Burn Jan 01 2023 Burn is the thrilling companion to Elissa Sussman's masterful and original fairy tale, *Stray*. This engaging and imaginative continuation of the original fairy tale begun in *Stray* will appeal to readers of Margaret Atwood's *The Handmaid's Tale* and fans of the musicals *Wicked* and *Into the Woods*. After helping to rescue Princess Aislynn, Elanor has finally rejoined the rebel camp she calls home. Stolen from her parents at a young age and forced into service by the Wicked Queen, Elanor now wants nothing more than to see the queen removed from power. But Elanor has secrets, mistakes she's spent years trying to forget, and the closer the rebels get to the throne, the harder it is for Elanor to keep her past hidden away. Booklist said of *Stray*, "Sussman delightfully mixes dystopian tension with retold fairy tales, and the result is something wholly original." Includes a map.

Burn the Page Feb 19 2022 An inspirational memoir-meets-manifesto by Danica Roem, the nation's first openly trans person elected to US state legislature Danica Roem made national headlines when--as a transgender former frontwoman for a metal band and a political newcomer--she unseated Virginia's most notoriously anti-LGBTQ 26-year incumbent Bob Marshall as state delegate. But before Danica made history, she had to change her vision of what was possible in her own life. Doing so was a matter of storytelling: during her campaign, Danica hired an opposition researcher to dredge up every story from her past that her opponent might seize on to paint her negatively. In wildly entertaining prose, Danica dismantles all the stories her opponents tried to hedge against her, showing how through brutal honesty and loving authenticity, it's possible to embrace the low points, and even transform them into her greatest strengths. *Burn the Page* takes readers from Danica's lonely, closeted, and at times operatically tragic childhood to her position as a rising star in a party she's helped forever change. *Burn the Page* is so much more than a stump speech: it's an extremely inspiring manifesto about how it's possible to set fire to the stories you don't want to be in anymore, whether written by you or about you by someone else--and rewrite your own future, whether that's running for politics, in your work, or your personal life. This book will not just encourage people who think they have to be spotless to run for office, but inspire all of us to own

our personal narratives as Danica does.

Beautiful Burn May 01 2020 New York Times and USA Today bestseller! Fresh out of college, Ellison Edson has fallen through the cracks of rock bottom. While staying in her family's vacation home in Colorado, her behavior has finally gained the attention of her parents—but not in the way she hoped. Cut off from the millions she's always taken for granted, and left alone to fend for herself, Ellie spirals further out of control, making a mistake she can't take back. Like his twin brother Taylor, Tyler Maddox is a member of the Alpine Hotshots, fighting wildland fires on the frontline. As arrogant as he is charming, Tyler's nomadic lifestyle makes it easy to contain his relationships to one night. When he meets Ellie at a local party during off-season, her extreme personality and dismissive attitude fascinates him at first, but as his feelings deepen, Tyler realizes that the crippling inner demons of the woman he loves might be the strongest enemy any Maddox has ever faced. "Tyler Maddox will steal your heart -- and I promise you'll want to let him keep it." -- Kami Garcia, #1 New York Times, USA Today, and international bestselling coauthor of the Beautiful Creatures novels and author of The Lovely Reckless

Persistent Spectral Hole-Burning: Science and Applications Jan 21 2022 Almost fifteen years have now elapsed since the first observations of persistent spectral hole-burning in inhomogeneously broadened absorption lines in solids. The fact that the spectral shape of an inhomogeneously broadened line can be locally modified for long periods of time has led to a large number of investigations of low-temperature photophysics and photochemistry that would not have been possible otherwise. Using hole burning, important information has been obtained about a variety of interactions, including excited-state dephasing processes, host-guest dynamics, proton tunnelling, low-frequency excitation in amorphous hosts, relaxation mechanisms for vibrational modes, photochemical mechanisms at liquid helium temperatures, and external field perturbations. At the same time, the possibility that persistent spectral holes might be used to store digital information has led to the study of materials and configurations for frequency-domain optical storage and related possible applications. This is the first full-length book on persistent spectral hole-burning. The goal is to provide a broadly based survey of the scientific principles and applications of persistent spectral hole-burning. Since the topic is quite interdisciplinary, the book is intended for researchers, graduate students, and advanced undergraduates in the fields of chemical physics, solid-state physics, laser spectroscopy, solid-state photochemistry, and high-performance optical storage and optical processing.

With over 500 5-star ratings on Goodreads, readers love **Wrecked**! After their cruise goes horribly wrong, four very different teenagers find themselves shipwrecked on a tropical island. ~BookBub Content Warning: Contains some foul language and non-explicit sex scenes between older teens. May not be appropriate for younger, middle-grade teens. **HERE’S WHAT READERS ARE SAYING ABOUT WRECKED:** "AMAZING, AMAZING, AMAZING! I'm not sure how to begin this review and remain professional... so I'll just be honest. I **FUDGING** loved this book! (SOOO SOOO MUCH!) It was fantastic!..." ~ Nancy Figueroa, Tumbling Books, book blog “A Fun Debut Novel! My favorite part of the book was their time on the island. The character dynamics were well done, and Casey clearly put a lot of thought into what they would need to do to survive, not just physically but emotionally. This was a fun book and a promising debut novel...” ~ Ally Arendt, Word Vagabond “Fun read! I am a big fan of young adult books, this is one of my favorites. I have actually re read this book multiple times.” ~ Hipsterduck, Amazon Reviewer “This book, for lack of a better word, was amazing. From the character intros, to the last page, I was intrigued. Elle clearly understood teens, because all of their motivations and goals were believable; even the way in which they became stranded was believable. I **LOVED EVERY** aspect of this book. I definitely recommend it, a must-read.” ~ Brandon, Goodreads Reviewer A note about the series: I pretty much grew up on the East Coast of Florida, so I went to the beach a lot, and whenever I did, I was always looking out at the water wondering ... “What if...?” What if I were stranded out on a boat somewhere, in shark-infested waters, and then washed up on a beach of a deserted island... How would I survive? For probably 30 years or more, I contemplated these questions every time I went to the beach or thought about the water, so I had a **LOT** of time to think about the details. This book was inside my head, in the making, for a really long time. That’s why it’s the first book I wrote, because it was finally time to get it out of my head and onto paper (or I should say, into my computer). When I found out about self-publishing for the Kindle, I thought, “What the heck? Maybe someone will like it as much as I do.” Now, several years later, with over 40 books written and a few spots on the New York Times and USA Today bestseller lists, I can say that it was one of the best decisions I’ve ever made. It literally changed my life. I’m really glad that I spent so much time daydreaming while I was at the beach, and I’m even happier that I took a chance on this story and shared it with the world. ****SEQUEL ALERT**** This book was originally written without plans for a sequel. But so many readers asked for one, it was done. Published on December 31, 2012, **RECKLESS** picks up where **WRECKED** left off.
