this fairy tale with a sexy twist,
she's a penniless San Francisco
seamstress. He's the king of

Italian couture. Who's got designs on whom? Boutique owner Kimber DiSanto has seen better days. She's been dumped at the altar by Prince Charmless, her business went up in flames (literally), and now she's stuck in Florence, Italy, with an ice-queen stepmother, to try to save her late father's failing dress shop. Only one thing could make it worse: another man in her life. The arrogant Italian fashion tycoon offering to buy her father's shop is as rich as he is sexy, and their attraction is off the charts. But Kimber's not about to get burned again. Women don't say no to Matteo Moretti--and certainly not with Kimber's stinging precision. With all the

heat and fury sparking between them, Matteo can't resist baiting the gorgeous American. His plan? Win her over one scorching kiss at a time. Kimber tells herself it's all just a game. That her broken heart isn't in danger, and that Matteo's touch does not make her Lady Land dance with joy. But sometimes it takes the fieriest of enemies to turn a fantasy into a real-life romance. **Slow Burn** Nov 01 2020 My new neighbor ticks all the right boxes. Tall - check. Muscular - check. Protocol: The Burns Series
Feb 28 2023 The invaders are one enemy. Political correctness is the other. We were defenceless. The invaders

could take the planet without a shot being fired. Not that the government would try to defend us. Not on your life. They were in a centuries-long state of denial. They were so blinded by political correctness, they called the invaders "visitors" and named the destructive beams "cultural displays." For a Navy guy like me, it was heartbreaking. I was ready to fight. But the military had been reduced to nothing but a stage for social experiments. Half the personnel couldn't fire a weapon. Only a few of could actually hit anything. Not that they wanted to. But then the "visitors" did something strange. Parked up there

beside the moon, they ignored all requests for "cultural exchange." Instead, they demanded a meeting with just four people. One of the people was me, Lieutenant Alex Burns. Until then, I'd languished on shore leave, without prospects. All of a sudden, I was on my way to the moon and the "friend ship" itself. But I was also headed for trouble so bad, I can't describe it, not without ditching the government protocol. So, you better let me explain in my own words.

Nothing Left to Burn Mar 25
2020 *Nothing Left to Burn* is a
remarkable memoir that looks
into the life of a family that has
spent years harboring secrets,
both dark and volatile. It
eloquently tells the story of a
son's relationship with his
father, the fire chief and a local
hero, and his grandfather, a
serial arsonist. When Jay
Varner, fresh out of college,
returns home to work for the
local newspaper, he knows that
he will have to deal with the
memories of a childhood
haunted by a grandfather who
was both menacing and

comical and by a father who
died too young and who never
managed to be the father Jay so
desperately needed him to be.
In digging into the past, he
uncovers layers of secrets, lies,
and half-truths. It is only when
he finally has the truth in hand
that he comes to an
understanding of the forces
that drove his father, and of the
fires that for all his efforts his
father could never extinguish.

Girl On Fire: How to Choose Yourself, Burn the Rule Book, and Blaze Your Own Trail in Life and Business

Aug 30 2020 From the bestselling author of *Girl Code*, Cara Alwill Leyba delivers *Girl on Fire* -the long-awaited follow up fans have been waiting for. The self-publishing queen started this conversation four years ago with *Girl Code*, her ode to women and their power, a book so successful that it has

been translated in seven languages and continues to make a major impact on the world. Girl On Fire builds on this concept and shows you how to blaze your own trail immediately. You don't need permission from anyone to live fearlessly and start living your dream. As an early voice in the female-driven movement, Cara continues to be a leader in the space, liberating women to trust their intuition and create their own opportunities. She empowers her readers to stop waiting for their big break and, instead, to publish their own books, start their own podcasts, host their own panels and design their own clothing lines; whatever their desires

are. From the author: Who would you be if you stopped following *their* rules? What would you create if you create if you had nothing holding you back? Now that women entrepreneurs are banding together in sisterhood and realizing the importance of collaboration over competition, it's time to take things to the next level. It's time to rise up, together, and challenge the status quo. It's time to question the way things have been done in the past, to write our own rules, and do life and business OUR way. The world needs us, as women, to utilize our voices now more than ever. We must step into our power and we must let nothing hold us back.

Business is changing rapidly, and there has never been a better time to choose yourself. Gone are the days of waiting to be chosen by an agent, a record label, a company, or a publisher. Successful entrepreneurs don't wait for their "big break" -they create it. They don't wait to be featured in a magazine, or picked up by a publisher, or given a chance to speak on a stage. They promote themselves on platforms they create, they self-publish their own books, they launch their own podcasts, they create their own events and build their own stages. Now is the time to show up for ourselves. We all have the ability to design a life and

career beyond our wildest imaginations without permission, selection, or validation. *Girl on Fire* will show you how to do it. This book is for every woman who has had a vision that others might not understand. It's for every woman who is sick and tired of playing by the rules. It's for every woman who has known she was meant for more and has waited far too long for someone to give her the permission she thought she needed.

Burn Dec 22 2019 One of the foremost researchers in human metabolism reveals surprising new science behind food and exercise. We burn 2,000 calories a day. And if we exercise and cut carbs, we'll lose more weight. Right? Wrong. In this paradigm-shifting book, Herman Pontzer reveals for the first time how human metabolism really works so that we can finally manage our weight and improve our health. Pontzer's groundbreaking studies with hunter-gatherer tribes show how exercise doesn't increase our metabolism. Instead, we burn calories within a very narrow range: nearly 3,000

calories per day, no matter our activity level. This was a brilliant evolutionary strategy to survive in times of famine. Now it seems to doom us to obesity. The good news is we can lose weight, but we need to cut calories. Refuting such weight-loss hype as paleo, keto, anti-gluten, anti-grain, and even vegan, Pontzer discusses how all diets succeed or fail: For shedding pounds, a calorie is a calorie. At the same time, we must exercise to keep our body systems and signals functioning optimally, even if it won't make us thinner. Hunter-gatherers like the Hadza move about five hours a day and remain remarkably healthy into old age. But elite athletes can

push the body too far, burning calories faster than their bodies can take them in. It may be that the most spectacular athletic feats are the result not just of great training, but of an astonishingly efficient digestive system. Revealing, irreverent, and always entertaining, Pontzer has written a book that will change how you eat, move, and live.

Burn Jan 15 2022 In a world where it's every man for himself, all they can do is hold on to each other... An MMM survival romance. The last book in an exciting trilogy! With soldiers next door, the situation has become dire for Austin, Mack, and Tan. Every time they find a solution for one

challenge, another arises, ranging from family members who show up unexpectedly to reunions with people they'd never hoped to see again. But they may have bigger problems when the earthquakes continue and concern increases about the earth crust's stability. The only way to prevent an even worse disaster is to stop the aliens from drilling for more oil, but how? They cling to each other as the future looks more and more bleak. Is there any hope left for a happy ever after for them? *Burn* is the last book in the suspenseful *Ignite* trilogy, a slow burn MMM romance set in an alternative world. This series will end with a deeply satisfying HEA.

Burn for You Jun 08 2021 Jackson "The Beast" Boudreaux is rich, gorgeous, and unbelievably rude to the staff at Chef Bianca Hardwick's New Orleans restaurant. Bianca would sooner douse herself in hot sauce than cook for Jackson again, but when he asks her to cater his fundraiser, Bianca can't refuse, knowing the cash will help pay her mother's medical bills. Then Jackson makes another outrageous request: Marry me. The unconventional offer includes an enormous sum--money Bianca desperately needs, even if it does come with a contract--and a stunning ring.
