Geography Sep 27 2020 "Geography, a tapestry of journal entries, choreographic scores, drawings, and photographs, leads us through the creation of an evening-long dance, "Geography," a collaboration about being American, African, brown, black, blue black, male, and artist. This dance piece was a major departure for Ralph Lemon. In it everything is at stake - his identity, his politics, his art, his very way of moving. In order to create it, he traveled to Africa in search of dancers and a new relationship to the stage." "The intimate,

keenly observed passages in this artist's journal give us extraordinary insights on the process of dance-making - from the discovery of specific movements to the sometimes uneasy relationships between the dancers. At every juncture the collaboration posed difficult questions about representing African dance and culture within the context of modern America's post-slave heritage. The book beautifully documents Lemon's ability to negotiate different dance traditions without either erasing or cementing them."--BOOK JACKET. Artist's Journal. Mar 14 2022 I never thought

this would be a book. So most of the stuff in here is just my doodles, as each done in reverie. I received powerful support via 3 years sharing some freely from artists, and those who know art. My wish was to draw, paint intentionally without learning how. That triggers our unconscious, as if the world inside you awakes and asks to come out. That will flood you with images that will talk back to you, heal your wounds. I tried to select all I done into 3 books. Artist's Journal is this one. Another one is called "I am... and so it's weird", and the last one "Who knows what". My next project is covered, so it is a surprise to the reader. Hope you enjoy and most importantly find it helpful to your creativity. "There is some kind of artist in every one". Carl Jung.
