Service /

repair manuals were originally written by the automotive manufacturer to be used by their dealership mechanics. The following 1969 Cadillac models are covered: Calais, Commercial Chassis, DeVille, Eldorado, Fleetwood. This factory written Detroit Iron shop manual is perfect for the restorer or anyone working on one of these vehicles. The Death Star is a spherical space station, the size of a small moon, highly armoured and armed to destroy anything from enemy spaceships to whole planets. Using cutaway drawings, exploded diagrams and photographs, backed by detailed technical specifications and descriptions of the onboard systems, this owner's manual reveals the technology contained within and lays bare the awesome power (and weaknesses) of the Empire's ultimate weapon. This book covers the vast majority of Powerstroke Diesel engines on the road, and gives you the full story on their design. Each part of the engine is described and discussed in detail, with full-color photos of every critical component. A full and complete step-by-step engine rebuild is also included.
