When George Bristol first saw the mountains surrounding East Glacier, Montana, in the early summer of 1961, he was, in his own words, awed to his depths. Thus began a love affair with nature and public parks that has endured for more than fifty years. This same love affair would lead Bristol to become a crusader for America's national parks and, later, to be largely credited for the rescue of the ailing public park system in his home state. In *On Politics and Parks*, Bristol tells his own story in lively prose that includes many intriguing peeks at behind-the-scenes events in Washington, Austin, and elsewhere. Beginning with his upbringing by a widowed young mother with a passion for music and literature, he narrates the converging of influences that led him to an influential political career, including active involvement in national campaigns for Lyndon B. Johnson, Hubert Humphrey, Lloyd Bentsen, and Jimmy Carter. After working for the Democratic National Committee and Bill Clinton's 1992 presidential campaign, Bristol was asked to join President Clinton's administration. However, what he really wanted was a place on the board of the National Park Foundation (NPF). With decades-old images of Glacier still burning brightly in his memory, he helped spearhead efforts to elevate the image of the National Park Service and helped establish a highly successful fundraising strategy for the NPF, giving both organizations greater national awareness and stature. Having acquired a well-earned

reputation for fundraising and effective advocacy, Bristol soon began to do for his home state what he had done for the NPF: solidify support and funding for the Texas park system. Over ten years and five legislative sessions, Bristol, through the Texas Coalition for Conservation, the nonprofit organization he founded, fought for the full claim of Texas state parks to the sporting goods tax. Utilizing his many contacts, his well-honed political sense, and his dogged patience, he forged an alliance that would win the day for everyone who loves the state's public lands. In 2007, in the last bill passed on the last day of the session, the Texas legislature nearly doubled the operating budget for parks. *On Politics and Parks* is at once a lesson in conservation history and a captivating personal memoir that will inform, entertain, and inspire all those who share Bristol's love for the unspoiled beauty of the outdoors and his commitment to preserve that beauty for future generations. A harrowing account of the Armenian Genocide documented through the stories of those who managed to survive and descendants who refuse to forget The grandchild of Armenians who escaped widespread massacres during the Ottoman Empire a century ago, Varujan Vosganian grew up in Romania hearing firsthand accounts of those who had witnessed horrific killings, burned villages, and massive deportations. In this moving chronicle of the Armenian people's almost unimaginable tragedy, the author transforms true events into a work of fiction firmly grounded in survivor testimonies and historical documentation. Across Syrian desert refugee camps, Russian tundra, and Romanian villages, the book chronicles individual lives destroyed by ideological and authoritarian oppression. But this novel tells an even wider human story. Evocative of all the great sufferings that afflicted the twentieth century--world wars, concentration camps, common graves, statelessness, and others--this book belongs to all peoples whose voices have been lost. Hailed for its documentary value and sensitive authenticity, Vosganian's work has become an international phenomenon. Best-selling author and award-winning journalist

George Jared takes his readers on another spell-binding journey with his third true crime book, *Whispers in the Willows*. *Whispers* is an anthology style, true crime book that chronicles three unsolved murders, a series of Death Row executions, and tells the harrowing stories of two Holocaust survivors. A 22-year-old college student, Rebekah Gould, vanished from a friend's house Sept. 20, 2004, near the town of Melbourne, Arkansas. Her partially clothed, bludgeoned body was found near a rural road not far from the house a week later. Her case has never been solved. It's been profiled on *The Dr. Oz* show, and was featured on the *Hell and Gone* podcast, one of the top performers in 2018. Jared has written about her case since the day she vanished. There's a glaring amount of evidence in the case that points in several directions, and he has dedicated another chapter about her in his newest work. Amanda Tusing, a 20-year-old aspiring veterinarian, left her fiancée's home on a rain soaked night. A few hours later she would be dead, and her case has baffled law officers for almost 20 years. Karen Johnson Swift was a mother of four that vanished just before Halloween, 2011, in Dyersburg Tennessee. Her body was found in a cemetery a couple of months later. Her killer remains free. Four men who committed unspeakable acts of violence and torture were set to die on Death Row in April, 2017. Jared was there for the planned executions and gives a detailed look into one of the darkest places on Earth. The book also includes two Holocaust survivors and their tales of survival. The murders they witnessed cannot be imagined. Jared has also written two other true crime books, *Witches in West Memphis ...* and another false confession and *The Creek Sides Bones ...* Reality is more horrifying than fiction. Those books included chapters about the internationally famous West Memphis Three case. Jared wrote more news stories about the WM3 case than any other journalist in the world and includes Death Row interviews with Damien Echols. Those books also detail a series of the heinous capital murders he's covered through the years. The best-selling author's stories have been featured on the Discovery Channel, in the *New York Times*, the *Hell and Gone* podcast, the *USA Today*, and in many other media outlets

Award-winning author Susie Finkbeiner offers fans a novel that invites us to rediscover the power of story to open the doors of our hearts. Some people talk about nature, others listen to it. Listening can reveal wonders like how to befriend an elephant, how to talk to a tiger and how to live in the jungle. Many such amazing experiences crowd this volume containing the unpublished writings from the early and last years of the well-known naturalist, the late E.R.C. Davidar, besides his acclaimed book *Cheetal Walk*. a lawyer by profession and a shikari-turned-photographer, he established maybe the first ever private elephant corridor in India, near his jungle-cottage, and undertook the first census of the Nilgiri tahr along the entire range. Charmingly told, funny and brimming

with insights, the book, enriched with photographs from the family album, not only enlightens us about wildlife and conservation in the Nilgiris but becomes a memoir of a jungle lover and his family. Jae would rather see the world burn. Though revenge clouds her vision, she agrees to help if the realm's slaves are freed. Then Elan's father arrives. The ruler's cruelty knows no limits. He is determined that the class system will not change—and that Jae will remain a slave forever. "Ferocious and intelligent." —Kirkus Reviews "Allen's lush debut mixes current, pressing questions with fantasy while exploring systematic injustice and historical oppression...readers will clamor for the sequel." —Publishers Weekly For fans of Gillian Flynn, Caroline Cooney, and R.L. Stine comes *Whispers from the Dead* from four-time Edgar Allan Poe Young Adult Mystery Award winner Joan Lowery Nixon. Only Sarah senses the horror. The minute she steps through the doorway of her family's new home, Sarah feels a smothering cold mist, and hears the echo of a scream and a heartbreaking whisper in Spanish, "Help me!" Sarah feels compelled to find out who is trying to reach her. But can she uncover the mysteries of the past before terror strikes again? "A master at creating compelling suspense novels, Nixon has written yet another carefully plotted, subtly terrifying thriller." —Publishers Weekly This beautifully written book, now in its second edition, tells the haunting saga of a quintessentially American family. In the late 1790s, Shoe Boots, a famed Cherokee warrior and successful farmer,

acquired an African slave named Doll. Over the next thirty years, Shoe Boots and Doll lived together as master and slave and also as lifelong partners who, with their children and grandchildren, experienced key events in American history—including slavery, the Creek War, the founding of the Cherokee Nation and subsequent removal of Native Americans along the Trail of Tears, and the Civil War. This is the gripping story of their lives, in slavery and in freedom. Meticulously crafted from historical and literary sources, *Ties That Bind* vividly portrays the members of the Shoebots family. Doll emerges as an especially poignant character, whose life is mostly known through the records of things done to her—her purchase, her marriage, the loss of her children—but also through her moving petition to the federal government for the pension owed to her as Shoe Boots's widow. A sensitive rendition of the hard realities of black slavery within Native American nations, the book provides the fullest picture we have of the myriad complexities, ironies, and tensions among African Americans, Native Americans, and whites in the first half of the nineteenth century. Updated with a new preface and an appendix of key primary sources, this remains an essential book for students of Native American history, African American history, and the history of race and ethnicity in the United States. The result is a penetrating, surprising and provocative insight into China today. Introduces

The Supernatural Index is the first index to all known anthologies of supernatural, fantasy, and weird fiction. It covers over 2,100 such books, indexing each volume by contents, author, and title. Books range from 1813 to date and therefore provide a complete history of the horror fiction field. Birth and death dates, along with pseudonyms, are provided for more than 7,700 authors; and for all the roughly 21,300 stories, every attempt has been made to provide original publication details. Supernatural fiction continues to be of interest to modern readers, though many of the most frequently anthologized ghost stories were written during the Victorian era. Because so much supernatural fiction has been published as short stories, anthologies have long been a useful means of bringing supernatural literature to the readers. This reference is the first index to all known anthologies of supernatural, fantasy, and weird fiction. Included are entries for more than 2,100 anthologies from 1813 to the present. Many of these anthologies have never been listed previously in bibliographies, and the volume even includes citations for rare Victorian works. Entries provide original publication sources for reprinted stories, including many from obscure magazines not previously indexed. The book also provides birth and death dates and pseudonyms for more than 7,700 authors of supernatural fiction. Citations may be accessed by editor, author, book title, or story title. Also included is a listing of the contents of each anthology. A pair of severed feet, stored in a portable cooler, is found in the house of a Federal judge in El Paso. This book explores the relationship between collecting Chinese ceramics, interior design and display in Britain

through the eyes of collectors, designers and tastemakers during the years leading to, during and following the Second World War. The Ionides Collection of European style Chinese export porcelain forms the nucleus of this study - defined by its design hybridity - offering insights into the agency of Chinese porcelain in diverse contexts, from seventeenth-century Batavia to twentieth-century Britain, raising questions about notions of Chineseness, Britishness, and identity politics across time and space. Through the biographies of the collectors, this book highlights the role of collecting Chinese art objects, particularly porcelain, in the construction of individual and group identities. Social networks linking the Ionides to agents and dealers, auctioneers, and museum specialists bring into focus the dynamics of collecting during this period, the taste of the Ionides and their self-fashioning as collectors. The book will be of interest to scholars working in the fields of art history, history of collections, interior design, Chinese studies, and material culture studies.
