About Accepted, Inc. Accepted, Inc. is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our CLEP book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our CLEP test prep manual is specifically tailored for your exact needs. Our goal here at Accepted, Inc. is to help you: Study Smarter; We've eliminated the filler; and fluff; you see in a lot of mass-market guides, allowing you to have more effective study time. Score Higher; We exclusively work with tutors, teachers, and field experts to write our books. This ensures you get the tips, takeaways, and test secrets that a one-on-one tutoring experience

provides. Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams A fantastic aid for coursework, homework, and test revision, this is the ultimate study guide to biology. From reproduction to respiration and from enzymes to ecosystems, every topic is fully illustrated to support the information, make the facts clear, and bring biology to life. For key ideas, "How it works" and "Look closer" boxes explain the theory with the help of simple graphics. And for revision, a handy "Key facts" box provides a summary you can check back on later. With clear, concise coverage of all the core biology topics, SuperSimple Biology is the perfect accessible guide for students, supporting classwork, and making studying for exams the easiest it's ever been. Students can master key concepts and earn a better grade with the thought-provoking exercises found in this study guide. A wide range of questions and activities helps students test their understanding of biology.

*****Includes Practice Test Questions***** IB Biology (SL and HL) Examination Secrets helps you ace the International Baccalaureate Diploma Programme, without weeks and months of endless studying. Purchase it today to receive access to: IB Biology review materials IB Biology practice test questions Test-taking strategies A biology study guide that outlines the basic facts and principles can help students study in many ways. Often times students get overwhelmed in so much detail that they forget the basics. Study guides can help students learn basic terminology and concepts that will then help them build a higher knowledge. Condensing knowledge into a one page sheet can help reinforce the most important points, and can be used for a quick review reference as well. Our bestselling IB Biology study guide has been updated to meet the needs of students taking the IB Diploma Programme Biology from 2007. It is highly illustrated and concepts are precisely and clearly described. Higher level material is clearly indicated. All option material is covered. Students can use this book not only as a revision and practice guide for the exam but for learning and

reinforcing concepts throughout the course.
New edition available now - ISBN
978-0-19-838994-1 Think all GACE Biology study
guides are the same? Think again! With easy to
understand lessons and practice test questions
designed to maximize your score, you'll be
ready. You don't want to waste time - and
money! - retaking an exam. You want to
accelerate your education, not miss
opportunities for starting your future career!
Every year, thousands of people think that
they are ready for the GACE Biology test but
realize too late when they get their score
back that they were not ready at all. They
weren't incapable, and they certainly did
their best, but they simply weren't studying
the right way. There are a variety of methods
to prepare for the GACE Biology exam...and
they get a variety of results. Trivium Test
Prep's GACE Biology study guide provides the
information, secrets, and confidence needed to
get you the score you need - the first time
around. Losing points on the GACE Biology exam
can cost you precious time, money, and effort
that you shouldn't have to spend. What is in
the book? In our GACE Biology study guide, you
get the most comprehensive review of all
tested concepts. The subjects are easy to
understand, and have fully-explained example
questions to ensure that you master the

material. Best of all, we show you how this information will be applied on the real exam; GACE Biology practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.
