This book comprises structured questions and answers that closely simulate the structured oral examination (SOE) format of The Royal College of Anaesthetists' final FRCA examination. The style of exam questions has changed over the years and this book matches the most recent changes in this updated exam. It consists of ten sets (chapters) of complete SOE papers. Each SOE set (chapter) includes one long case, three short cases and four different applied basic science topics (anatomy, physiology, pharmacology and clinical measurement). As this book is presented in the format of complete examination papers, it will enable candidates to assess their knowledge and skills. It will also

assist trainers in setting up mock exams. With thorough revision of this book, trainees can confidently sit their exams. The authors have been organising final FRCA viva courses for the past five years, running four exam preparation courses a year, attended by about 200 trainees each year. This book includes updated knowledge based on the syllabus and more recent questions asked in the FRCA examination. It is, therefore, essential study material for trainees and a great educational tool for trainers. This book will also help candidates all over the world to pass highly competitive postgraduate examinations in anaesthesia. It is an invaluable educational resource for all anaesthetists. Four complete Practice Tests from UCLES plus answer key, audio transcripts and introduction to the exam. Providing the most authentic exam preparation available, these past papers allow candidates to familiarise themselves with the content and format of the examination and to practise useful examination techniques. Books are numbered to indicate how many are available. Numbers do not refer to levels. Paper 1 comprises 12 questions, featuring multiple

essay questions (MEQs) and critical appraisal style questions to be answered in 3.5 hours. A comprehensive writing text for students in all disciplines. Covers every aspect of the writing process, from coming up with an idea to the final written product, whether it be an essay, exam essay, tutorial paper, or report. Illustrates each stage of the process of writing with examples and models. Offers strategies for the 'prewriting stage': thinking the question through, defining a purpose, selecting evidence, and choosing a presentation structure; for the writing stage: constructing introductions and conclusions, sustaining a line of argument, and choosing an appropriate level of technicality or generality; and for the editing stage: reworking sentences, ensuring that each paragraph has a focus, and that the argument flows well throughout the paper. Contains notes on referencing systems, bibliographies, and on punctuation and spelling. Includes many examples of good writing drawn from a wide variety of subjects.
