In this new cooking poem, Jorge Argueta brings us a fun and easy recipe for a yummy salsa. A young boy and his sister gather the ingredients and grind them up in a molcajete, just like their ancestors used to do, singing and dancing all the while. The children imagine that their ingredients are different parts of an orchestra — the tomatoes are bongos and kettledrums, the onion, a maraca, the cloves of garlic, trumpets and the cilantro, the conductor. They chop and then grind these ingredients in the molcajete, along with red chili peppers for the “hotness” that is so delicious, finally adding a squeeze of lime and a sprinkle of salt. When they are finished, their mother warms tortillas and their father lays out plates, as the whole family, including the cat and dog, dance salsa in mouth-watering anticipation. Winner of the International Latino Book Award for Guacamole, Jorge Argueta has once again written a recipe-poem that families will delight in. Each book in the cooking poem series features a talented illustrator from the Latino world. In *Salsa* the text is complemented by the rich, earthy illustrations of Duncan Tonatiuh, winner of the Pura Belpré Award. His interest in honoring the art of the past in contemporary contexts is evident in these wonderful illustrations, which evoke the pre-Columbian Mixtec codex. "No one writes about love like Gayle Forman. Lose yourself in her passionate mash note to rock music, indie bookstores and best of all, the miracles that can happen when you take chances on other people." — E. LOCKHART, #1 New York Times bestselling author of *We Were Liars* and *Again Again* A poignant and uplifting novel about the power of community, from the #1 New York Times bestselling author of *If I Stay*. Aaron Stein used to think books were miracles. But not anymore. Even though he spends his days working in his family's secondhand bookstore, the only book Aaron can bear to read is one about the demise of the dinosaurs. It's a predicament he understands all too well, now that his brother and mom are gone and his friends have deserted him, leaving Aaron and his shambolic father alone in a moldering bookstore in a crusty mountain town where no one seems to read anymore. So when Aaron sees the opportunity to sell the store, he jumps at it, thinking this is the only way out. But he doesn't account for Chad, a "best life" bro with a wheelchair and way too much optimism, or the town's out-of-work lumberjacks taking on the failing shop as their pet project. And he certainly doesn't anticipate meeting Hannah, a beautiful, brave musician who might possibly be the kind of inevitable he's been waiting for. All of them will help Aaron to come to terms with what he's lost, what he's found, who he is, and who he wants to be, and show him that destruction doesn't inevitably lead to extinction; sometimes it leads to the creation of something entirely new. When a journalist sets out on a round-the-globe adventure, she hopes to meet those that live outside mainstream society, only to find that even on the fringes, the unstoppable forces of globalization encroach on daily life. 30,000 first printing. Elliot McHugh isn't one of those people. But picking a major is the last thing on Elliot's mind when she's too busy experiencing all that college has to offer—from dancing all night at off-campus parties to testing her RA Rose's patience to making new friends to having the best sex one can have on a twin-size dorm-room bed. Or when her roommate's boyfriend turns out to be the biggest a-hole. Elliot may make epic mistakes, but if she's honest with herself (and with you, dear reader), she may just find the person she wants to be. And maybe even fall in love in the process . . . A stunning new novel from New York Times bestselling author Elizabeth Wein, a prequel to the award-winning *Code Name Verity*. Before *Verity* . . . there was Julie. When fifteen-year-old Julia Beaufort-Stuart wakes up in the hospital, she knows the lazy summer break she'd imagined won't be exactly like she anticipated. And once she returns to her grandfather's estate, a bit banged up but alive, she begins to realize that her injury might not have been an accident. One of her family's employees is missing, and he disappeared on the very same day she landed in the hospital. Desperate to figure out what happened, she befriends Euan McEwen, the Scots Traveller boy who found her when she was injured, and his standoffish sister Ellen. As Julie grows closer to this family, she experiences some of the prejudices they've grown used to firsthand, a stark contrast to her own upbringing, and finds herself exploring thrilling new experiences that have nothing to do with a missing-person investigation. Her memory of that day returns to her in pieces, and when a body is discovered, her new friends are caught in the crosshairs of long-held biases about Travellers. Julie must get to the bottom of the mystery in order to keep them from being framed for the crime. In this prequel to *Printz Honor Book Code Name Verity*, the exhilarating coming-of-age story returns to a beloved character just before she learned to fly. Her autopilot existence is disrupted when she finds out that Chase Yu, the new kid in school, is also Taiwanese. Their grandparents, former potato farmers Gottfried and Marla Hemmings, managed to trade digging spuds for developing subdivisions and now they sit atop a million-dollar bank account—wealth they've refused to pass on to their adult children or their five teenage grandchildren. "Because we want them to thrive," Marla always says. But for the Hemmings cousins, "thriving" feels a lot like slowly dying of a poison they started taking the moment they were born. As the rot beneath the surface of the Hemmings' white suburban respectability destroys the family from within, the cousins find their ways back to one another, just in time to uncover the terrible cost of maintaining the family name. With her inimitable surrealism, award winner A.S. King exposes how a toxic culture of polite white supremacy tears a family apart and how one determined generation can dig its way out. \*\*\*BONUS artwork now included at the end of the book!\*\*\* Book ONE in the stand-alone EMBRACE YOURSELF series. A poignantly humorous, whimsical new adult fairytale romance with a twist inspired by true events. *Embrace your awkward. Be unique. Change your fairytale ...* "If you are looking for a happy book about beautiful people, this is the wrong story. If you are looking for a narrative without emotion, without regrets, and without mistakes, this is definitely the wrong story. This is by no means an uncomplicated tale about uncomplicated people. It is by no means sweet or light. This story is ugly. This story is complicated. This story is emotional. This story is tragic. In short, this story is about being awkward." *Peregrine Storke* is an artist with an odd sketchbook full of pictures she's drawn since she was a child. It is a book full of strange sketches and awkward characters, for there is no better way to hide from bullying and life than to create a world of your own. With a stroke of her pencil, she has given life to a spectacled princess, a freckle-nosed king, a candy loving troll, a two-horned unicorn, and a graceless fairy. At nineteen, *Peregrine* leaves her home, her sketchbook, and awkwardness behind. But what happens when something goes wrong in the world of *Awkward*? Trapped inside of her complex realm with the bully she thought to leave behind, *Peregrine* discovers there is nothing worse than falling for your own villain. "Unflinchingly irreverent, laugh-out-loud funny, and heartbreakingly honest." —Elizabeth Acevedo, National Book Award winner and New York Times bestselling author of *The Poet X* In the vein of powerful reads like *The Hate U Give* and *The Poet X*, comes poet Morgan Parker's pitch-perfect novel about a black teenage girl searching for her identity when the world around her views her depression as a lack of faith and blackness as something to be politely ignored. Trapped in sunny, stifling, small-town suburbia, seventeen-year-old Morgan knows why she's in therapy. She can't count the number of times she's been the only non-white person at the sleepover, been teased for her "weird" outfits, and been told she's not "really" black. Also, she's spent most of her summer crying in bed. So there's that, too. Lately, it feels like the whole world is listening to the same terrible track on repeat--and it's telling them how to feel, who to vote for, what to believe. Morgan wonders, when can she turn this song off and begin living for herself? Loosely

based on her own teenage life and diaries, this incredible debut by award-winning poet Morgan Parker will make readers stand up and cheer for a girl brave enough to live life on her own terms--and for themselves. "Morgan Parker put THIS song on--and I hope it never turns off." —Nic Stone, New York Times bestselling author of Dear Martin and Odd One Out "A triumphant first impression in the YA space." —Entertainment Weekly "An incredibly heartfelt, deep story about a girl's coming of age." —Refinery29 In an attempt to understand why her best friend committed suicide, eighteen-year-old Cody Reynolds retraces her dead friend's footsteps and makes some startling discoveries. In an attempt to understand why her best friend committed suicide, eighteen-year-old Cody Reynolds retraces her dead friend's footsteps and makes some startling discoveries. Jonah wishes he could get the girl, but he's an outcast and she's the most perfect girl he knows. And their futures seemed destined to fork apart: Jonah's physical condition is debilitating, and epileptic seizures fill his life with frustration. Whereas Stormi is seemingly carefree, and navigates life by sensing things before they happen. And her most recent premonition is urging her to leave town. When Stormi begs Jonah for help, he finds himself swept into a dark mystery his small town has been keeping for years. And the answers Stormi needs about her own past could possibly destroy everything Jonah has ever known—including his growing relationship with Stormi herself. Advance praise: "Friesen's story unfolds with so much intrigue, swells with so much heart, I had to keep reading. And the writing? Beautiful!" —Jay Asher, author of the #1 New York Times bestselling novel Thirteen Reasons Why "As someone with Tourette Syndrome, I grew up with a condition that others did not understand. It affected the way I was viewed and the way I viewed myself. I applaud Jonathan Friesen for telling a story about overcoming such a challenge in *Unfolding*. Hopefully, this will inspire others growing up with such conditions as well as help everyone else better understand what is involved." —Tim Howard, former US national team goaltender and current goalkeeper for the Colorado Rapids A fresh, compelling, and eerie exploration of small-town living, stolen children, and wolves that watch in the woods. The night little Madison disappears from her crib, Luce sees a pair of eyes--two points of gold deep in the forest behind her house--and feels certain they belong to a wolf. Her town, Picnic, Illinois, is the kind of place where everyone knows one another and no one locks their doors. It's not the kind of place where a toddler goes missing without a trace, where wolves lurk in the shadows. In town, people are quick to blame Madison's mom. But when Luce's English teacher shares an original script about the disappearance of another little girl in Picnic back in 1870, Luce begins to notice similarities that she can't ignore. Certain that something deeper is going on, Luce tracks the wolf she saw into the woods and uncovers the truth about her town: magical animal-women, who have remained hidden in shadows for centuries, have taken her cousin for their own purposes--and they have no intention of bringing her back. A chilling mystery that weaves elements of magical realism, drama, and folklore into a story of one teen's bravery as she confronts her town's past and tries to save the future. From the New York Times bestselling author of *If I Stay* Allyson Healey's life is exactly like her suitcase—packed, planned, ordered. Then on the last day of her three-week post-graduation European tour, she meets Willem. A free-spirited, roving actor, Willem is everything she's not, and when he invites her to abandon her plans and come to Paris with him, Allyson says yes. This uncharacteristic decision leads to a day of risk and romance, liberation and intimacy: 24 hours that will transform Allyson's life. A book about love, heartbreak, travel, identity, and the "accidents" of fate, *Just One Day* shows us how sometimes in order to get found, you first have to get lost. . . and how often the people we are seeking are much closer than we know. The first in a sweepingly romantic duet of novels. Willem's story—*Just One Year*—is coming soon!
