Unlock the secrets of who you are-as written in the stars. Astrology offers us a blueprint of our true selves, captured in the sky at the time we were born. Your rising sign is the face you show to others—not a mask, a persona, or a role that you play. Understanding your rising sign will help

explain why you are sometimes misunderstood, and will help you direct the first impression you make on others in order to convey the real you. In Rise and Shine, veteran astrologer and columnist Christopher Renstrom unpacks all 144 Rising Sign/Sun sign combinations. This illuminating and engaging guide will help you navigate every relationship in your life—with a little help from the stars. The former editor of Adirondack Life provides a profound and entertaining account of his odyssey by canoe along the Usumacinta River and its tributaries along the border of Guatemala and Mexico, a little-known region that once spawned the ancient Olmec and Maya civilizations of Mesoamerica. The Tragical History of the Life and Death of Doctor Faustus, commonly referred to simply as Doctor Faustus, is an Elizabethan tragedy by Christopher Marlowe, based on German stories about the title character Faust, that was first performed sometime between 1588 and Marlowe's death in 1593. Two different versions of the play were published in the Jacobean era, several years later. The powerful effect of early productions of the play is indicated by the legends that quickly accrued around them—that actual devils once appeared on the stage during a performance, "to the great amazement of both the actors and spectators", a sight that was said to have driven some spectators mad. A chemistry student falls for

his teacher and uncovers a centuries-old quest for the elixir of life. The morning after the death of his first love, Conrad Aybinder receives a bequest. Sammy Tampari was Conrad's lover. He was his teacher. And, it turns out, he was not just a chemist, but an alchemist, searching for a mythic elixir of life. Sammy's death was sudden, yet he somehow managed to leave twenty years' worth of his notebooks and a storage locker full of expensive, sometimes baffling equipment in the hands of his star student. The notebooks contain cryptic "recipes," but no instructions; they tell his life story, but only hint at what might have caused his death. And Sammy's research is littered with his favorite teaching question: What's missing? As Conrad pieces together the solution, he finds he is not the only one to suspect that Sammy succeeded in his quest. And if he wants to save his father from a mysterious illness, Conrad will have to make some very difficult choices. A globe-trotting, century-spanning adventure story, Jake Wolff's *The History of Living Forever* takes us from Maine to Romania to Easter Island and introduces a cast of unforgettable characters—drug kingpins, Big Pharma flunkies, centenarians, boy geniuses, and even a group of immortalists masquerading as coin collectors. It takes us deep into the mysteries of life—from first love to first heartbreak, from the long pall of grief to the irreconcilable loneliness of

depression to the possibility of medical miracles, from coming of age to coming out. Hilarious, haunting, heart-busting, life-affirming, it asks each of us one of life's essential questions: How far would you go for someone you love? Who Will Usher in Earth's Final Days? Are we living in the end times? Is it possible that the players depicted in the book of Revelation could be out in force today? And if they are, would you know how to recognize them? In *Agents of the Apocalypse*, noted prophecy expert Dr. David Jeremiah does what no prophecy expert has done before. He explores the book of Revelation through the lens of its major players—the exiled, the martyrs, the elders, the victor, the king, the judge, the 144,000, the witnesses, the false prophet, and the beast. One by one, Dr. Jeremiah delves into their individual personalities and motives, and the role that each plays in biblical prophecy. Then he provides readers with the critical clues and information needed to recognize their presence and power in the world today. The stage is set, and the curtain is about to rise on Earth's final act. Will you be ready? Angels and giants and beasties. Oh my? In life, Dean Robinson was a soldier. Upon his untimely death at the hand of a fallen angel with a serious superiority complex and snappy wardrobe, he became something else. Not quite an angel but no longer human, Dean was unwillingly thrust into the prophetic pinnacle of a timeless battle raging in

the shadows of the Earth and the Heavens in which he and his newfound gang of arcane sidekicks might be the only thing standing between mankind and an incursion of otherworldly giants. No pressure? Semi-divine super soldiers, supersized bad guys on high protein diets, a Heavenly grudge match played out on an Earthly stage - Just another day at the office apparently. relationship with her brother, which has been damaged by his years of addiction. But only hours before their reunion, Poe's crowded passenger plane plunges into the Colorado mountains. transports you to a beautiful luxury resort on the sparkling Southern California coast where strong-willed heroes release the shame that blocks their heart's desires. That means Connor Harcourt, the irresistibly handsome scion of the wealthy family that owns Sapphire Cove, is strictly off limits, despite his sassy swagger and beautiful blue eyes. Logan's life is all about sacrifices; Connor is privilege personified. But temptation is a beast that demands to be fed, and a furtive kiss ignites instant passion, forcing Logan to slam the brakes. Hard. Haunted by their frustrated attraction, the two men find themselves hurled back together when a headline-making scandal threatens to ruin the resort they both love. An original short story from iconic thriller collection Match Up, edited by Lee Child, featuring a never-before-seen pairing between bestsellers Lara Adrian and Christopher Rice. In this extraordinary tale of paranormal suspense, Rice's Desire Exchange character Lillianne will encounter vampires for the first time

when Adrian's character Lucan Thorne takes her under his wing. For more exciting short story pairings, don't miss all eleven short stories in Match Up! When her latest mission goes wrong in horrifying ways, Charlotte Rowe isolates herself in a small California town, only to be targeted by domestic terrorists with ties to her corrupt employers. ROWING IN EDEN Sam is not the only tormented soul in the tiny upstate village of Old Wickham. There's also Peter Quinn, a brilliant, troubled fourteen-year-old with quick fists, no past, and a truckload of attitude. Although a judge found him innocent, Peter knows better. Some things, he figures, "it don't matter why you did 'em, only that you did 'em." On its surface, Old Wickham, New York, is a Norman Rockwell montage of red-cheeked youngsters skating on ponds, dogs frolicking in the snow, and villagers huddled around wood-burning stoves. Yet someone in this idyllic community has been setting fires. Suspicions divide the village along the usual fault lines. Scapegoats are sought, outsiders shunned. The back room of the country store gives rise to a Greek chorus of collective rage. In this crucible of distrust, unlooked for alliances are forged, old alliances are tested, and no one emerges unchanged. Alice Hoffman hails Barbara Rogan as a "masterful story teller." The New York Times praises her as a passionate writer whose prose is "as vivid as lightning bolts." Now, with

Rowing in Eden, a morally complex story about friendship, love, marriage, and family -- in other words, all the things that matter most -- Barbara Rogan not only fulfills but generously exceeds the expectations of fans and reviewers alike. The classic political satire about an imaginary ideal world by one of the Renaissance's most fascinating figures. Named after a word that translates literally to "nowhere," Utopia is an island dreamed up by Thomas More, a devout Catholic, English statesman, and Renaissance humanist who would be canonized as a saint centuries after he was executed for choosing God over king. More's novel introduces us to Utopia's society and its customs. It is a place of no private property and no lawyers; of six-hour workdays and simple ways; and, intriguingly, of a combination of values that blend the traditional with the highly controversial, from euthanasia to married priests to slavery. Remarkably thought-provoking, it is a novel that asks us to question what makes a perfect world—and whether such a thing is even possible. One of the glories of Elizabethan drama: Marlowe's powerful retelling of the story of the learned German doctor who sells his soul to the devil in exchange for knowledge and power. Footnotes. The gilded adventures of Ramses the Damned, iconic creation of the legendary bestselling author, continue in this breathtakingly suspenseful tale of a titanic supernatural power unleashed on the eve of war. A pharaoh made immortal by a mysterious and powerful elixir, Ramses the Great became counselor and lover to some of Egypt's greatest and most powerful rulers before he was awakened from centuries of slumber to the mystifying and dazzling world of Edwardian England. Having vanquished foes both human and supernatural, he's found love with the beautiful heiress Julie Stratford, daughter of Lawrence Stratford, the slain archeologist who discovered his tomb. Now, with the outbreak of a world war looming, Ramses and those immortals brought forth from the mists of history by his resurrection will face their greatest test yet. Russian assassins bearing weapons of immense power have assembled under one command: all those who loved Lawrence Stratford must die. From the glowing jewels at their necks comes an incredible supernatural force: the power to bring statues to life. As Ramses and his allies, including the immortal queens Cleopatra and Bektaten, gather together to battle these threats, Ramses reveals that the great weapon may have roots in an

ancient Egyptian ritual designed to render pharaohs humble before Osiris, the god of the underworld. The resulting journey will take them across storm-tossed seas and into the forests of northern Russia, where they will confront a terrifying collision of tortured political ambitions and religious fervor held in thrall to a Godlike power. But the true answers they seek will lie beyond the border between life and death, within realms that defy the imagination of even an immortal such as Ramses the Great. In *Ramses the Damned: The Reign of Osiris*, Anne Rice, revered and beloved storyteller ("queen of gothic lit, the maestro of the monstrous and the diva of the devious" --The Philadelphia Inquirer), in collaboration with her son, acclaimed bestselling novelist Christopher Rice ("a magician; a master" --Peter Straub), bring us another thrilling, seductive tale of high adventure, romance, history, and suspense. It is winter at Nideck Point and for Reuben Golding, now infused with the Wolf Gift, this promises to be a season like no other. Oak fires burn in the stately flickering hearths, and the community organizes its annual celebration of

music and pageantry. Reuben is preparing to honor an ancient Midwinter festival with his fellow Morphenkinder—a secret gathering that takes place deep within the verdant recesses of the surrounding forests. However, Reuben is soon distracted by a ghost. Tormented, imploring, and unable to speak, it haunts the halls of the great mansion, drawing him toward a strange netherworld of new spirits, or “ageless ones.” And as the swirl of Nideck’s preparations reaches a fever pitch, they reveal their own dark magical powers. #1 New York Times best-seller with more than 11 million copies sold and Amazon’s #17 best-selling book of all time. Heaven Is for Real was the best-selling non-fiction book of 2011 as reported by Nielsen’s Bookscan, and was developed as a major motion picture by Sony in 2014. “Do you remember the hospital, Colton?” Sonja said. “Yes, mommy, I remember,” he said. “That’s where the angels sang to me.” When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren’t expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy’s trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the

hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how “really, really big” God is, and how much God loves us. Retold by his father, but using Colton’s uniquely simple words, *Heaven Is for Real* offers a glimpse of the world that awaits us, where as Colton says, “Nobody is old and nobody wears glasses.” *Heaven Is for Real* will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in *Heaven Changes Everything: The Rest of Our Story*. *Heaven Is for Real* also is available in Spanish, *El cielo es real*. A secret weapon of a mysterious consortium, Charlotte Rowe, who baits evil predators and stops them in their tracks, goes after a long-haul truck driver whose cargo bay is a gallery of horrors on wheels. A “canny, funny, impressively detailed debut novel” (*The New York Times*) that blurs the lines between life and art with the story of a film director’s unthinkable experiment in the Amazon

jungle. When a nameless, struggling actor in 1970s New York gets the call that an enigmatic director wants him for an art film set in the Amazon, he doesn't hesitate: he flies to South America, no questions asked. He quickly realizes he's made a mistake. He's replacing another actor who quit after seeing the script—a script the director now claims doesn't exist. The movie is over budget. The production team seems headed for a breakdown. The air is so wet that the celluloid film disintegrates. But what the actor doesn't realize is that the greatest threat might be the town itself, and the mysterious shadow economy that powers this remote jungle outpost. Entrepreneurial Americans, international drug traffickers, and M-19 guerillas are all fighting for South America's future—and the groups aren't as distinct as you might think. The actor thought this would be a role that would change his life. Now he's worried if he'll survive it. This “gripping, ambitious...vivid, scary novel” (Publishers Weekly) is a thrilling journey behind the scenes of a shocking film and a thoughtful commentary on violence and its repercussions.
