[Exploding the Phone](#) [Sep 11 2021](#) "A rollicking history of the telephone system and the hackers who exploited its flaws." —Kirkus Reviews, starred review Before smartphones, back even before the Internet and personal computers, a misfit group of technophiles, blind teenagers, hippies, and outlaws figured out how to hack the world's largest machine: the telephone system. Starting with Alexander Graham Bell's revolutionary "hacking" telegraph, by the middle of the twentieth century the phone system had grown into something extraordinary: a web of cutting-edge switching machines and human operators that linked together millions of people in a way never before. But the network had a billion-dollar flaw, and once people discovered it, things would never be the same. Exploding the Phone tells this story in full for the first time. It traces the birth of long-distance communication and the telephone, the rise of AT&T's monopoly, the creation of the sophisticated machines that made long-distance possible, and the discovery of Ma Bell's Achilles' heel. Phil Lapsley expertly weaves together the clandestine underground of "phone phreaks" who turned the network into their electronic playground, the mobsters who exploited the system to avoid the feds, the explosion of telephone hacking in the counterculture, and the war between the phone company, and the FBI. The product of extensive original research, Exploding the Phone is a groundbreaking, captivating book that "does for the phone phreaks what Steven Levy's Hackers did for computer pioneers" (Boing Boing). "An authoritative, jaunty and enjoyable account of their sometimes comical, sometimes impressive and sometimes disquieting misdeeds." —The Wall Street Journal "Brilliantly researched." —The Atlantic "A fantastically fun romp through the world of early phone hackers, who sought free long distance calls and in the end helped launch the computer era." —The Seattle Times

[Black Ops](#) [Dec 27 2022](#) In the wake of a series of murders involving covert intelligence informers, Delta Force Lieutenant Colonel Charley Castillo wonders about vague similarities between the killings and a recent assassination involving a pair of CIA traitors, a situation that is further complicated by an arms dealer's prediction that the deaths are linked to Kremlin activities. 400,000 first printing.

[Hell's Angels](#) [Aug 11 2021](#) Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early morning ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from their garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berkeley and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as The New Yorker put it, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, Hell's Angels is a gripping portrait, and the best account we have of the

the truth behind an American legend.

The Manchurian Candidate Jan 22 2020 The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. When he's been returned to the United States with a covert mission: to kill a candidate running for US president. This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for several film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly clever and skillful." —Time

Gangsters, Outlaws and Mobsters: A Missouri History of Twentieth Century Crime Feb 14 2022 When people think of organized crime, the cities of Chicago, Las Vegas, and New York come to mind, but the state of Missouri has produced a long list of high profile criminals known across the nation. In fact, Bonnie and Clyde, Machine Gun Kelly, and Fred "Killer" Burke--all high on the FBI's most wanted list--had their roots in the state. In *Gangsters, Outlaws and Mobsters - A Missouri History of Twentieth Century Crime* and *Criminals*, retired ATF agent and author David True details the true stories of the state's most notorious criminals. Missouri native David True, who grew up in the shadow of the St. Louis underworld, has compiled an exhaustive list of Missouri's most notorious criminals based upon three decades of research and insider knowledge from investigating gangland crimes and criminals. Read *Gangsters, Outlaws and Mobsters* and *Criminals*—a dark side of Missouri too disturbing to be discussed in travel guides!

The Hostage Jul 22 2022 W. E. B. Griffin's #1 New York Times bestselling series finds Presidential Agent Charley Castillo in the middle of an investigation into kidnapping, assassination, and even political scandal in this action-packed thriller. U.S. Army Special Forces Major Charley Castillo is tasked with a discreet mission: to investigate the death of an American diplomat in Argentina and the kidnapping of the diplomat's wife. With the woman's children and family now at risk, Castillo's running out of time to uncover the connections and truth behind it all. Amidst threats, murder, and a scandal tying the United Nations to the case, is also a lot of money flying around—and some people will do anything it takes to get their hands on it.

Under and Alone Apr 18 2022 In 1998, William Queen was a veteran law enforcement agent with a love for motorcycles and a lack of patience with paperwork. When a "confidential informant" made contact with his boss at the Bureau of Alcohol, Tobacco and Firearms, offering to take an agent inside the San Fernando Valley of the Mongols (the scourge of Southern California, and one of the most dangerous gangs in America), Queen jumped at the chance, not realizing that he was kicking-starting the most extensive undercover operation of an outlaw motorcycle gang in the history of American law enforcement. Nor did Queen suspect that he would penetrate the gang so successfully that he would become a fully "patched-in" member, eventually rising through their ranks to the office of treasurer, where he had unprecedented access to evidence of their criminal activities. After Queen spent twenty-eight months as "Billy St. John," the bearded, beer-swilling, Harley-riding gang banger, the truth of his identity became blurry, even to himself. During his initial "prospecting" phase, he was at the mercy of crank-fueled criminal psychopaths who sought to have him test his mettle and prove himself by any means necessary, from selling (and doing) drugs, to arms trafficking, stealing motorcycles, driving getaway cars, and, in one shocking instance, stitching up the face of a Mongol "ol' lady" after a particularly brutal beating at the hands of her boyfriend. Yet despite the constant criminality of the gang, for whom cop killings and gang rapes were business as usual, Queen also came to see the genuine camaraderie between them. When his lengthy undercover work totally isolated Queen from family, his friends, and ATF colleagues, the Mongols felt like the only family he had left. "I had no doubt these guys genuinely loved Billy St. John and would have laid down their lives for him. But they wouldn't hesitate to murder Billy Queen." From Queen's first brush of hand with a line of methamphetamine in front of him and a knife at his throat, to the fearsome face-off with their decades-old enemy, the Hell's Angels (a brawl that left three bikers dead), to the heartbreaking scene of his father ostracized at Parents' Night because his deranged-outlaw appearance precluded any interaction with regular citizens, *Under and Alone* is a breathless, adrenaline-charged read that puts you on the street with some of the most dangerous men in America and with the law enforcement agents who risk everything to bring them down.

Hazardous Duty Jan 28 2023 When three U.S. tankers are hijacked by Somali pirates at the height of Mexican drug cartel violence in Laredo and El Paso, a vindictive U.S. President raises suspicions about his increasing instability by targeting forcibly retired Colonel Charley Castillo and his former team, many of whom have been forced into hiding. Reprint.

Vagos, Mongols, and Outlaws Aug 23 2022 The basis for the hit TV series *Gangland Undercover!* The gripping account from an ex-con who went undercover to help the ATF infiltrate three of America's most violent gangs. Despite lacking any experience with motorcycle gangs, Charles Falco infiltrated three of America's deadliest biker gangs: the Vagos, Mongols, and Outlaws. In separate investigations that spanned years and coast-to-coast, Falco risked his life, suffering a fractured neck and a severely torn shoulder, working deep undercover to bring violent sociopaths to justice. His dedication was profound; Falco spent almost three years infiltrating the Vagos gang and rose to second in command of the Victorville, California chapter. He even served time in Bernardino's Murder Unit and endured solitary confinement to protect his cover and the investigations. He recorded confessions of gangland-style killings and nearly became a target himself before he sought refuge in the Witness Protection Program. But discontent to remain on the sidelines and motivated by a strong sense of duty, Falco eventually left the Program and volunteered his talents again to infiltrate the Mongols and Outlaws. He rose in rank to Vice President of the Petersburg, Virginia Outlaws chapter. His efforts culminated in sixty-two convictions of members for various crimes, including assault and murder. Executing one of this country's most successful prosecutions and effectively crippling the criminal enterprise, Falco's engrossing narrative of the dangerous biker underworld harkens back to Hunter S. Thompson's classic *Hell's Angels*, vividly recounting a life spent undercover.

W. E. B. Griffin Rogue Asset by Andrews & Milner May 25 2022 The secretary of state has been kidnapped by Islamic extremists and his only hope for survival is a reconstituted Presidential Agent team in this revised edition of B. Griffin's New York Times bestselling series. Secretary of State Frank Malone has been kidnapped from a Cairo hotel—his security detail wiped out. President Natalie Cohen is left with several unacceptable options. She has no time to think outside the box, and that can only mean one thing: the revival of the Presidential Agent team. Cohen calls for Charley Castillo to come out of retirement to direct a new Presidential Agent, one Captain "Pick" McCoy, USMC. Charley may be too old to kick down doors and take names, but Killer McCoy is just the man to get the job done. Together, they will track the kidnapped secretary from Cairo to sub-Saharan Africa. The only problem is that one man can't hope to win against an army of terrorists...good thing there are two.

The Outlaw Feb 26 2023 A FedEx package arrives on Lt. Col. Charley Castillo's desk, bearing photos of a man containing some of the most dangerous biohazard materials on Earth, all of which were supposed to have been destroyed during a raid on a secret Russian factory in the Congo. Who has them, and what do they want?

The Spymaster Jan 28 2020 #1 Wall Street Journal and New York Times bestselling author W.E.B. Griffin continues his gripping series featuring the legendary OSS—fighting a silent war of spies and assassins in the shadows of World War II. Summer 1943. Two of the Allies' most important plans for winning World War II are at grave risk—the coming D-Day invasion and the Manhattan Project's race to build the atomic bomb. OSS Chief William "Wild Bill" Donovan turns to his top agent, Dick Canidy, and his team. They've certainly got their heads cut out for them. In the weeks to come, they must fight not only the enemy in the field—and figure out how to sabotage Germany's new "aerial torpedo" rockets—but also the enemy within. Someone is feeding Manhattan Project secrets to the Soviets. And if the Soviets build their own atomic bomb, winning the war might be the end of another, even more terrible conflict... FIRST TIME IN PAPERBACK

The Outlaws Mar 30 2023 The former Presidential Agent's Office of Organizational Analysis has been disbanded. Charley Castillo and his colleagues have retired, and the sudden death of the President has thrust an adversarial Commander-in-Chief into the Oval Office... But just because Castillo is out of the government doesn't mean he's out of business. He still has the skills and the manpower to do what others can't do. And his first job is a real killer. A barrel filled with some nightmarishly lethal biohazard material has been shipped to an Army medical lab—material that Castillo and his men were supposed to have destroyed during their mission. Clearly, the message is that more of the deadly material remains. But who has it? And what do they want? With lives at stake—including his own—Castillo knows that he's not going to like the answers that come out of the barrel bit...

Confessions of a Cartel Hit Man Dec 03 2020 The true confession of an assassin, a sicario, who rose through the ranks of the Southern California gang world to become a respected leader in an elite, cruelly efficient organization of men for Mexico's "most vicious drug cartel," and eventually found a way out and an (almost) normal life. Martin Corona, a US citizen, fell into the outlaw life at twelve and worked for a crew run by the Arellano brothers, the founders of the the Tijuana drug cartel that dominated the Southern California drug trade and much of the border warfare for decades. Corona's crew would cross into the United States from their luxurious hideout in the desert to kill whoever needed to be killed north of the border, and return home in the afternoon. That work continued until the arrest of Javier Arellano-Félix in 2006 in a huge coordinated DEA operation. Martin Corona played a key role in the downfall of the cartel when he turned state's evidence. He confessed to multiple murders. In the foreword of the California Department of Justice Steve Duncan, who wrote the foreword, says Martin Corona is a former cartel hit man he knows who is truly remorseful. Martin's father was a US Marine. The family had all the solid middle-class advantages, including the good fortune to be posted in Hawaii for a time during which teenage Martin thought he might be able to turn away from the outlaw life of theft, drug dealing, gun running, and prostitution. He briefly quit drugs and held down a job, but a die had been cast. He soon returned to a gangbanging life he now deeply regrets. How does someone become evil, a murderer who can kill with cold-blooded hesitation? This story is an insight into how it happened to one human being and how he now lives with the consequences. He is no longer a killer; he has asked for forgiveness; he has made a kind of peace for himself. He wrote letters to the family members of his victims. Some of them not only wrote back but came to support him at his parole hearing. It is a cautionary tale, but also one that shows that evil doesn't have to be forever.

Whiskey River Ranger Feb 23 2020 Captain Frank Jones, a famed nineteenth-century Texas Ranger, said of his company's top sergeant, Baz Outlaw (1854-1894), "A man of unusual courage and coolness and in a combat situation is worth two or three ordinary men." Another old-time Texas Ranger declared that Baz Outlaw "was one of the worst and most dangerous" because "he never knew what fear was." But not all thought so highly of the Whiskey River Ranger, Bob Alexander tells for the first time the full story of this troubled Texas Ranger who lost his battle with alcoholism. In his career Baz Outlaw wore a badge as a Texas Ranger and also as a U.S. Marshal. He could be a fearless and crackerjack lawman, as well as an unmanageable manic. Although Outlaw's badge-wearing career was sometimes heroically creditable, at other times his self-induced ni-imbroglios teased and tested Texas Ranger management's resoluteness. Baz Outlaw's true-life story is filled with fellows owning well-known names, including Texas Rangers, city marshals, sheriffs, and steely-eyed and spirited miscreants. Baz Outlaw's tale is complete with horseback chases, explosive train robberies, vigilante justice (or injustice), nighttime ambushes and bushwhacking, and episodes of scorching six-shooter fire. Outlaw met his end in a brothel brawl at the hands of John Selman, the same gunfighter who killed John Wesley.

Asian American Spies Jul 10 2021 A recovery of the vital role Chinese, Japanese, and Korean Americans played in US intelligence services in Asia during World War II. Spies deep behind enemy lines; double agents; a Chinese American James Bond; black propaganda radio broadcasters; guerrilla fighters; pirates; smugglers; prostitutes; and dancers as spies; and Asian Americans collaborating with Axis Powers. All these colorful individuals played a part in the story of Asian Americans in the Office of Strategic Services (OSS), the forerunner of today's CIA. E. Bruce Kirkham and Masaru Hayashi brings to light for the first time the role played by Chinese, Japanese, and Korean Americans in America's first centralized intelligence agency in its fight against the Imperial Japanese forces in east Asia during World War II. They served deep behind enemy lines gathering intelligence for American and Chinese troops who were locked in a desperate struggle against Imperial Japanese forces on the Asian continent. Other Asian Americans produced and disseminated statements by bogus peace groups inside the Japanese empire to weaken the morale and resolve of the Japanese. Still others served with guerrilla forces attacking enemy supply and communication lines behind enemy lines. Engaged in this deadly conflict, these Asian Americans agents encountered pirates, smugglers, prostitutes, and dancers serving as the enemy's spies, all the while being subverted from within by the OSS by a double agent and without by co-ethnic collaborators in wartime Shanghai. Drawing on recently declassified documents, Asian American Spies challenges the romanticized and stereotyped image of the Asian American agents--the Model Minority--while offering a fresh perspective on their role in the Allied victory in the Pacific Theater of World War II.

Sisterhood of Spies Dec 23 2019 America's first female secret agents were debutantes, Ivy Leaguers, with

wealthy men, and movie stars. Bravely answering their country's call, they risked their lives in daring missions to help the Allied cause. Told here for the first time, these breathtaking stories reveal the bravery of "Cora", "Cynthia", "The Limping Lady", "Maria", and other female legends of espionage.

Lincoln's Mentors Oct 01 2020 A brilliant and novel examination of how Abraham Lincoln mastered the art of leadership "Abraham Lincoln had less schooling than all but a couple of other presidents, and more wisdom than every one of them. In this original, insightful book, Michael Gerhardt explains how this came to be." -H. Bruce Brundage, Wall Street Journal In 1849, when Abraham Lincoln returned to Springfield, Illinois, after two so-called uninspiring years in the U.S. House of Representatives, his political career appeared all but finished. His political failure was so great that friends worried about his sanity. Yet within a decade, Lincoln would reemerge to become a leader of the Republican Party, win the 1860 presidential election, and keep America together through its most perilous period. What accounted for the turnaround? As Michael J. Gerhardt reveals, Lincoln's political reemergence followed the same path he had taken before, in which he read voraciously and learned from the successes, failures, oratory, and political maneuvering of a surprisingly diverse handful of men, some of whom he had never met but others of whom he knew intimately—Henry Clay, Andrew Jackson, Zachary Taylor, John C. Calhoun, Daniel Webster, and Orville Browning. From their experiences and his own, Lincoln learned valuable lessons on how to lead, leadership, mastering party politics, campaigning, conventions, understanding and using executive power, managing a cabinet, speechwriting and oratory, and—what would become his most enduring legacy—crafting policies and rhetoric to match a constitutional vision that spoke to the monumental challenges of his time. Without these mentors, Abraham Lincoln would likely have remained a small-town lawyer—and without Lincoln, the United States as we know it may not have survived. This book tells the unique story of how Lincoln emerged from obscurity and learned how to lead.

Exile on Front Street Oct 30 2020 I hadn't planned on writing a book when I quit the Hells Angels. After five years in the Hells Angels, George Christie was ready to retire. As president of the high-profile Ventura chapter of the club, he had been the yin to Sonny Barger's yang. Barger was the reckless figurehead and de facto leader of the Hells Angels. Christie was the negotiator, the spokesman, the thinker, the guy who smoothed things out. He was the one who carried the Olympic torch and counted movie stars, artists, rock musicians, and politicians among his friends. But leaving the Hells Angels isn't easy, and within two weeks of retirement, Christie was told he was "out bad"—blackballed by his fellow Angels, prohibited from wearing the club patch, and told he should remove his Death Head tattoo. Now Christie sets out to tell his story. Exile on Front Street is a tale of how a former Marine gave up a comfortable job with the Department of Defense and swore allegiance to the Hells Angels. In this revealing, hard-hitting memoir, he recounts his life as an outlaw biker with the most infamous motorcycle club.

The Outlaws: A Presidential Agent Nov 30 2023

Eminent Outlaws Oct 13 2021 In the years following World War II a group of gay writers established themselves as major cultural figures in American life. Truman Capote, the enfant terrible, whose finely wrought fiction and nonfiction captured the nation's imagination. Gore Vidal, the wry, withering chronicler of politics, sex, and history. Tennessee Williams, whose powerful plays rocketed him to the top of the American theater. James Baldwin, the harrowingly perceptive novelist and social critic. Christopher Isherwood, the English novelist who became a thoroughly American novelist. And the exuberant Allen Ginsberg, whose poetry defied censorship and exploded minds. Together, their writing introduced America to gay experience and sensibility, and changed the literary culture. But the change was only beginning. A new generation of gay writers followed, taking the lead and writing about their sexuality more openly. Edward Albee brought his prickly iconoclasm to the American theater. Edmund White laid bare his own life in stylized, autobiographical works. Armistead Maupin wove a colorful tapestry of the counterculture, queer and straight. Mart Crowley brought gay men's lives out of the closet and onto the stage. And Tony Kushner took them beyond the stage, to the center of American ideas. With wit and humor, Christopher Bram weaves these men's ambitions, affairs, feuds, loves, and appetites into a single, sweeping narrative. Chronicling over fifty years of momentous change—from civil rights to Stonewall to the present—EMINENT OUTLAWS is an inspiring, illuminating tale: one that reveals how the lives of these men were crucial to understanding the social and cultural history of the American twentieth century.

The Double Agent Apr 06 2021 Canidy, Fulmar, and their colleagues in the Office of Strategic Services v

convince Axis forces that an invasion of the European continent will take place on the beaches of Naz France, an effort that is undermined by traitor spy activities

Daniel X: Armageddon Aug 30 2020 In the fifth action-packed installment of James Patterson's adventure Daniel X is ready to face his bitter enemy: the most powerful alien in the universe. In the fifth installment of James Patterson's action-packed Daniel X series, Daniel must now face an alien whose origins appear in the depths of Hell than the outer reaches of the galaxy. Number Two on the List of Alien Outlaws is an unstoppable criminal that's slowly been amassing an underground army of disgusting, disgruntled, and angry aliens to help him enslave Earth's population. And it's all in preparation for the arrival of Number One, the most powerful alien in the universe and Daniel's arch-nemesis. To Daniel's horror, thousands of humans defect to the alien's side, making the odds of success that much more impossible. But for the first time in his life, Daniel is alone in his fight. He's connected with several military and intelligence groups—including the daughter of a prominent FBI agent—and he's ready to lead the ultimate showdown against the evil that has plagued the world for so long. Be prepared for a truly epic battle that evokes the ancient prophecies of Armageddon!

Boots in the Ashes Dec 15 2021 The storied career of ATF agent Cynthia Beebe is told through the lens of her high profile cases involving bombings, arson, and the Hell's Angels. She includes riveting trial testimony from dozens of key characters, including killers, bombers, arsonists, victims, witnesses and judges. *Boots in the Ashes* is the memoir of Cynthia Beebe's groundbreaking career as one of the first women special agents for the Bureau of Alcohol, Tobacco, Firearms and Explosives, (ATF). A smart and independent girl growing up in suburbia in Chicago, she unexpectedly became one of the first women to hunt down violent criminals for the federal government. As a special agent for 27 years, Beebe gives the reader first-hand knowledge of the humors and horrors of life for evil. She tells the story of how, as a young woman, she overcame many obstacles on her journey through the treacherous world of illegal guns, gangs and bombs. She battled conflicts both on the streets and within the agency. Beebe learned how to thrive in the ultra-masculine world of violent crime and those whose job it is to fight it. Beebe tells her story through the lens of six major cases that read like crime fiction: four bombings, one assassination, and a massive roundup of the Hell's Angels on the West Coast.

The Shooter May 20 2022 A key DEA agent has been kidnapped by drugrunners. As much as the news of the kidnapping of Presidential Agent Castillo, he thinks there's no way he could get permission to rescue the man. But the President is wrong—the President himself orders Castillo to do anything it takes to bring back the agent...anything it takes to get him caught.

Covert Warrior Oct 25 2022 When a hostile Third World country begins to receive military training and advanced technology from foreign nations, Charley Castillo and his team investigate only to be abandoned by the government and placed on hit lists throughout the world. By the best-selling authors of *The Outlaws*.

The World's Most Dangerous Place Oct 08 2021 Although the war in Afghanistan is now in its endgame, the West's struggle to eliminate the threat from Al Qaeda is far from over. A decade after 9/11, the war on terror entered a new phase and, it would seem, a new territory. In early 2010, Al Qaeda operatives were reported to be "streaming" out of central Asia toward Somalia and the surrounding region. Somalia, now home to some of the world's most dangerous terrorists, was already the world's most failed state. Two decades of anarchy and chaos spawned not just Islamic extremism but piracy, famine, and a seemingly endless clan-based civil war that has killed an estimated 500,000, turned millions into refugees, and caused hundreds of thousands more to flee and settle in Europe and North America. What is now happening in Somalia directly threatens the security of the entire world, possibly more than any other region on earth. James Fergusson's book is the first accessible account of how Somalia became the world's most dangerous place and what we can—and should—do about it.

Tough Love Apr 26 2020 Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice—National Security Advisor to President Barack Obama and former Ambassador to the United Nations—reveals her surprising story with unflinching candor in this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan E. Rice powerfully connects the personal and the professional. Taught early, with tough love, how to compete and thrive as an African American woman in settings where people of color are few, Susan now shares the wisdom she has learned along the way. Laying bare the family struggles that shaped her early life in Washington, DC, she examines the ancestral legacies that influenced her. Rice's elders—immigrants on one side and descendants of

slaves on the other—had high expectations that each generation would rise. And rise they did, but not by paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. She rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an inside account of some of the most complex issues confronting the United States over three decades, ranging from "Black Hawk Down" in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday show appearances after the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges not as a villain nor a victim, but as a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, *Tough Love* makes an urgent appeal to the American public to bridge our dangerous domestic divisions in order to preserve our democracy and sustain our global leadership.

Curtain of Death May 27 2020 From #1 New York Times bestselling author W.E.B. Griffin comes a dramatic Cold War thriller in the Clandestine Operations series about the fledgling Central Intelligence Agency and a new breed of warrior. January, 1946: Two WACs leave an officers' club in Munich, and four Soviet NKVD agents kidnap them at knifepoint in the parking lot and shove them in the back of an ambulance. That is the beginning of a mistake, and their last. One of the WACs, a blonde woman improbably named Claudette Colbert, works for the new Directorate of Central Intelligence, and three of the men end up dead and the fourth wounded. The "incident," however, will send shock waves rippling up and down the line, and have major repercussions for Claudette, but for her boss, James Cronley, Chief DCI-Europe, and for everybody involved in their sprawling enterprise. For, though the Germans may have been defeated, Cronley and his company are on the front lines of an entirely different kind of war now. The enemy has changed, the rules have changed—and the stakes have never been higher.

Covert Warriors Jun 20 2022 Charley Castillo and the former members of Presidential Agent's Office of Organizational Analysis are officially "retired." But that doesn't mean they're out of action... At a Mexican roadblock, a US Embassy SUV is stopped at gunpoint, three of its passengers murdered, and a fourth kidnapped. Everything points to the drug cartels, especially when the kidnappers say they will return the hostage if the cartel kingpin is released from US federal prison. But when word gets to Castillo and his group of retired special operators, they have their doubts. They believe that it's a diversion—that the murders and kidnappings were ordered by someone to lure Castillo & Company to their deaths. But even knowing that may not save them. Powerful forces in the US government are arrayed against them as well, and if one side doesn't get there first, the other side will.

Sacred Stone Feb 02 2021 Juan Cabrillo and his CIA-backed Oregon crew must beat opposing factions to the discovery that could prevent World War III in this novel in the #1 New York Times bestselling series. In the remote wastes of Greenland, a young scientist has unearthed an artifact hidden in a cave for a millennium: a 50,000 year-old radioactive meteorite known as the Sacred Stone. But the astounding find places him at the crosshairs of two opposing groups who seek the stone for themselves. One is a group of Muslim extremists who have stolen a nuclear device. With the power of the meteorite, they could vaporize any city in the west. The other group is led by a megalomaniacal industrialist who seeks to carry out the utter annihilation of Islam in the Middle East. Between two militant factions bent on wholesale slaughter, Juan Cabrillo and his crew must fight to protect the scientist and the Sacred Stone—and prevent the outbreak of World War III...

Jersey Tough Mar 06 2021 The only patch-wearing outlaw biker to become a sworn police officer — and to tell his tale In 1977, Wayne "Big Chuck" Bradshaw was Jersey tough. He was a member of the outlaw motorcycle gang, a One Percenter, and had earned his colours in a world of boozing, bloody bar fights, and high-stakes crime. But after getting too close to extreme violence, Bradshaw made the life-threatening decision to

path. The toughness Bradshaw used to survive biker life led him to a distinguished and heroic career as an undercover narcotics officer for the same New Jersey police department that had once arrested him. He tells his story with the truth of the streets, from his time in the U.S. Army to his decision to join the wild adventures of working narcotic stings. He rode with truly dangerous criminals and then returned to the same places as a cop. He tracks down fugitives in Jersey's toughest neighbourhoods, risks his life rescuing dozens from a fire in a seniors' residence, and volunteers in the aftermath of 9/11. Jersey Tough is an memoir of personal struggle, of battling with darkness, and ultimately of redemption.

The Hunter Mar 18 2022 The new Presidential Agent novel—now in paperback. Two brutal murders and a trail of missing dollars in the growing UN/Iraq oil-for-food scandal have led Charley Castillo and his team to Uruguay, where the man they seek is murdered right before their eyes. Those responsible have left just a trail for Castillo to pick up the scent and follow it wherever it takes him—even if it's not exactly where expected.

Property Outlaws Mar 25 2020 Property Outlaws puts forth the intriguingly counterintuitive proposition that in the case of both tangible and intellectual property law, disobedience can often lead to an improvement in regulation. The authors argue that in property law there is a tension between the competing demands of stability and dynamism, but its tendency is to become static and fall out of step with the needs of society. They employ wide-ranging examples of the behaviors of "property outlaws"—the trespasser, squatter, pirate, and copyright sharer—to show how specific behaviors have induced legal innovation. They also delineate the similarities between the actions of property outlaws in the spheres of tangible and intellectual property. An important conclusion of the book is that a dynamic between the activities of "property outlaws" and legal innovation can be cultivated in order to maintain this avenue of legal reform.

Deceptive Outlaw Nov 13 2021 Rebecca is a beautiful ATF agent, sent undercover to bring down an outlaw motorcycle gang. Unfortunately for her, Gavin makes it almost impossible to think about anything but his dreamy eyes. Rebecca solves the case, and accidentally falls in love with the Outlaw biker president of the Sinister Syndicate, and goes on another scary adventure. Will Rebecca survive the new mission, or will this be the last? Rebecca takes another dangerous mission, this time in California. Rebecca becomes reckless and the Outlaw won't leave her unscathed. Will Rebecca's bad boy biker Gavin be reunited, or will she be alone forever?

Academic Outlaws Jan 16 2022 Scholarly yet provocatively written, Academic Outlaws presents a discussion of how life in the academic world is experienced by gay men and lesbian women. Using a narrative style that combines autobiography, case study data and fiction, William G Tierney provides timely insight into the challenges and struggles that gay men and lesbians face in higher education and proposes an alternative process for redefining long-established academic norms.

FBI Special Agent Nov 01 2020 Introduces readers to the cool career of FBI special agent by giving a behind-the-scenes understanding of this cool job.

Cyberpunk Jan 04 2021 Using the exploits of three international hackers, Cyberpunk explores the world of tech computer rebels and the subculture they've created. In a book as exciting as any Ludlum novel, it shows how these young outlaws have learned to penetrate the most sensitive computer networks and how they plan to stop them.

By Order of the President Sep 23 2022 When a leased Boeing 727 is violently hijacked from Angola and flies to parts unknown, the President turns to an outsider—Major Carlos Guillermo Castillo—for answers. A pilot, a Point graduate, and veteran of Desert Storm, Castillo has a sharp eye for the facts—and the truth behind the Africa, he is helped and hindered by unexpected allies and ruthless enemies, and begins to untangle a plot of horrific dimensions—a plot that, unless Castillo acts quickly, will end very, very badly.

Honor Few, Fear None May 08 2021 The stunning, never-before-told story of Ruben "Doc" Cavazos, international president of the Mongols Motorcycle Club. When Ruben "Doc" Cavazos changes his clothes at daybreak, he is no longer a CAT scan technician at the University of Southern California Medical Center—he becomes the man known—and, in a few special cases, feared—as Doc, international president of the Mongols, the fastest-growing and most closely watched organization of its kind in the United States. In reality, there is a tightly knit band of brothers devoted in equal measure to the club, their fellow Mongols, and their friends. They live to enjoy life, party, and travel the open road. Above all, they demand respect. When pushed to their limits, they will fight.

Mongols join together to push back. Just ask the Hells Angels, the Ukrainian mafia, the Mexican mafia, U.S. government. All have tested the Mongols' resolve. In *Honor Few, Fear None*, Doc is ready, for the time to share the stories of the Mongols' battle to survive and thrive against incredible odds and sometimes violence. Doc takes you to the streets and into the bars, the secret meetings, the brawls, and the show proof that if you live like a Mongol does, you must honor few, fear none.
