WORST TWO OUT  
OF THREE When a  
60 kiloton nuclear  
explosion destroys  
the University of  
Central Florida,  
terrorism is the  
first suspect. But

terrorists don't  
generally leave  
doorways to  
another world in  
their wake. Or,  
rather, a generator  
of doorways to  
multiple other  
worlds. With time of  
the essence, the  
Secretary of  
Defense scrounges  
up the nearest  
physicist with a  
high level security  
clearance. With  
doctorates in  
everything from  
nuclear physics to  
electrical  
engineering,  
William Weaver,  
PhD, is the  
egghead's egghead.  
On the other hand,  
with skills in  
everything from

mountain biking to screaming electric guitar, he's also fast enough and tough enough to survive when the alien gates start disgorging "demons." As a snap decision, he appears to be the perfect choice, smart, tough and capable. Now if he could only patch things up with his girlfriend, get his boss off his back and get his cellphone bill paid. Oh, yeah, and figure out why the heck these gates keep opening. Okay, so sometimes he's got priority issues. As the gates spread and evil aliens spread with them, it is up to Weaver and SEAL Command Master Chief Miller to find a way to stop the

proliferation and close the hostile gates. The problem being that the only way they can see to save the earth is destroy it. Then there's not going to be any more girlfriends or cellphones or bosses . . . Hmm... Okay, two out of three of those are bad. They're really, really bad. Bad on toast. Bad like the Pacific is watery. Every day a Monday, bad. One and a half at the very least. Worst two out of three. Gotta prioritize. Guess Weaver and Miller are just gonna have to save the world. At the publisher's request, this title is sold without DRM (Digital Rights Management). **The Severed**

**Tower** Jan 14 2022  
Fleeing Midnight City, Zoey, along with Holt, Mira and Max, must reach the Severed Tower to discover who she is, but the closer she gets to this place where the laws of physics do not apply, the more dangerous things become as her newly unlocked powers start to wane.

*City of Refuge* Jun 07 2021 Amidst the ruins of the violent, desperate world of 2048 stands a green and flourishing city where four things are sacred-Air, Fire, Water, and Earth. When the ruthless Stewards of the Southlands invade, the people of Califia defeat them using nonviolence and magic. But they'll be back, unless the northerners can liberate the Southlands first..

**Armor** Apr 29 2023 The planet is called Banshee. The air is unbreathable, the water is poisonous. It is home to the most implacable enemies that humanity, in all its interstellar expansion, has ever encountered. Body armor has been

devised for the commando forces that are to be dropped on Banshee--the culmination of ten thousand years of the armorers' craft. A trooper in this armor is a one-man, atomic powered battle fortress. But he will have to fight a nearly endless horde of berserk, hard-shelled monsters--the fighting arm of a species which uses biological technology to design perfect, mindless war minions. Felix is a scout in A-team Two. Highly competent, he is the sole survivor of mission after mission. Yet he is a man consumed by fear and hatred. And he is protected, not only by his

custom-fitted body armor, but by an odd being which seems to live within him, a cold killing machine he calls "The Engine." [Photographing Big Sur: Where to Find Perfect Shots and How to Take Them](#) Apr 17 2022 An exciting series that combines wanderlust with the art of photography. The rugged Big Sur coastline is one of the most photogenic in the world. The route along Highway 1 dips down to pristine beaches and climbs precariously high above the Pacific, offering sweeping panoramic views. There is also a great variety of wildlife, including gray whales, porpoises, sea lions,

and elephant seals. Patient and lucky photographers might also spot endangered California condors riding the thermals. This book describes the best photo locations for novices and professionals alike, beginning with Point Lobos and continuing south to Hearst Castle and San Simeon. Clear directions and detailed maps are here too. Professional photographer Doug Steakley guides you to the right place at the right time of day to get memorable photographs. *A Hymn Before Battle* Jan 22 2020 "With the Earth in the path of the rapacious Posleen, the peaceful and

"A full-throttle magical cyberpunk superhero thriller" -

*Once an Eagle* Feb 15 2022 “Once an Eagle is simply the best work of fiction on leadership in print.” —General Martin E. Dempsey, 18th Chairman of the Joint Chiefs of Staff Required reading for West Point and Marine Corps cadets, *Once An Eagle* is the story of one special man, a soldier named Sam Damon, and his adversary over a lifetime, fellow officer Courtney Massengale. Damon is a professional who puts duty, honor, and the men

he commands above self-interest. Massengale, however, brilliantly advances by making the right connections behind the lines and in Washington's corridors of power. Beginning in the French countryside during the Great War, the conflict between these adversaries solidifies in the isolated garrison life marking peacetime, intensifies in the deadly Pacific jungles of World War II, and reaches its treacherous conclusion in the last major battleground of the Cold War—Vietnam. Now reissued with a new foreword by acclaimed historian Carlo D'Este, here is an unforgettable

story of a man who embodies the best in our nation—and in us all.

*Such a Dark Thing*  
Apr 05 2021 Evil, death, demons, reanimation, and resurrection. While such topics are often reserved for the darker mindscapes of the vampire subgenre within popular culture, they are equally integral elements of religious history and belief. Despite the cultural shift of presenting vampires in a secular light, the traditional figure of the vampire within cinema and literature has a rich legacy of serving as a theological marker. Whether as a symbol of the allure of sin, as an apologetic for

assorted religious icons, or as a gateway into a discussion of liberationist theology, the vampire has served as a spiritual touchstone from Bram Stoker's *Dracula*, to Stephen King's *Salem's Lot*, to the HBO television series *True Blood*. In *Such a Dark Thing*, Jess Peacock examines how the figure of the vampire is able to traverse and interconnect theology and academia within the larger popular culture in a compelling and engaging manner. The vampire straddles the ineffable chasm between life and death and speaks to the transcendent in all of us, tapping

into our fundamental curiosity of what, if anything, exists beyond the mortal coil, giving us a glimpse into the interminable while maintaining a cultural currency that is never dead and buried.

*On A Planet Alien*  
Nov 24 2022

Folsom's *Planet - An Alien* land yet so familiar. If the mission were a success, Folsom's planet would bear his name for eternity. The barbarians would be civilized; the planet would join the Federation; the Federation's integrity would be preserved. But Hans Folsom had to be on guard. The aliens were intractable, his crew possibly

traitorous. There was an incident during the voyage he couldn't quite remember. And a prophetic runic stone. Had ancient spacemen visited here in the past? Did that explain the strange religions, the ancient ruins, the mysterious runic stone?

**Dead City** Sep 10 2021 The acclaimed author of *By Reason of Insanity*, *The Anvil Chorus*, and *Go Down Dead* offers a relentlessly chilling and stark novel (*The Kansas City Star*) and a fresh, vital look at organized criminals that is so authentic, it's scary (*The Boston Globe*).

**Mindplayers** Oct 31 2020 *Mindplayers* are tomorrow's psychoanalysts,

linked directly to their patients using sophisticated machinery attached to the optic nerve. In one-to-one Mindplay contact, you can be inside someone else's head, wandering the landscapes of their consciousness. Allie is a sensation-seeking young woman, obtaining illicit thrills from her shady friend Jerry Wirerammer. But Allie goes badly astray when Jerry supplies her with a "madcap" - a device that lets you temporarily and harmlessly experience psychosis. There's something wrong with Jerry's madcap, and the psychosis doesn't go away when it's disconnected. Allie ends up undergoing

treatment at a "dry-cleaner", and she is faced with a stark choice - jail, for her illegal use of the madcap; or training to become a Mindplayer herself. During training Allie becomes familiar with the Pool - a cohesive, though shifting mental landscape jointly constructed by a number of minds; and more disturbingly encounters McFlor, who has been mind-wiped, so that his adult body is inhabited by a mind only two hours old. And as a fully-fledged Mindplayer Allie has to choose between the many specialist options open to her - Reality Affixing or Pathosfinding; Thrillseeking or Dreamfeeding.

The aliens had arrived With gifts, warnings, and an offer we couldn't refuse.... Our choice was simple: we could be cannon fodder, or we could be ... fodder. We could send our forces to fight and die (as only humans can) against a

ravaging horde that was literally feeding on its interstellar conquests<sup>3/4</sup>or remain as we were<sup>3/4</sup>virtually weaponless and third in line for brunch. We chose to fight. Thanks to alien technology and sheer guts, the Terrans on two worlds fought the Posleen to a standstill. Thank God there was a moment to catch our breath, a moment, however brief, of peace<sup>3/4</sup>. Now, for the survivors of the Barwhon and Diess Expeditionary Forces, it was a chance to get some distance from the blood and misery of battle against the Posleen centaurs. A blessed chance to forget the screams of the dying in

purple swamps and massacres under searing alien suns. For Earth it was an opportunity to flesh out their force of raw recruits with combat-seasoned veterans. Political, military and scientific blundering had left the Terran forces in shambles-and with the Posleen Invasion only months away, these shell-shocked survivors might be the only people capable of saving the Earth from devastation. If the veterans had time to lick their wounds. Because the Posleen don't read schedules. At the publisher's request, this title is sold without DRM (Digital Rights Management). Starship Troopers

### **Witness of Gor**

Feb 03 2021 Ar, defeated, shamed, and systematically looted, is occupied by Cosian forces. Perhaps Marlenus of Ar alone, the great ubar, could remind the men of their Home Stone and its meaning. But it is thought that he perished in the Voltai. Young women from Earth brought to Gor are

commonly taken to the markets to be branded, collared, and sold as the delicious, lovely livestock they are. Such is the case of a young woman whom we shall call Janice, for that was her Gorean slave name. In the prison pits of piratical Treve there exists a chained prisoner who believes himself to be of the Gorean peasantry. The nature and even the existence of this prisoner, strangely enough, is a closely guarded secret. In order to better keep this secret, it is decided that his servant and warder had best not be a native Gorean. Rediscover this brilliantly imagined world where men are masters and women live to serve

their every desire. Witness of Gor is the 26th book in the Gorean Saga, but you may enjoy reading the series in any order.
