In the silent pre-dawn city hours—alone with his thoughts about Rina Lazarus, the woman he loves, three thousand miles away in New York—LAPD detective Peter Decker finds a small child, abandoned and covered with blood that is not her own. It is a sobering discovery, and a perplexing one, for nobody in the development where she was found steps forward to claim the little girl. Obsessed more deeply by this case than he imagined possible, Decker is determined to follow the scant clues to an answer. But his trail is leading him to a killing ground where four bodies lie still and lifeless. And by the time Rina returns, Peter Decker is already held fast in a sticky mass of hatred, passion, and murder—in a world where intense sweetness is accompanied by a deadly sting. It takes a lot of work to plan a wedding—and even more to save a marriage—but in Valentine, Oklahoma, there's always someone to help you keep your chin up Emma Cole's son is getting married, and she's determined to make everything perfect—even if that means asking her estranged husband to come home and pretend they're still together. John may be an imperfect husband, but he's a devoted dad. He's happy to oblige Emma—especially since he didn't really much like living apart from her anyway. Now he wants a second chance. As Emma sorts through the mess of her own marriage, she puts her heart into planning Valentine's wedding of the century. But there's one big problem: the bride's ambitious mother wants more for her daughter than marriage to a small-town boy. As the wedding approaches, the many meanings of love, commitment and happiness capture the hearts of folks in town. And surrounded by the warmth and spirit of her neighbors, Emma starts to see new beginnings instead of endings. Indulge your sweet tooth all year long with honey's many seasonal flavors. The fantasy novel you've always wished Jane Austen had written *Shades of Milk and Honey* is exactly what we could expect from Jane Austen if she had been a fantasy writer: *Pride and Prejudice* meets *Jonathan Strange & Mr. Norrell*. It is an intimate portrait of a woman, Jane, and her quest for love in a world where the manipulation of glamour is considered an essential skill for a lady of quality. Jane and her sister Melody vie for the attentions of eligible men, and while Jane's skill with glamour is remarkable, it is her sister who is fair of face. When Jane realizes that one of Melody's suitors is set on taking advantage of her sister for the sake of her dowry, she pushes her skills to the limit of what her body can withstand in order to set things right—and, in the process, accidentally wanders into a love story of her own. We have been able to compile a book with chapters by authors from nine countries (Brazil, Chile, Italy, Malta, New Zealand, Poland, Romania, Serbia, and Turkey) and at least three continents (South America, Europe, and Oceania). The topics discussed here are physical-chemical analysis of honey, new methods for amino acid analysis, chemical residues, heavy metals, phenolic content and bioactive components, microbiological analysis, antimicrobial activity, and honey as functional food. Also there are notions of trade and characterization of honey in these countries, presenting the reality of the local market of these countries and their perspectives so that we can know more about the techniques used as well as the importance of this activity for each country. This may facilitate the use of innovative techniques that may enable increased competitiveness and the world honey trade. Honey Gladwell thought she had it all. As a pampered escort to Manhattan's

Kambirinachi believes that she is an Ogbanje, or an Abiku, a non-human spirit that plagues a family with misfortune by being born and then dying in childhood to cause a human mother misery. She has made the unnatural choice of staying alive to love her human family but lives in fear of the consequences of her decision. Kambirinachi and her two daughters become estranged from one another because of a trauma that Kehinde experiences in childhood, which leads her to move away and cut off all contact. She ultimately finds her path as an artist and seeks to raise a family of her own, despite her fear that she won't be a good mother. Meanwhile, Taiye is plagued by guilt for what her sister suffered and also runs away, attempting to fill the void of that lost relationship with casual flings with women. She eventually discovers a way out of her stifling loneliness through a passion for food and cooking. But now, after more than a decade of living apart, Taiye and Kehinde have returned home to Lagos. It is here that the three women must face each other and address the wounds of the past if they are to reconcile and move forward. For readers of African diasporic authors such as Teju Cole and Chimamanda Ngozi Adichie, *Butter Honey Pig Bread* is a story of choices and their consequences, of motherhood, of the malleable line between the spirit and the mind, of finding new homes and mending old ones, of voracious appetites, of queer love, of friendship, faith, and above all, family. In her latest novel, *Indira Ganesan*, a writer often likened to Arundhati Roy and Chitra Divakaruni (see back of jacket for reviews), gives us an enchanting story of family life that is a dance of love and grief and rebirth set on a gorgeous island in the Indian Ocean. The island is filled with exotic flora and fauna and perfumed air. A large family compound is presided over by a benign, stalwart grandmother. There is a very tall South Asian heroine with the astonishing un-Indian name of Meterling, who has found love at last in the shape of a short, round, elegant Englishman who wears white suits. There are also numerous aunts, uncles, and young cousins—among them, Mina, grown now, and telling this story of a marriage ceremony that ends with a widowed bride who, in the midst of her grief, discovers she is pregnant. While enjoying their own games and growing pains, Mina and her young cousins follow every nuance of gossip, trying to puzzle out what is going on with their favorite aunt, particularly when the groom's cousin arrives from England and begins to woo her. As Meterling—torn between Eastern and Western ideas of love and family, duty and loyalty—struggles to make a new life, we become as entranced with this family, its adventures and complications, as Mina is. And with her we celebrate a time and place where, although sometimes difficult, life was for the most part as sweet as honey. **BONUS MATERIAL:** This ebook edition includes an excerpt from *India Ganesan's Inheritance*. From Ryan La Sala, the wildly popular author of *Reverie*, comes a twisted and tantalizing horror novel set amidst the bucolic splendor of a secluded summer retreat. Mars has always been the lesser twin, the shadow to his sister Caroline's radiance. But when Caroline dies under horrific circumstances, Mars is propelled to learn all he can about his once-inseparable sister who'd grown tragically distant. Mars's genderfluidity means he's often excluded from the traditions -- and expectations -- of his politically-connected family. This includes attendance at the prestigious Aspen Conservancy Summer Academy where his sister poured so much of her time. But with his grief still fresh, he insists on attending in her place. What Mars finds is a bucolic fairytale not meant for him. Folksy charm and sun-drenched festivities camouflage old-fashioned gender roles and a toxic preparatory rigor. Mars seeks out his sister's old friends: a group of girls dubbed the Honeys, named for the beehives they maintain behind their cabin. They are beautiful and terrifying -- and Mars is certain they're connected to Caroline's death. But the longer he stays at Aspen, the more the sweet mountain breezes give way to hints of decay. Mars's memories begin to falter, bleached beneath the relentless summer sun. Something is hunting him in broad daylight, toying with his mind. If Mars can't find it soon, it will eat him alive. When her mother begins to worry about the amount of time sixteen-year-old Ruby is spending with her risk-taking boyfriend Travis, her mother makes her attend a weekly book club for seniors that has a bigger impact on Ruby than anyone would have ever imagined. *A Taste of Honey* is the Hugo, Nebula, World Fantasy, Theodore Sturgeon, and Locus finalist novella that N. Lily King meets Patricia Highsmith in this slyly seductive debut set on an eerily beautiful farm teeming with secrets. The drought has discontented the bees. Soil dries into sand; honeycomb stiffens into wax. But Cynthia knows how to breathe life back into her farm: offer it as an artists' colony with free room, board, and "life experience" in exchange for backbreaking labor. Silvia, a wide-eyed graduate and would-be poet, and Ibrahim, a painter distracted by constant inspiration, are drawn to Cynthia's offer, and soon, to each other. But something lies beneath the surface. The Edenic farm is plagued by events that strike Silvia as ominous: taps run red, scalps itch with lice, frogs swarm the pond. One by one, the other residents leave. As summer tenses into autumn, Cynthia's shadowed past is revealed and Silvia becomes increasingly paralyzed by doubt. Building to a shocking conclusion, *The Honey Farm* announces the arrival of a bold new voice and offers a thrilling portrait of creation and possession in the natural world. From bestselling, internationally acclaimed author Dorota Masłowska comes a hilarious and devastating satire of consumer culture. Set in a bizarro, all-too-real imaginarium of American pop culture, *Honey, I Killed the Cats* introduces us to two independent young women struggling to live the lives that television and glossy magazines have promised them. In a collision of street slang and mass-media sloganeering, Masłowska's electrifying prose drives a propulsive story about spiritual longing in a dispirited world. Masłowska's novel examines the ways we attempt to exist and find meaning in lives defined by what we buy. In this warped world saturated by advertising and materialism, where everything can be bought, from personality and physical traits to religion and self-fulfillment, Joanne and Farah, two very different women form a friendship both bonded in and ultimately destroyed by the manipulations of consumer culture. Joanne has everything the commercials say you should want—confidence, a carefree life, happiness to excess. Farah is a self-loathing, envious, germophobic malcontent. Through a shared metaphysical dream experience that spills over into their increasingly troubled day-to-day lives, these best friends find themselves consumed by their equal-and-opposite obsessions. Widely regarded as Polish literary sensation Masłowska's best novel yet, *Honey, I Killed the Cats* is a powerfully emotional, hilariously grotesque satire of Western consumer culture and the trends that go along with it. The *Honey Connoisseur* teaches consumers everything they need to know about how to taste, select, and use a diverse selection of honey. After a brief explanation of how bees produce honey, the authors introduce the concept of terroir, the notion that soil, weather, and other natural phenomena can affect the taste of honey. As with wines, knowing the terroir of a honey varietal helps to inform an understanding of its flavor. The book goes on to give a thorough course in the origins of more than 30 different honeys as well as step-by-step instructions, how to taste honey, describe its flavor and determine what other flavors pair best with a particular honey. The reader will never look at the honey jar the same way." -- Max McCalman, author of *Mastering*

This book makes me want to bake with all the varieties. Finally, a honey bible! Bob Honey has a hard time connecting with other people, especially since his divorce. He's tired of being marketed to every moment, sick of a world where even an orgasm isn't real until it is turned into a tweet. A paragon of old-fashioned American entrepreneurship, Bob sells septic tanks to Jehovah's Witnesses and arranges pyrotechnic displays for foreign dictators. He's also a contract killer for an off-the-books program run by a branch of United States intelligence that targets the elderly, the infirm, and others who drain society of its resources. When a nosy journalist starts asking questions, Bob can't decide if it's a chance to form some sort of new friendship or the beginning of the end for him. With treason on everyone's lips, terrorism in everyone's sights, and American political life sinking to ever-lower standards, Bob decides it's time to make a change—if he doesn't get killed by his mysterious controllers or exposed in the rapacious media first. A thunderbolt of startling images and painted "with a broadly satirical, Vonnegut-ian brush" (Kirkus Reviews), *Bob Honey Who Just Do Stuff* is one of the year's most controversial and talked about literary works. Learn how to utilize the remarkable powers of honey in your kitchen, household, bathroom and medicine chest - the ultimate practical guide to Nature's golden treasure. “joyful, warm, touching” (Jasmine Guillory, New York Times bestselling author) *The Unhoneymooners* comes a delightfully charming love story about what happens when two assistants tasked with keeping a rocky relationship from explosion start to feel sparks of their own. Carey Duncan has worked for home remodeling and design gurus Melissa and Rusty Tripp for nearly a decade. A country girl at heart, Carey started in their first store at sixteen, and—more than anyone would suspect—has helped them build an empire. With a new show and a book about to launch, the Tripps are on the verge of superstardom. There’s only one problem: America’s favorite couple can’t stand each other. James McCann, MIT graduate and engineering genius, was originally hired as a structural engineer, but the job isn’t all he thought it’d be. The last straw? Both he and Carey must go on book tour with the Tripps and keep the wheels from falling off the proverbial bus. Unfortunately, neither of them is in any position to quit. Carey needs health insurance, and James has been promised the role of a lifetime if he can just keep the couple on track for a few more weeks. While road-tripping with the Tripps up the West Coast, Carey and James vow to work together to keep their bosses’ secrets hidden, and their own jobs secure. But if they stop playing along—and start playing for keeps—they may have the chance to build something beautiful together... From the “hilariously zany and heartfelt” (Booklist) Christina Lauren comes a romantic comedy that proves if it’s broke, you might as well fix it.
