*More Questions and Answers With Rick Renner Study Guide* Sep 22 2022  
More Questions & Answers With Rick Renner Most of us have questions about God, the Bible, and life that we wonder about and keep on the "back burner" of our hearts and minds. Rick Renner has taught a Q & A series in the past, but in this brand-new five-part series, he tackles more questions that have been sent to him by people around the world. In his typical direct style backed by solid teaching from the Bible, Rick answers such questions as: Are we in pre-Tribulation times right now, or are we actually in the Tribulation? What is the "falling away" in Second Thessalonians 2:3? Does the Bible make any references to UFOs? What is the Judgment Seat of Christ? Is there any such thing as a generational curse? Can people be translated by the Spirit from one location to another? And more! In this series, Rick answers six questions about the end times; seven questions about faith and Bible doctrine; six questions relating to supernatural manifestations; four questions about prayer; and five questions about miscellaneous topics, such as hell and whether believers should consume alcohol. This series is chock-full of intelligent answers based on God's Word. Maybe you'll find the answer to one of your questions!

Calculus Equations And Answers (Speedy Study Guides) Dec 25 2022

Calculus involves solving complex calculations with the knowledge of various tables of formulas. Anyone learning calculus can benefit from having geometry, trigonometry, integral, and derivative tables and charts to refer to. Teachers often post and use calculus charts when teaching various levels of students in their high school or college level courses. Teacher's assistants also use equation charts with study groups and in individual tutoring sessions. Even someone who has taken advanced levels of Calculus can always benefit from using an equations chart for refreshment purposes.
