Sketches of opera composers, opera synopses, and CD reviews. A comprehensive study guide offering in-depth explanation, essay, and test prep for selected works by Bertolt Brecht, the creator of epic theatre. Titles in this study guide include *The Caucasian Chalk Circle*, *The Good Woman Of Setzuan*, *Galileo*, *Mother Courage*, *The Measures Taken*, *St. Joan Of The Stockyards*, *The Threepenny Opera*, *A Man's A Man*, *In The Swamp*, and *Baal*. As a playwright, theatre director, and poet of the nineteenth and twentieth-centuries, Brecht forever changed dramas by creating epic theatre, a theatrical movement that interrupted the storyline in order to allow the audience to critically engage with the performance. Moreover, his modernist approach to theatre pushed drama as a medium of art. This Bright Notes Study Guide explores the context and history of Bertolt Brecht's classic work, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As

The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research. Anyone with an academic, professional, amateur, or recreational interest in the theatre is likely to want to look up details of particular plays sometimes - perhaps to check on the author, or on when they were first performed, or perhaps to see how many characters they have, and whether or not they would be suitable for their theatre company or drama group to perform. The Oxford Dictionary of Plays provides essential information on the 1000 best-known, best-loved, and most important plays in world theatre. Each entry includes details of title, author, date of composition, date of first performance, genre, setting, and the composition of the cast, and more. A synopsis of the plot and a brief commentary, perhaps on the context of the play, or the reasons for its enduring popularity, follow. Around 80 of the most significant

plays - from *The Oresteia* to *Waiting for Godot* - are dealt with in more detail. Genres covered include: burlesque, comedy, farce, historical drama, kabuki, masque, melodrama, morality play, mystery play, No, romantic comedy, tragicomedy, satire, and tragedy. An index of characters enables the reader to locate favourite characters, and trace the trajectory of major historical and legendary characters - such as Iphigenia - through world drama, including in plays that do not have entries in the Dictionary. An index of playwrights, with dates, allows the reader to find all the plays included by a particular author. The *Rough Guide to Classical Music* is the ideal handbook, spanning a thousand years of music from Gregorian chant via Bach and Beethoven to contemporaries such as Thomas Adès and Kaija Saariaho. Both a CD buyer's guide and a who's who, the guide includes concise biographical profiles of more than 200 composers and informative summaries of the major compositions in all genres, from chamber works to operatic epics. For novices and experts alike, the fully updated fifth edition features contemporary composer Helmut Lachenmann and Widor, the 19th century organ composer of 'Toccata' wedding fame, as well as dozens more works added for existing composers. You'll find a new 'Top 10's' section with accessible introductory listings including the Top 10 operas and the Top 10 symphonies plus new essay boxes on topics such as "Baroque - a style or a period?" and "The clarinet comes of age". The *Rough Guide to Classical Music* features fresh and incisive reviews of hundreds of CDs, selecting the very best of the latest recordings and reissues as well as more than 150 illustrations of composers and performers, including a rare archive of photos. Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child. Thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written while Brecht was in exile in the United States during the Second World War, *The Caucasian Chalk Circle* is a politically charged, much-revived and complex example of Brecht's epic theatre. This new

Student Edition contains introductory commentary and notes by Kristopher Imbrigotta from the University of Puget Sound, US, offering a much-needed contemporary perspective on the play. In 2007, award-winning editor Tara L. Masih put out a call for Intercultural Essays dealing with the subjects of "culture, race, and a sense of place." The prizewinners are gathered for the first time in a ground-breaking anthology that explores many facets of culture not previously found under one cover. The powerful, honest, thoughtful voices—Native American, African American, Asian, European, Jewish, White—speak daringly on topics not often discussed in the open, on subjects such as racism, war, self-identity, gender, societal

expectations. Their words will entertain, illuminate, take you to distant lands, and spark important discussions about our humanity, our culture, and our place within society and the natural world. A compulsively readable psychological thriller set in New York and at Oxford University in which a group of six students play an elaborate game of dares and consequences with tragic result. It was only ever meant to be a game played by six best friends in their first year at Oxford University; a game of consequences, silly forfeits, and childish dares. But then the game changed: The stakes grew higher and the dares more personal and more humiliating, finally evolving into a vicious struggle with unpredictable and tragic results. Now, fourteen years later, the remaining players must meet again for the final round. Who knows better than your best friends what would break you? A gripping psychological thriller partly inspired by the author's own time at Oxford University, *Black Chalk* is perfect for fans of the high tension and expert pacing of *The Secret History* and *The Bellwether Revivals*. Christopher J. Yates' background in puzzle writing and setting can clearly be seen in the plotting of this clever, tricky book that will keep you guessing to the very end. "Wildly imaginative."—The New York Times "Adamsberg is a terrific creation and his team of misfits a joy to watch in action."—Peter Robinson, New York Times bestselling author of the Inspector Banks series

When blue chalk circles begin to appear on the pavement in neighborhoods around Paris, Commissaire Adamsberg is alone in thinking that they are far from amusing. As he studies each new circle and the increasingly bizarre objects they contain - empty beer cans, four trombones, a pigeon's foot, a doll's head - he senses the cruelty that lies within whoever is responsible. And when a circle is discovered with decidedly less banal contents - a woman with her throat slashed - Adamsberg knows that this is just the beginning.

Stephen Unwin's *A Guide to the Plays of Bertolt Brecht* is an indispensable, comprehensive and highly readable companion to the dramatic work of this challenging and rewarding writer. Besides providing detailed accounts of nineteen key plays, it explores their context and Brecht's dramatic theory to equip readers with a rich understanding of how Brecht's work was shaped by his times and by his evolving thinking about the function of theatre. Bertolt Brecht's work as a director, his critical and theoretical writing, and above all the remarkable plays that emerged from one of the most turbulent periods in history have had a profound and lasting influence on theatre. Central to theatre studies courses and whose plays are frequently revived on stage, Brecht is nevertheless perceived as a difficult writer. This companion is divided into two sections: the first seven chapters outline the tumultuous historical, cultural and theatrical context of Brecht's work. They explore his theatrical theory and provide an account of his approach to staging his plays which informs an understanding of how they work in practice. The second section provides an analysis of nineteen plays in six chronological groupings, each prefaced by a brief sketch of Brecht's life and theatrical development in that period. For each play, Stephen Unwin offers a synopsis, a critical commentary and an account of the work in performance. The book concludes with an examination of Brecht's legacy and a chronicle of his life and times. Written by experienced theatre director Stephen Unwin, this is the perfect companion to Brecht's plays and life for student and theatre practitioner alike. Now available in Bloomsbury Revelations series, Brecht on

Performance: Messingkauf and Modelbooks presents a selection of Brecht's principal writings about the craft of acting and realising texts for the stage. It crystallises and makes concrete many of the more theoretical aspects of his other writing and illuminates the practice of this hugely influential director and dramatist. The volume is in two parts. The first features an entirely new commentated edition of Brecht's dialogues and essays about the practice of theatre, known as the Messingkauf, or Buying Brass, including the 'Practice Pieces' for actors (rehearsal scenes for classics by Shakespeare and Schiller). The second contains rehearsal and production records from Brecht's work on productions of Life of Galileo, Antigone, Mother Courage and others. Edited by an international team of Brecht scholars and including an essay by director and teacher Di Trevis examining the practical application of these texts for theatres and actors today, Brecht on Performance is a wonderfully rich resource. The text is illustrated with over 30 photographs from the Modelbooks.

Written in exile during the Second World War, the story of Brecht's classic play subverts an ancient Chinese tale - echoed in the Judgement of Solomon - in which two women claim the same child. The message of Brecht's parable is that resources should go to those who will make best use of them. Thanks to the rascally judge, Azdak, one of Brecht's most vivid creations, this story has a happy outcome: the child is entrusted to the peasant Grusha, who has loved and nurtured it. Published in Methuen Drama's Modern Classics series, this edition features an extensive introduction, Brecht's own notes on the play and a full appendix of textual variants. It is the standard critical edition of the work in an acclaimed translation by James and Tania Stern with W. H. Auden.

Augusto Boal saw theatre as a mirror to the world, one that we can reach into to change our reality. This book, *The Theatre of the Oppressed*, is the foundation to 'Forum Theatre', a popular radical form practised across the world. Boal's techniques allowed the people to reclaim theatre, providing forums through which they could imagine and enact social and political change. Rejecting the Aristotelian ethic, which he believed allowed the State to remain unchallenged, he broke down the wall between actors and audience, the two sides coming together, the audience becoming the 'spect-actors'.

Written in 1973, while in exile from the Brazilian government after the military coup-d'etat, this is a work of subversion and liberation, which shows that only the oppressed are able to free themselves.

In the English-speaking cultures many of the most important texts are translations, from Homer to Beckett, the Bible to Freud. Although recent years have seen a boom in translation studies, there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the *Oxford Guide to Literature in English Translation* meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Korean, from Swahili to Russian. For some works (e.g. Virgil's *Aeneid*) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text (e.g. poetry, oral literature). The second, much longer, part consists of entries grouped by language of origin; some are devoted to individual texts (e.g. the *Thousand and One Nights*) or writers (e.g. Ibsen, Proust), but the majority offer a critical overview of a genre (e.g. Chinese poetry, Spanish Golden Age drama) or of a national literature (e.g. Hungarian, Scottish Gaelic). There is a

selective bibliography for each entry and an index of authors and translators. To vanquish the threat of a rampaging Chalk Dragon, Sir Henry Penwhistle, Knight of La Muncha Elementary School, is going to have to do more than just catch his art--he's going to have to let his imagination run wild. And that takes bravery. A morality masterpiece, *The Caucasian Chalk Circle* demonstrates Brecht's pioneering theatrical techniques. This version by Frank McGuinness was first presented by the National Theatre in 1997 and revived in 2007, opening at the Gulbenkian Theatre, Canterbury, on 8 January."--Pub. desc. REA's MAXnotes Guide to Literary Terms REA's book is a concise, easy-to-use guide to the literary terms and devices which high school and undergraduate students encounter most often. Each entry in the book includes a definition of the literary term or device, a history of the term's use and origin, and specific references to texts in which the term has been used. A bold, brain-based teaching approach to culturally responsive instruction To close the achievement gap, diverse classrooms need a proven framework for optimizing student engagement. The book includes: Information on how one's culture programs the brain to process data and affects learning relationships Ten "key moves" to build students' learner operating systems and prepare them to become independent learners Prompts for action and valuable self-reflection I love to read. Chances are, you've thought or said one of these exact phrases before because reading is important and in many ways unavoidable. Learn how to better read, what to read, when to

read, and why you should read with this helpful guide from accomplished reader Tony Reinke. Offered here is a theology for reading and practical suggestions for reading widely, reading well, and for making it all worthwhile. The Lehrstücke (or 'learning-plays') lie at the heart of Brechtian theatre. Written during 1929 and 1930, years of far-reaching political and economic upheaval in Germany and the period of Brecht's most sharply Communist works, these short plays show an abrupt rejection of most of the trappings of conventional theatre. The Lehrstücke are spare and highly formalized pieces intended for performance by amateurs, on the principle that the moral and political lessons contained in them can best be taught by participation in an actual production. There is nothing in the drama of the twentieth century to match the precision of their language and the economy of their theatrical technique. The debut picture book from the creator of the viral sensation *Kid President* is a moving take on how we can create bigger and bigger circles of community and connections as we grow—now a *New York Times* bestseller! In the circles all around us, everywhere that we all go, there's a difference we can make and a love we can all show. This is the story of a circle. Brad Montague originally created *Circles* as an Instagram video adorably narrated by his kids, and now this picture book adaptation is the perfect way to start a conversation about how to expand our worlds with kindness and inclusivity—even if it seems scary or uncomfortable. This book makes an ideal new-baby, first-day-of-school, or graduation gift, or any milestone that celebrates someone's world getting bigger. 2020 Banff Mountain Book Competition Finalist in Guidebooks *Crack climbing* is a highly technical form of movement in which climbers position their hands, feet, and even their entire body in cracks to make upward progress on rock.
