abstract: The success of any organization or institution has never been achieved inadvertently. It is realized by putting in place necessary mechanisms among which supervision plays a fundamental role in all the processes. This study was specifically conducted to assess the supervisory practices opted for by supervisors of SHSs in Adansi Education Directorates in the Ashanti Region of Ghana. The study employed mixed method concurrent triangulation design involving both qualitative and quantitative data collection and analysis. Thus questionnaire and interview were the instruments used while Headmasters, teachers, students and External/Circuit supervisors formed the population. The study attested to the fact that effective instructional supervision, both the external and particularly, the internal types are sine qua-non to the achievement of effective and efficient teaching and learning in secondary schools; which in turn translate into higher students' academic achievement. The findings revealed that during supervision, headmasters in particular and external supervisors assessed teachers' scheme of work, lesson plans, instructional times, punctuality, attendance and methods of teachings in the classrooms. They ensured that teachers had the necessary materials for teaching and organized

in-service training for teachers to promote effective teaching in their respective schools. It was found that supervisory practices adopted by headmasters and external supervisors depended on performance of students in their terminal and external final exams. The study also discovered that supervisory practices opted for by headmasters in particular, and external supervisors improved teaching and learning process, students' performance in internal terminal and external final exams. It was also revealed that there were inherent challenges posed by teachers, students and government that confront supervision which needs to be urgently addressed through collaborative effort of all stakeholders for the achievement of quality education. The study has recommended that contemporary supervisory models emphasising motivation and autonomy of teachers should be embraced for optimum teacher-output to optimize students' achievement.

*Business Management Practice Test Workbook
for Senior Secondary School Certifca Jan 26*

2023 This book, *Questions & Answers for Senior Secondary School Certificate Examination PasTrack Series*, contains over 500 business management questions administered by the WAEC. It is structured to follow past standard questions used to test the Senior Secondary School students. Some of the questions are actual past examination questions whilst others are standard mock questions that can be examined at this basic level of business management education. The questions cover all key topics of business management outlined in the WASSCE syllabus. The book is written with students in mind to reinforce the key concepts of business management. A word of caution! Students are not expected to study only the *Questions & Answers* and expect to get excellent results. It is hoped that students will use this Q&A book alongside with Volumes I, II and III of the *Business Management for SSSCE PasTrack Series* for excellent results.

Transactions of the Historical Society of Ghana Jan 22 2020

Contemporary Rural Geographies Aug 29 2020
This book provides a cohesive set of research statements on critical related issues in British rural geography, as well as echoing the priorities identified by an influential figure in British rural geography, Richard Munton. This book demonstrates that the rural

world needs to be seen in a far wider perspective than that of agriculture/ food production, in order to comprehend how resources are being appraised and exploited in new ways, and to respond to the pressing challenges of sustainability for the decades ahead. Chapters adopt a time perspective to explore a series of key themes: the rise of productivist farming ways of conceptualising agricultural change the evolution of landownership and property rights rural and urban agendas for nature conservation the gap between policy and action for sustainable development. The final set of chapters is devoted to policy-related issues associated with agricultural change and the profound challenge of rural diversification for the future. The last chapter traces the prominent career of Richard Munton.

My Years in the Early Peace Corps Oct 11 2021
In this book Sonja Krause Goodwin recounts her experience joining the Peace Corps in 1964 and describes the training she underwent to teach in Nigeria at Columbia Teachers College in New York City. Goodwin tells readers about her service as a University teacher in physics while also serving as head of the Physics Department at Lagos University in Nigeria. She also describes her vacation travels during that time, mostly in Nigeria— including an

attempt to climb Mt. Cameroon. She writes about her interactions with her students, her fellow University teachers and other University employees, her fellow Peace Corps volunteers and other expatriates, and Nigerians whom she met under during her travels. Goodwin also delves into the politically motivated "university crisis" that led to the exodus from the university and Nigeria of almost all the expatriate teaching staff of the university including the Peace Corps volunteers. She also discusses some of her work for the West African Examinations Council and the Aptitude Testing Unit in Lagos while waiting to be sent to another assignment for her second year in the Peace Corps.

Tested Faith Dec 21 2019 Tested Faith describes the many obstacles and jubilation experienced by Rita in her journey from Nigeria to United States. In a gripping display of humor and grace, Rita takes us into her childhood in Nigeria, her journey to God's own country and trials and triumphs. Rita's faith has been under fire too many times to count and has built in her a strong resilience that can only come from God. She also examines the similarities as well as cultural clashes that have influenced her life in many different ways. Each one of us has something to contribute to life. Regardless of how much we have been beaten down, we can still help others. It is very fulfilling for me to realize that the tragedies in my life have empowered me to make a difference in my life and other people's lives. We all have a purpose in this life. One's purpose is unique to that individual alone. Our blessings are equally unique and are ours to grab. I cannot grab your blessings no matter how hard I try; neither can you grab mine. If I live this life without knowing what my purpose is, my purpose

will vanquish at the end of my life and cannot be inherited by another person. My purpose is not for my good alone; rather, it is for humanity and to the glory of God. God never takes us anywhere that his grace does not abound for our guidance and protection. This we learn from biblical principles typified in the Bible's many narratives. Yet in difficult times, we sometimes—perhaps often—ask ourselves: “Will God ever lead us to a place where he cannot protect us? Is anything difficult for God? Should we expect a life without temptation?” These questions undergird my story even if not always explicitly stated in the narrative that has given me great insight and joyous recollection.

Sustainable Development and Social Responsibility—Volume 2 Nov 12 2021 This book gathers high-quality research papers presented at the 2nd AUE international research conference, AUEIRC 2018, which was organized by the American University in the Emirates, Dubai, and held on November 13th–15th, 2018. The book is broadly divided into two main sections: *Sustainability and Smart Business*, and *Sustainability and Creative Industries*. The broad range of topics covered under these sections includes: risk assessment in agriculture, corporate social responsibility and the role of intermediaries, the impact of

privatizing health insurance, political events and their effect on foreign currency exchange, the effect of sustainable HR practices on financial performance, sustainability integration in the supply chain and logistics, gender inequality in the MENA economies, the panel data model, the model of sustainable marketing in the era of Industry 4.0, micro-enterprises as a tool for combating unemployment, the impact of financial education and control on financial behavior, measuring financial and asset performance in agricultural firms, a comprehensive strategic approach to sustainability in the UAE, sustainability and project finance, HR analytics, FaD or fashion for organizational sustainability, a conceptual framework of sustainable competitive advantages, psychology of organizational sustainability, Blockchain technology and sustainability, veganism and sustainability, institution building from an emotional intelligence perspective, sustainable concrete production using CWP, occupants' behavior and energy usage in Emirati houses, the effect of shop lighting on consumer behavior, multimedia applications in digital transformation art, integrating biomimicry principles in sustainable architecture, experimental sustainable practices in fashion education, technology-

assisted student-centered learning for civil engineering, and a 10-step design process for architectural design studios. All contributions present high-quality original research work, findings and lessons learned in practical development.

Public Awareness of Malpractice during the Examinations by WAEC in Nigeria Jun 07 2021 Academic Paper from the year 2017 in the subject Sociology - Individual, Groups, Society, , language: English, abstract: This paper examined the impact of awareness creation and administration of various sanctions on examination malpractice, using the West African Examinations Council as a case study. The effects of the awareness level and the sanctions were also critically x-rayed with a view to applauding the results if encouraging or suggesting an improved strategy for an effective control and noticeable reduction in the rate of examination malpractice in public examinations like the West African Senior Secondary Certificate Examinations (WASSCE) conducted by WAEC. The rate of candidates' involvement in malpractice during the public examinations conducted across West African subregion is of great concern to many stakeholders. In spite of stringent measures taken to curb malpractice, the rate of involvement seems to be increasing

geometrically. It is in reaction to this worrisome trend that this study was conducted to probe into the root-cause of continuous indulgence in malpractice during the examinations conducted by the West African Examinations Council (WAEC) in Nigeria. This is with a view to measuring the public awareness level as regards the implications of involvement in examination malpractice and appealing to their moral instinct to eschew this menace, using the proposed theory of awareness-creation and sanction-strategy (SACS). The study employed purposive sampling technique in selecting 10 (ten) states where various stakeholders in education were sampled for the administration of a questionnaire designed to gauge their knowledge of implications of involvement in examination malpractice of different forms. One thousand copies (1,000) of the instrument were administered in the States of Abia, Katsina, Kebbi, Benue, Kwara, Cross-River, Bayelsa, Nasarawa Niger and Edo among the Senior Secondary three Students, their teachers and parents of the same students. These states were purposively selected for their high level of malpractice recorded in the examination conducted by WAEC in recent times. Out of the administered copies of the instrument, nine hundred and forty-two (942) were retrieved for

analysis.

History Objective Tests with Solved Questions on WASSCE & Nov., - Dec. Exam for Senior High Schools Oct 23 2022

A Petty Trader Driven by Purpose: a Biography of Mofopefoluwa Joseph, Frm May 06 2021 A Petty Trader Driven by Purpose: A biography of Mofopefoluwa Joseph, FRM, narrates an inspiring life of a focused and spirit-filled business man that built his petty trading from nothing to what now becomes a formidable business entity. The book encapsulates Mofopefoluwa's humble beginning as a man that surrenders his life to the commandment and direction of God, even before he became a Christian. The biography narrates how Mofopefoluwa listens to the voice of God concerning his education, marriage, conversion, total change of name, and line of business he engaged in. The narration in the book, that of Mofopefoluwa's six decades on earth, should inspire not only the younger generations but also the older ones because it gives a vivid account of how God himself used Mofopefoluwa's life to add values to the lives of numerous human beings through his philanthropic service to humanity. The book will surely encourage prospective business-minded individuals who are desirous of building a career from trading to forge ahead

with divine focus while they have little or no working capital because Mofopefoluwa's petty trading that metamorphoses to a multimillion business spanning selling of weighing scales and virtual stamps to real estate commenced without a working capital. Hence, there are many prospective millionaire petty traders out there that Mofepefoluwa's purpose-driven life will inspire to fulfill their destinies.

WAEC in Review Feb 27 2023 WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unceasingly diminishing. LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable stride towards the proper preparation of Liberian students for future diets of the WAEC exam. As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System, I wish to recommend the use of this study guide to adequately prepare each and every Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations

(WASSCE). I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam.—David S. Massaquoi, Sr., director of Education, The Salvation Army-Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors. They know nothing about the exam and its structure and this fear lead to them failing massively. We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam. Thanks to LIPACE and the “Turning the Tide” project, we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam.—Lartey Bemah, principal of Bopolu Public School (2012–2013), Gbarpolu County, Liberia

School Science Practical Work in Africa Apr 05 2021 School Science Practical Work in

Africa presents the scope of research and practice of science practical work in African schools. It brings together prominent science educators and researchers from Africa to share their experience and findings on pedagogical innovations and research-informed practices on school science practical work. The book highlights trends and patterns in the enactment and role of practical work across African countries. Practical work is regarded as intrinsic to science teaching and learning and the form of practical work that is strongly advocated is inquiry-based learning, which signals a definite paradigm shift from the traditional teacher-dominated to a learner-centered approach. The book provides empirical research on approaches to practical work, contextual factors in the enactment of practical work, and professional development in teaching practical work. This book will be of great interest to academics, researchers and post-graduate students in the fields of science education and educational policy.

The Practical School of the Holy Spirit - Part 5 of 8 Sep 22 2022 The Practical School of the Holy Spirit - Part 5 of 8, Activate 12 Ministry Gifts in You, Get Equipped to Counsel Self, Others and Expect Mind-boggling Insights in the Secret Place What is my motivation for writing this book and why would you want to

read it? As we engage the marketplace as ambassadors of Christ - 2 Corinthians 5:21, never before has there been a need to be led by the Spirit of God than it is now. As we race towards the end, activities in the realm of the spirit continue to be heightened because the destiny of the human race hangs in the balance. Our ministry of reconciliation cannot be done on human wisdom, intellect, tactics or strategy devoid of the power and the working of the Holy Spirit. As Christians, we should realize that we are spirit with a mind using our bodies as containers to execute. As Christians, our spirit has joined with the Spirit of God at conversion. To be motivated in body, we have to first be motivated in our spirit. The Spirit then communicates to our spirit and this to our minds and our minds instructs our body to take action based on the instruction sent to us by God's Spirit in us. But for lack of understanding and knowledge of the working and ways of the Holy Spirit, some of us have either ignored or grieved the Holy Spirit. As a result, our sensitivity to Him has died or He has chosen not to lead us any longer. This series on the school of the Holy Spirit will help heighten our sensitivity and working with our best friend who is ready and willing to help us be all that God has called us to be

and to do. At the end of this series, some of us will begin to dream dreams with more clarity and poise, we will be activated in the realm of visions again, we will begin to pick up promptings, voices, flows from the Holy Spirit and interpret them accurately what the Holy Spirit is saying to us the churches so that we can be effective in the mission field of life. We developed these 41 series and further broke these up into 6 easy to read chapters of 8 books of which this one is our fifth in the series. We hope you like it and we pray it will make you an effective kingdom disciple-maker, operating powerfully in the Spirit realm in Jesus name, Amen

D. Nwoga's Edited: West African Verse in Revision Hints, Summaries, Commentaries, Sample Questions and Answers (for 1985-87 WAEC/GCE Exams) Jul 20 2022

Palm of the Rainforest Dec 13 2021 I know who I am Kelvin seemed desperate to win his father's approval. However, Mr Eze not only seemed unwilling to bestow it, but hell bent in making life unbearable for his acclaimed son. Kelvin thought it would be best to find his true family rather than endure the torture of being the unwanted child. He realised that his quest for recognition was unlikely to

succeed, so he set his eyes on freedom. In the meantime, Kelvin expected that a good academic performance would change his luck and put him right with Mr Eze or at least boost his confidence in his abilities. With all his attention on his studies, competing for the best grades against the leading brains in his class, especially Christian, an indomitable rival, he would not let school romance get in the way fo his goal. But slowly and steadily, Chioma, gained his trust and won him over. He would have to make a decision between holding on to his moral principle or satisfying his human desire for friendship. New Home, New Identity Marginalised and decimated, the Biafran people were forced to go to war and secede from Nigeria. But decades after losing the war and embracing the Nigerian identity, they are still not treated as equal citizens in their home country. As a new wave of terrorism sweeps the northern parts of the country, the Biafran people, predominantly Igbo are again decimated as they have been for decades in every crises and this led to renewed discussions about their independence. For Biafra, the fight for equality was over and their Sovereignty was not negotiable. For Kelvin, it wasn't very different, and so his quest for truth and independence must begin. His compulsory holiday in Igbo land would

expose him to the truth that might have indirectly caused him to abandon his academic pursuit. Perhaps, it was just an excuse to free himself from the clutch of Mr Eze and begin his quest for the truth about his identity.

Countdown to Senior Secondary Certificate Examination, Government May 18 2022

The Roles of Technology and Globalization in Educational Transformation Feb 03 2021 The emergence of the internet and developments in educational software have changed the way teachers teach and the way students learn. There has been a substantial increase in the quantity, quality, and diversity of educational material available over the internet or through the use of satellite video and audio linkups. These technologies have allowed new learning methods and techniques to reach a greater geographic region and have contributed to the global transformation of education. The Roles of Technology and Globalization in Educational Transformation is an essential academic book that provides comprehensive research on issues concerning the roles of technology and globalization in educational transformation and the challenges of teaching and learning in various cultural settings and how they were resolved. It will

support educational organizations that wish to find, create, or adapt technology for use in their institution. Featuring a broad range of topics such as public administration, educational technology, and higher education, this book is essential for teachers, deans, principals, school administrators, IT specialists, curriculum developers, instructional designers, higher education staff, academicians, policymakers, researchers, and students.

No Grammar Tears 1 Aug 21 2022 First of all other, I find No Grammar Tears very informative. What amazes me is the kind of dedication and patience Marthus-Adden spent in writing this book. This is because this kind of genre actually needs full attention. Truly, whatever he has written is precise and correct. I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly, which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a

guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check in every subject he has discussed in this book. He catered everything, especially in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion, admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English; and those people that English is their second language. I will therefore commend the author for this book.
