Map of Flames (The Forgotten Five, Book 1) Oct 26 2022 X-Men meets Spy Kids in this instant New York Times bestseller! Here’s the first book in a new middle-grade fantasy/adventure series from the author of *The Unwanteds*. Fifteen years ago, eight supernatural criminals fled Estero City to make a new life in an isolated tropical hideout. Over time, seven of them disappeared without a trace, presumed captured or killed. And now, the remaining one has died. Left behind to fend for themselves are the criminals’ five children, each with superpowers of their own: Birdie can communicate with animals. Brix has athletic abilities and can heal quickly. Tenner can swim like a fish and can see in the dark and hear from a distance. Seven’s skin camouflages to match whatever is around him. Cabot hasn’t shown signs of any unusual power—yet. Then one day Birdie finds a map among her father’s things that leads to a secret stash. There is also a note: Go to Estero, find your mother, and give her the map. The five have lived their entire lives in isolation. What would it mean to follow the map to a strange world full of things they’ve only heard about, like cell phones, cars, and electricity? A world where, thanks to their parents, being supernatural is a crime?

Following her dramatic abduction of Fifer and Thisbe, the dragon woman traps the twins in an isolated, crumbling palace and surrounds them with four killer dragons in an attempt to coerce them to join her side. Hope finally arrives when Dev sneaks into the castle and the threesome reunites, hatching a plan against the Revinir so devious, so horrifying, that it just might work. But when it comes time to act, Thisbe struggles to confront her deepest fears about her inner levels of good and evil and, to her own dismay, questions if she’s really been on the right side all along. In Artimé, Rohan and Queen Maiven join forces with Aaron, Florence, and the others to discover the truth of what happened to the twins.
