAND CANYON CAVE THAT'S A CONSPIRACY THEORY COME TO LIFE. Not all secrets are meant to be found. If Indiana Jones lived in the X-Files era, he might bear at least a passing resemblance to Nolan Moore -- a rogue archaeologist hosting a documentary series derisively dismissed by the "real" experts, but beloved of conspiracy theorists. Nolan sets out to retrace the steps of an explorer from 1909 who claimed to have discovered a mysterious cavern high up in the ancient rock of the Grand Canyon. And, for once, he may have actually found what he seeks. Then the trip takes a nasty turn, and the cave begins turning against them in mysterious ways. Nolan's story becomes one of survival against seemingly impossible odds. The only way out is to answer a series of intriguing questions: What is this strange cave? How has it remained hidden for so long? And what secret does it conceal that made its last visitors attempt to seal it forever?

Hannah Green and Her Unfeasibly Mundane Existence Jul 22 2022 An unpredictable, poignant, and captivating tale for readers of all ages, by the critically acclaimed author of *Only Forward*.

The Weird Jan 04 2021 From Lovecraft to Borges to Gaiman, a century of intrepid literary experimentation has created a corpus of dark and strange stories that transcend all known genre boundaries. Together these stories form *The Weird*, and its practitioners include some of the greatest names in twentieth and twenty-first century literature. Exotic and esoteric, *The Weird* plunges you into dark domains and brings you face to face with surreal monstrosities. You won't find any elves or wizards here...but you will find the biggest, boldest, and downright most peculiar stories from the last hundred years bound together in the biggest *Weird* collection

ever assembled. The *Weird* features 110 stories by an all-star cast, from literary legends to international bestsellers to Booker Prize winners: including William Gibson, George R. R. Martin, Stephen King, Angela Carter, Kelly Link, Franz Kafka, China Miéville, Clive Barker, Haruki Murakami, M. R. James, Neil Gaiman, Mervyn Peake, and Michael Chabon. The *Weird* is the winner of the 2012 World Fantasy Award for Best Anthology. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Strengthening Forensic Science in the United States Aug 11 2021 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While

this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

[The Global Findex Database 2017](#) Nov 01 2020 In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, *The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution* includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant

materials—are available at www.worldbank.org/globalindex.

Snowstorm in August Jul 10 2021 The riveting new thriller from Marshall Karp, cocreator and coauthor, with James Patterson, of the #1 New York Times bestselling NYPD Red series The most powerful drug lord on the planet, Joaquín Alboroto, has a gift for New York City—four thousand pounds of uncut cocaine burying Central Park and raining death upon hundreds of innocent people enjoying a summer afternoon. The only NYPD unit trained to go up against this level of terrorism has been disbanded, so the task falls to former NYPD captain Danny Corcoran. In this heart-stopping, unflinching, and highly entertaining thriller of life and death, drugs and heroism, Corcoran leads a team of retired top cops, funded by four anonymous billionaires, on a mission to stop Alboroto before it's too late. *Snowstorm in August* also features a sneak peek of the popular NYPD Red series, *NYPD Red 7: The Murder Sorority*.

Carrie Jul 30 2020 Stephen King's legendary debut, the bestselling smash hit that put him on the map as one of America's favorite writers "Gory and horrifying. . . . You can't put it down." —Chicago Tribune Unpopular at school and subjected to her mother's religious fanaticism at home, Carrie White does not have it easy. But while she may be picked on by her classmates, she has a gift she's kept secret since she was a little girl: she can move things with her mind. Doors lock. Candles fall. Her ability has been both a power and a problem. And when she finds herself the recipient of a sudden act of kindness, Carrie feels like she's finally been given a chance to be normal. She hopes that the nightmare of her classmates' vicious taunts is over . . . but an unexpected and cruel prank turns her gift into a weapon of horror so destructive that the town may never recover.

We Are Here Feb 02 2021 An intelligent and page-turning thriller from the international bestselling author of *Killer*

Move. It should've been the greatest day in David's life. A trip to New York, wife by his side, to visit his new publisher. Finally it looks as though the gods of fate are going to lift him from schoolteacher to writer. But on his way back to Penn Station, a chance encounter changes all of that. David bumps into a stranger who covertly follows him, and then, just before they board the train home, passes him by close enough to whisper: "Remember me." The stranger follows them back to where they live, and it isn't long before David realizes that this man wants something from him . . . something very personal, that he may have no choice but to surrender.

Bad Things Jan 16 2022 The new psychological thriller from the bestselling author of *The Straw Men* and *The Intruders* is a heart-stopping tale of secrets, lies and our culpability in our own misfortunes

[Amusing Ourselves to Death](#) Jun 28 2020 What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's *1984*, Neil Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and

important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*

The Gist May 08 2021 "Michael Marshall Smith's original short story was then translated into French by Benoît Domis, before being rendered back into English by Nicholas Royle--who had no access to the original text or author during the process."--Dust jacket, p. [2].

One of Us Sep 23 2022 A mesmerising SF thriller from a master of the genre. Hap Thompson is a REMtemp, working the night hours, having people's anxiety dreams for them. For the first time in his life, Hap's making big money - and that should have been enough...

Only Forward Apr 30 2023 Michael Marshall Smith's surreal, groundbreaking, and award-winning debut which resonates with wild humour interlaced with dark recollections of an emotional minefield. May we introduce you to Stark. Oh, and by the way -- good luck. Stark is the private investigator who goes to work when Something Happens to you. And when a Something happens it's no good chanting 'go away go away go away' and cowering in a corner, because a Something always comes from your darkest past and won't be beaten until you face it. And that's not easy in a city where reality is twisting and broken, a world in which friends can become enemies in a heartbeat -- and where your most secret fear can become a soul-shredding reality. And the worst of it is, for this nightmare you don't even have to be asleep...

Considered a modern classic, and consistently featured in lists of Books To Read Before Your Head Explodes, **ONLY FORWARD** is a novel you'll never forget.

The Lonely Dead Mar 25 2020 Grotesquely arranged corpses are turning up in remote locations across America: is it the work of a bizarre sect or a solitary serial killer?

The Scarlet Gospels Dec 23 2019 An epic good-versus-evil

Only Forward Mar 30 2023 Stark lives in Colour, a neighbourhood whose inhabitants like to be co-ordinated with their surroundings. Then there's Red closeby - if you want to see a tactical nuclear battle recreated as a sales demonstration. Stark has friends in Red, which is just as well because something is about to happen.

Killer Move Dec 27 2022 “[A] subtle and unnerving story of the little things that can tip the balance of one’s life and send it spiraling into chaos.” —Publishers Weekly Stephen King called Michael Marshall’s debut novel *The Straw Men*, “a masterpiece...brilliantly written and scary as hell.” With *Killer Move*, the acclaimed author of *Bad Things* and *The Intruders* demonstrates that he has only gotten better with time. The electrifying story of a man on the fast track to success who finds that his life has been chillingly “modified” by someone, somewhere with a very different master plan for his future, *Killer Move* is a remarkably intelligent, genuinely creepy thriller from Phillip K. Dick Award-winner Marshall.

The Servants Dec 15 2021 A uniquely dark and elegant tale that illuminates the loneliness of childhood, the pain of loss and the power of imagination. It will charm and haunt its readers in equal measure.

What You Make It May 20 2022 The first ever collection of Michael Marshall Smith's award-winning short stories. The first piece of fiction Smith ever wrote -- a short story called *The Man Who Drew Cats* -- won the World Fantasy award. It's included here along with many others, some unpublished, which show the incredible versatility of one of the most exciting writers working in Britain today. The collection is stuffed with surreal, disturbing gems including: 'When God Lived in Kentish Town' Someone comes up to you when you're quietly eating your stir-fried rice in a great Chinese

take away, and tells you: 'I've found God'. You try to ignore them, right? But what if they have, and what if He works in a drab old electrical store on Kentish Town Road and he's not getting many customers? 'Diet Hell' Some people will do anything to fit into their old jeans. 'Save As...' What if you could back up your life? Save it up to a certain point and return to it when things went horribly wrong? 'Everybody Goes' An idyllic childhood day from a long, hot summer. The kind you want to last for ever. All good things must come to an end, mustn't they?

Only Forward (Voyager Classics) Nov 25 2022 Michael Marshall Smith's surreal, groundbreaking, and award-winning debut which resonates with wild humour interlaced with dark recollections of an emotional minefield. Now part of the Voyager Classics collection.

The Genesis Quest Aug 30 2020 From the primordial soup to meteorite impact zones, the Manhattan Project to the latest research, this book is the first full history of the scientists who strive to explain the genesis of life. How did life begin? Why are we here? These are some of the most profound questions we can ask. For almost a century, a small band of eccentric scientists has struggled to answer these questions and explain one of the greatest mysteries of all: how and why life began on Earth. There are many different proposals, and each idea has attracted passionate believers who promote it with an almost religious fervor, as well as detractors who reject it with equal passion. But the quest to unravel life's genesis is not just a story of big ideas. It is also a compelling human story, rich in personalities, conflicts, and surprising twists and turns. Along the way, the journey takes in some of the greatest discoveries in modern biology, from evolution and cells to DNA and life's family tree. It is also a search whose end may finally be in sight. In *The Genesis Quest*, Michael Marshall shows how the quest to understand life's

beginning is also a journey to discover the true nature of life, and by extension our place in the universe.

Roar Jun 08 2021 This “inspiring reminder that it is never too late to reinvent yourself” (Nina García, editor-in-chief, Elle) shows you how to make second half of your life happy and productive—whether or not retirement is in your future plans. We are living in a time when everyone is constantly reassessing what is next for them. In the mid-career group, people who have spent years working are now seeing their industry dramatically evolve and are facing the question: “What does that mean for me in the next twenty years?” At the same time, the post-career population is also going through massive change and dealing with the fact that many of them are not prepared financially, logistically, or emotionally for the next phase of their lives. And while we may want to retire, most of us don’t want to do nothing. With expert insight and approachable techniques, Roar helps you identify fresh goals and take meaningful action to achieve a purposeful life. Featuring a unique and dynamic 4-part process, Roar shows you how to: -Reimagine yourself -Own who you are -Act on what’s next -Reassess your relationships Transformative and invigorating, “you couldn’t pick a better roadmap for your next chapter than Roar. It teach[es] you how to approach the future not with fear or worry, but with passion and purpose” (Michael Sebastian, editor-in-chief,

Esquire).

The Possession Jan 22 2020 "Fans of supernatural thrillers will be more than satisfied" with this novel that's in the James Rollins tradition of of a team investigating American myths and legends (Publishers Weekly). Still recovering from the shocking revelations they uncovered deep in uncharted territory in the Grand Canyon, American myth and legend investigator Nolan Moore and his team take on a new mission, investigating a rumored case of witchcraft and possession. Nolan hopes their new case, in a quaint village in the middle of the woods, will prove much more like those he and his team investigated prior to their trip to Kincaid's cavern. But as the residents' accounts of strange phenomena add up, Nolan and company begin to suspect something all too real and dangerous may be at play. A force that may not be willing to let them escape the village unscathed.

Congressional Record Mar 06 2021 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The Intruders Mar 18 2022 Now a major BBC TV show, starring John Simm. Taut, menacing, sinister, gripping, intelligent, action-packed - everything you could want from a thriller. When ex-LAPD patrol cop Jack Whalen's wife goes missing on a routine business trip to Seattle, his world is shaken. Meanwhile, a ten-year-old girl vanishes from a beach in Oregon after an encounter with a sinister stranger - but it gradually becomes clear that she's very far from defenceless. Searching for answers in the shadowy secrets of a past that still haunts him, Jack discovers that the truth has roots deeper and darker than he ever feared.

Spares Apr 06 2021 They were raised for one chilling purpose.... A loner, an ex-cop, Jack Randall is the dangerous veteran of a savage war. All he's held dear has long been destroyed. For the last five years, he's been hiding out on a Spares Farm, guarding those who've been prisoners from birth. Now he's on the run with seven of the Farm's inmates (well, six and a half), and the people who own them will do anything to get them back. What's worse, Jack is on a head-on collision course with a cold-blooded killer with one purpose: to cancel Jack once and for all. Jack has a tough

decision to make: keep running or even the score. Either way spells trouble...the kind of trouble most people run screaming from. Who are the Spares? And what is their purpose? That is the most shocking revelation of all.

Graph Algorithms Feb 23 2020 Discover how graph algorithms can help you leverage the relationships within your data to develop more intelligent solutions and enhance your machine learning models. You'll learn how graph analytics are uniquely suited to unfold complex structures and reveal difficult-to-find patterns lurking in your data. Whether you are trying to build dynamic network models or forecast real-world behavior, this book illustrates how graph algorithms deliver value—from finding vulnerabilities and bottlenecks to detecting communities and improving machine learning predictions. This practical book walks you through hands-on examples of how to use graph algorithms in Apache Spark and Neo4j—two of the most common choices for graph analytics. Also included: sample code and tips for over 20 practical graph algorithms that cover optimal pathfinding, importance through centrality, and community detection. Learn how graph analytics vary from conventional statistical analysis Understand how classic graph algorithms work, and how they are applied Get guidance on which algorithms to use for different types of questions Explore algorithm examples with working code and sample datasets from Spark and Neo4j See how connected feature extraction can increase machine learning accuracy and precision Walk through creating an ML workflow for link prediction combining Neo4j and Spark

The Servants Oct 25 2022 For young Mark, the world has turned as bleak and gray as the Brighton winter. Separated from his real father and home in London, he's come to live with his mother and her new husband in an old house near the sea. He spends his days alone, trying to master the

skateboard, while other boys his age are in school. He hates the unwanted stepfather who barged into Mark's life to rob him of joy. Worst of all, his once-vibrant mother has grown listless and weary, no longer interested in anything beyond her sitting room. But on a damp and chilly evening, an accident carries Mark into the basement flat of the old woman who lives at the bottom of his stepfather's house. She offers tea, cakes, and sympathy . . . and the key to a secret, bygone world. Mark becomes caught up in the frenetic bustle of the human machinery that once ran a home, and drawn ever deeper into a lost realm of spirits and memory. Here below the suffocating truths, beneath the pain and unhappiness, he finds an escape, and quite possibly a way to change everything. A richly evocative, poignantly beautiful modern-day ghost story, *The Servants* marks the triumphant return of Michael Marshall Smith—the first novel in a decade from the multiple award-winning author of *Spares*.

The Actual Star Sep 11 2021 David Mitchell's *Cloud Atlas* meets Octavia Butler's *Earthseed* series, as acclaimed author Monica Byrne (*The Girl in the Road*) crafts an unforgettable piece of speculative fiction about where humanity came from, where we are now, and where we're going—and how, in every age, the same forces that drive us apart also bind us together. "A stone-cold masterpiece."—*New Scientist* *The Actual Star* takes readers on a journey over two millennia and six continents—telling three powerful tales a thousand years apart, all of them converging in the same cave in the Belizean jungle. Braided together are the stories of a pair of teenage twins who ascend the throne of a Maya kingdom; a young American woman on a trip of self-discovery in Belize; and two dangerous charismatics vying for the leadership of a new religion, racing toward a confrontation that will determine the fate of the few humans left on Earth after massive climate change. In each era, a reincarnated trinity of

souls navigates the entanglements of tradition and progress, sister and stranger, and love and hate—until all of their age-old questions about the nature of existence converge deep underground, where only in complete darkness can they truly see.
