Active Maths Practice & Homework 5 is ideal for homework or extra practice in the classroom. Bond No Nonsense is the home learning series clearly differentiated from the competition, that concentrates on teaching and building real skills in maths and English under the brand promise 'serious about your child's learning'. MATHEMATICS FOR ELEMENTARY SCHOOL TEACHERS, 6E offers future teachers a comprehensive mathematics course designed to foster concept development through examples, investigations, and explorations. In this text, intended for the one- or two-semester course required of Education majors, Bassarear demonstrates that there are many paths to solving a problem, and sometimes problems have more than one solution. The author presents real-world problems—problems that require active learning in a method similar to how archaeologists explore an archaeological find: they carefully uncover the site, slowly revealing more and more of the structure. Visual icons throughout the main text allow instructors to easily connect content to the hands-on activities in the corresponding Explorations Manual. With this exposure, future teachers will be better able to assess student needs using diverse approaches. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Weekly Practice: Language Arts for grade 5 provides daily practice for key concepts such as spelling, root words, affixes, figurative language, parts of speech, main idea, and more.
