***In this large, full colour, hard cover book by James Court, you can read about guitarist, drummer, bass player, pianist, keyboardist, song writer, producer, programmer, arranger, vocalist, business entrepreneur, actor, director, dancer and choreographer Prince. Although his life was cut short, he was an amazing artist. James Court has been an avid collector, writer and follower of Prince and his work for more than thirty years. Upon Prince's death in April 2016, James set about the colossal task of revealing every part of this fascinating ever-changing musician, leaving no stone unturned. The Biography tackles the issue's that plagued the Superstar, his fight for Musical freedom and his constant need to write record and perform without restriction or filter. Often described as the greatest Musician of his generation Prince remained at the very top of the game, a multi-instrumentalist with the ability to write cutting edge songs at will, his talent ability and influence were simply unmatched. The results make this the most comprehensive, detailed and exhaustingly accurate depiction of one of the most popular, misunderstood and illusive musicians in modern day music.... The definitive biography of James Brown, the Godfather of Soul, with fascinating findings on his life as a Civil Rights activist, an entrepreneur, and the most innovative musician of our time Playing 350 shows a year at his peak, with more than forty Billboard hits, James Brown was a dazzling showman who transformed American music. His life offstage was just as vibrant, and until now no biographer has delivered a complete profile. The One draws on interviews with more than 100 people who knew Brown personally or played with him professionally. Using these sources, award-winning writer RJ Smith draws a portrait of a man whose twisted and amazing life helps us to understand the music he made. The One delves deeply into the story of a man who was raised in abject-almost medieval-poverty in the segregated South but grew up to earn (and lose) several fortunes. Covering everything from Brown's unconventional childhood (his aunt ran a bordello), to his role in the Black Power movement, which used "Say It Loud (I'm Black and Proud)" as its anthem, to his high-profile friendships, to his complicated family life, Smith's meticulous research and sparkling prose blend biography with a cultural history of a pivotal era. At the heart of The One is Brown's musical genius. He had crucial influence as an artist during at least three decades; he inspires pity, awe, and revulsion. As Smith traces the legend's reinvention of funk, soul, R&B, and pop, he gives this history a melody all its own. Original screenplay whose theme is that not Jesse James, but a stand-in was shot in 1882 in St. Joseph, Missouri. The Life and Legend of James Watt offers a deeper understanding of the work and character of the great eighteenth-century engineer. Stripping away layers of legend built over generations, David Philip Miller finds behind the heroic engineer a conflicted man often diffident about his achievements but also ruthless in protecting his inventions and ideas, and determined in pursuit of money and fame. A skilled and creative engineer, Watt was also a compulsive experimentalist drawn to natural philosophical inquiry, and a chemistry of heat underlay much of his work, including his steam engineering. But Watt pursued the business of natural philosophy in a way characteristic of his roots in the Scottish "improving" tradition that was in tension with Enlightenment sensibilities. As Miller demonstrates, Watt's accomplishments relied heavily on collaborations, not always acknowledged, with business partners, employees, philosophical***

friends, and, not least, his wives, children, and wider family. The legend created in his later years and "afterlife" claimed too much of nineteenth-century technology for Watt, but that legend was, and remains, a powerful cultural force. Through his own individual talent Lenny Kravitz has risen to become one of the most esteemed, admired, illustrious and respected Musicians in Rock music over the past 30 years. Through his own individual talent. Presented in a handsome slipcase, Lennon Legend is both an illustrated and an interactive biography of the creative genius - songwriter, artist, social activist - who changed his times. Created with the cooperation of Yoko Ono Lennon, who has opened her archives for this project, the book offers insightful details about every era of John's life, from his early days at art school to the height of Beatlemania to "Imagine." A live recording of that song is included, along with several interviews of John talking about his life and art, on the audio CD contained in this package. Throughout, the book features archival photographs and reproductions of John's handwritten song lyrics, drawings, memorabilia, and personal papers. In all, 40 removable facsimiles can be enjoyed by the reader, several previously unpublished, including an intimate self-portrait in pen and ink and a plea for world peace. It's been said that John Lennon's was the voice of a generation. Lennon Legend celebrates that voice's power to resonate across the generations. A deep investigation into historical documents that prove the notorious outlaw Jesse James faked his own death • Presents the legend of Jesse James and counters it with the real story, based on family records • Provides photographic evidence, a journal of Jesse James's, and historical records that prove James faked his death, verified by experts and civic authorities • Debunks the 1995 DNA test results of James's supposed remains The story of the notorious outlaw Jesse James's assassination at the hands of Robert Ford has been clouded with mystery ever since its inception. Now, James's great-great-grandchildren Daniel and Teresa Duke present the results of more than 20 years of exhaustive research into state and federal records, photographs, newspaper reports, diaries, and a 1995 DNA test in search of the truth behind Jesse James's demise. Explaining how the accepted version of the history of Jesse James is wrong, the authors confirm their family's oral tradition that James faked his own death in 1882 and lived out his remaining days in Texas. They methodically unravel the legend surrounding his death, with evidence vetted by qualified experts and civic authorities. They share the journal of their great-great-grandfather, kept from 1871 to 1876 and verified to be written in James's handwriting. They reveal forensically confirmed photographs of James before and after his supposed killing, including one of James attending his own funeral. Examining James's life both before and after his faked death, they provide an account of where he lived and who he associated with, including his interactions with secret societies. They compare the contradictory newspaper reports of James's death with accounts by his family and associates, which support that the man buried as James was actually his cousin, and reveal how James tricked authorities into believing he had been killed. Further supporting their claim, the authors debunk the DNA test results of the exhumation of James's body in 1995. The Dukes detail the ways in which the test was fraudulent, an assertion supported by the deputy counselor for Clay County at the time of the testing. Backed by a wealth of evidence, the descendants of Jesse James conclusively prove what really happened to America's Robin Hood. From the World's No. 1 Storyteller, James and the Giant Peach is a children's classic that has captured young reader's imaginations for generations. One of TIME MAGAZINE's 100 Best Fantasy Books of All Time After James Henry Trotter's parents are tragically eaten by a rhinoceros, he goes to live with his two horrible aunts, Spiker and Sponge. Life there is no fun, until James accidentally drops some magic crystals by the old peach tree and strange things start to happen. The peach at the top of the tree begins to grow, and before long it's as big as a house. Inside, James meets a bunch of oversized friends—Grasshopper, Centipede, Ladybug, and more. With a snip of the stem, the peach starts rolling away, and the great adventure begins! Roald Dahl is the author of numerous classic children's stories including Charlie and the Chocolate Factory, Matilda, The BFG, and many more! "James and the Giant Peach remains a favorite among kids and parents alike nearly 60 years after it was first published, thanks to its vivid imagery, vibrant characters and forthright exploration of mature themes like death and hope." —TIME Magazine Cover may vary. This basketball powerhouse has set numerous records since joining the NBA, and has led the Cleveland Cavaliers to consecutive playoff appearances. This book follows James's life, career, and accomplishments. Yeatman has created a thorough narrative that will be satisfying to readers who know little about

**the James brothers and those who have read everything about them. Included are 32 pages of rare illustrations and photos of the people, places, and artifacts associated with the notorious James bandits. The life that inspired the major motion picture *The Aviator*, starring Leonardo DiCaprio and directed by Martin Scorsese. Howard Hughes has always fascinated the public with his mixture of secrecy, dashing lifestyle, and reclusiveness. This is the book that breaks through the image to get at the man. Originally published under the title *Empire: The Life, Legend, and Madness of Howard Hughes*. James Houston helped introduce Inuit culture to the world with his remarkable art and stories. Here are four of his exciting Inuit folk tales--"The White Archer", "Akavak," "Tikta'liktak" and "Wolf Run"--collected in one beautiful volume. "The White Archer" and "Tikta'liktak" were both named an Eskimo Legend CLA Book of the Year for Children in the 1960s. James Houston made his first journey to the Canadian Arctic in 1948 in search of a new land to paint. He lived with Inuit and Indian people in the Arctic for 12 years and grew to understand them and their way of life. "Houston's knowledge of the Inuit people and their culture is astounding. And his description of the Arctic is both powerful and sometimes frightening--a cold, lonely world that can do strange things to men's minds." --Toronto Star**

**Ages 8 and up**

**The "enormously entertaining and wide-ranging" (Seattle Times) authorized, definitive, New York Times bestselling biography of Willie Mays, the most complete baseball player of all time. Willie Mays is arguably the greatest player in baseball history, still revered for the passion he brought to the game. He began as a teenager in the Negro Leagues, became a cult hero in New York, and was the headliner in Major League Baseball's bold expansion to California. He was a blend of power, speed, and stylistic bravado that enraptured fans for more than two decades. Now James Hirsch reveals the man behind the player. Mays was a transcendent figure who received standing ovations in enemy stadiums and who, during the turbulent civil rights era, urged understanding and reconciliation. More than his records, his legacy is defined by the pure joy that he brought to fans and the loving memories that have been passed to future generations so they might know the magic and beauty of the game. With meticulous research and drawing on interviews with Mays himself as well as with close friends, family, and teammates, Hirsch presents a brilliant portrait of one of America's most significant cultural icons. "Being directed by the Jimmy Burrows, while on Friends, was like hitting the jackpot. I'm delighted that everyone can now share in his incredible insight with this book."—JENNIFER ANISTON**

**From the director of *The Mary Tyler Moore Show*, *Taxi*, *Cheers*, *Frasier*, and *Will & Grace* comes an insightful and nostalgic behind-the-scenes memoir that's "as difficult to put down as a Friends marathon is to turn off" (The Washington Post). Legendary sitcom director James Burrows has spent five decades making America laugh. Here readers will find never-revealed stories behind the casting of the dozens of great sitcoms he directed, as well as details as to how these memorable shows were created, how they got on the air, and how the cast and crew continued to develop and grow. Burrows also examines his own challenges, career victories, and defeats, and provides advice for aspiring directors, writers, and actors. All this from the man who helped launch the careers of Ted Danson, Kelsey Grammer, Woody Harrelson, Jennifer Aniston, Debra Messing, and Melissa McCarthy, to name a few. Burrows talks fondly about the inspiration he found during his childhood and young adult years, including his father, legendary playwright and Broadway director Abe Burrows. From there he goes on to explain his rigorous work ethic, forged in his early years in theater, where he did everything from stage managing to building sets to, finally, directing. Transitioning to television, Burrows locked into a coveted job with *The Mary Tyler Moore Show*, where he first observed and then started to apply his craft. Directing most of the episodes of *Taxi* came next, where he worked closely with writers/producers Glen and Les Charles. The three formed a remarkable creative partnership that helped Burrows achieve his much sought-after goal of ownership and agency over a project, which came with the creating and directing of the seminal and beloved hit *Cheers*. Burrows has directed more than seventy-five pilots that have gone to series and over a thousand episodes, more than any other director in history. Directed by James Burrows is a heart-and-soul master class in sitcom, revealing what it truly takes to get a laugh. Introduces the Cleveland Cavaliers star LeBron James and recounts his life and his accomplishments on the basketball court. This authoritative biography of film icon James Dean offers a clear-eyed look at the actor who crossed America's cinematic landscape with the brilliance and brevity of a meteor. The dramatic true-life story of George Hogg, a young Oxford graduate who is caught up in the Japanese invasion of**

**China in 1937 and the Chinese Civil war, and who leads a group of Chinese children hundreds of miles across 15,000-foot mountains to safety - only to die tragically in early 1945. The author, James MacManus, was working as a reporter in Shanghai in 1980s when he heard talk of a statue being up in the remote town of Shandon on the Mongolian border in memory of an Englishman called George Hogg. This book is the result of his investigations - and the basis for a major feature film called 'The Children of Huang Shi', directed by Roger Spottiswoode and starring Jonathan Rhys Myers, to be released in spring 2008. One westerner who lived in China throughout the Cultural Revolution described Hogg as "an outstanding young Englishman who fell in love with foreign people and devoted his life to their betterment. What he did made him deeply and widely loved." MacManus has been back to China to interview the surviving old boys of Hogg's school. Hogg's reputation is kept alive by their loyalty to this day. The dramatic trajectory of Hogg's life took him within a few months from a privileged existence at Oxford to life on the run from Japanese secret police in China. The ultimate girl-next-door, and one of the most popular Playboy centerfolds, Bettie Page challenged the conservative 1950s, posing as a fierce dominatrix, and earning both a cult underground following and a Senate Committee investigation. This book chronicles Page's life and career, telling the incredible story of a woman who has left an indelible mark on the history of popular culture. 500 photos. Literary legend James A. Michener was "a Renaissance man, adventurous, inquisitive, unpretentious and unassuming, with an encyclopedic mind and a generous heart" (The New York Times Book Review). In this exceptional memoir, the man himself tells the story of his remarkable life and describes the people, events, and ideas that shaped it. Moving backward and forward across time, he writes about the many strands of his experience: his passion for travel; his lifelong infatuation with literature, music, and painting; his adventures in politics; and the hard work, headaches, and rewards of the writing life. Here at last is the real James Michener: plainspoken, wise, and enormously sympathetic, a man who could truly say, "The world is my home." BONUS: This edition includes an excerpt from James A. Michener's Hawaii. Praise for The World Is My Home "Michener's own life makes one of his most engaging tales—a classic American success story."—Entertainment Weekly "The Michener saga is as full of twists as any of his monumental works. . . . His output, his political interests, his patriotic service, his diligence, and the breadth of his readership are matched only by the great nineteenth-century writers whose works he devoured as he grew up—Dickens, Balzac, Mark Twain."—Chicago Tribune "There are splendid yarns about [Michener's] wartime doings in the South Pacific. There are hilarious cautionary tales about his service on government commissions. There are wonderful inside stories from the publishing business. And always there is Michener himself—analyzing his own character, assessing himself as a writer, chronicling his intellectual life, giving advice to young writers."—The Plain Dealer "A sweepingly interesting life . . . Whether he's having an epiphany over a campout in New Guinea with head-hunting cannibals or getting politically charged by the melodrama of great opera, James A. Michener's world is a place and a time worth reading about."—The Christian Science Monitor Dervish Dust is the authorized biography of "cool cat" actor James Coburn, covering his career, romances, friendships, and spirituality. Thoroughly researched with unparalleled access to Coburn's friends and family, the book's foundation is his own words in the form of letters, poetry, journals, interviews, and his previously unpublished memoirs, recorded in the months before his passing. Dervish Dust details the life of a Hollywood legend that spanned huge changes in the entertainment and filmmaking industry. Coburn grew up in Compton after his family moved from Nebraska to California during the Great Depression. His acting career began with guest character roles in popular TV series such as The Twilight Zone, Bonanza, and Rawhide. In the 1960s Coburn was cast in supporting roles in such great pictures as The Magnificent Seven, Charade, and The Great Escape, and he became a leading man with the hit Our Man Flint. In 1999 Coburn won an Academy Award for his performance in Affliction. Younger viewers will recognize him as the voice of Henry Waterhouse, the cranky boss in Monsters, Inc., and as Thunder Jack in Snow Dogs. An individualist and deeply thoughtful actor, Coburn speaks candidly about acting, show business, people he liked, and people he didn't, with many behind-the-scenes stories from his work, including beloved classics, intellectually challenging pieces, and less well-known projects. His films helped dismantle the notorious Production Code and usher in today's ratings system. Known for drum circles, playing the gong, and participating in LSD research, Coburn was New Age before it had a name. He**

brought his motto, *Go Bravely On*, with him each time he arrived on the set in the final years of his life, when he did some of his best work, garnering the admiration of a whole new generation of fans. *The Life and Legend of James Watt* offers a deeper understanding of the work and character of the great eighteenth-century engineer. Stripping away layers of legend built over generations, David Philip Miller finds behind the heroic engineer a conflicted man often diffident about his achievements but also ruthless in protecting his inventions and ideas, and determined in pursuit of money and fame. A skilled and creative engineer, Watt was also a compulsive experimentalist drawn to natural philosophical inquiry, and a chemistry of heat underlay much of his work, including his steam engineering. But Watt pursued the business of natural philosophy in a way characteristic of his roots in the Scottish "improving" tradition that was in tension with Enlightenment sensibilities. As Miller demonstrates, Watt's accomplishments relied heavily on collaborations, not always acknowledged, with business partners, employees, philosophical friends, and, not least, his wives, children, and wider family. The legend created in his later years and "afterlife" claimed too much of nineteenth-century technology for Watt, but that legend was, and remains, a powerful cultural force. Drawing from new and documented sources, a revisionist portrait of the actor's homosexuality and personal identity conflict argues that Dean's angst-ridden public compliance with rigid sexual mores helped fuel the electricity of his performances. From his deep-lying inside-forward position, James was the creative hub of the classic Arsenal team of the 1930's, collecting the ball from defenders, then spraying passes to either wing. This title recreates the life and times of a remarkable man and one of the greatest players in the history of the game. In *Made by James*, top graphic designer James Martin shares techniques, information, and ideas to help you become a better logo designer. Throughout his long and lusty life, James P. Beckwourth epitomized much of the best and the worst of a fabulous breed, the mountain men of the early West. Trapper, hunter, guide, horse thief, Indian fighter, and Indian chief, he also took part in the Seminole and Mexican wars and the California gold rush before he dictated his memoirs to an itinerant newspaperman, Thomas D. Bonner. Beckwourth was the only black mountain man to record his story; his autobiography, first published in 1856, is a classic of its kind, the western adventure story par excellence. But because it mixes fact and fiction it has long been regarded with suspicion. This edition reproduces the original 1856 printing, and adds notes and an epilogue by Professor Delmont R. Oswald to assist the reader in sifting Beckwourth's life from the legend Beckwourth preferred to create. During the 1920s--in the aftermath of the Arab revolt against Britain--T. E. Lawrence gained global attention, both for his involvement in the Middle Eastern anti-imperialist movement, and for his vivid and sensational writings about his experiences. Following World War I, his appointment as an advisor to Winston Churchill--nearly simultaneous with the release of an American documentary about the revolt--further charged the T. E. Lawrence mania. Despite the emergence of a whole new set of problems in the Middle East, and fueled by the classic status of the epic movie *Lawrence of Arabia*, the T. E. Lawrence mystique continues to fascinate. Controversial and provocative, this revised and updated edition of *Lawrence* James's acclaimed biography penetrates and overturns the mythology that surrounds T. E. Lawrence. With access to previously unavailable documents, James traces the sometimes spurious Lawrence legend back to its truthful roots, peeling back the layers of Lawrence's calculated public persona to reveal the gifted, tortured man behind the shimmering myth. Yet James remains dispassionate and generous in spirit throughout. *The Golden Warrior* presents readers with a fascinating study of one of the twentieth century's most remarkable figures. Full colour coffee table hard cover book looking back at 50 years of Aerosmith. The band has achieved phenomenal success over the years and at no point toned down the raw passion for Rock and Roll that they exude with every performance. From the New York Times bestselling author of *Deacon King Kong* and *The Good Lord Bird*, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on The New York Times bestseller list. As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked her about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being! Educate yourself or you'll be a nobody!' she snapped back. And when James asked about God, she told him 'God is the color of water.' This is the remarkable story of an eccentric and determined woman: a rabbi's daughter,

**born in Poland and raised in the Deep South who fled to Harlem, married a black preacher, founded a Baptist church and put twelve children through college. A celebration of resilience, faith and forgiveness, *The Color of Water* is an eloquent exploration of what family really means. A meticulously researched account about how an alcoholic prostitute was transformed into a Wild West heroine is presented in this biography of Martha Canary, the woman known as Calamity Jane. (Guitar Book). Bassist James Jamerson was the embodiment of the Motown spirit and groove the invisible entity whose playing inspired thousands. His tumultuous life and musical brilliance are explored in depth through hundreds of interviews, 49 transcribed musical scores, two hours of recorded all-star performances, and more than 50 rarely seen photos in this stellar tribute to behind-the-scenes Motown. Features a 120-minute CD! Allan Slutsky's 2002 documentary of the same name is the winner of the New York Film Critics "Best Documentary of the Year" award! A biography of the rock musician Prince by collector and writer James Court. A portrait of Confederate General Stonewall Jackson traces his life from his humble beginnings through his military career, to his untimely death in 1863. If there is any female artist that warrants the title of 'Queen of Pop' it's Madonna. She remains the biggest selling female recording artist on the planet, and undoubtedly one of the greatest living pop stars. Madonna still continues to intelligently reinvent herself with each pioneering album and she has consistently regenerating her music and her image. She has transcended the world of pop for decades to become a true music legend and a global cultural icon. The third book by James Court in *The Life The Genius The Legend* series, follows every part of Madonna's incredible career in real time. Covering every album, every film and each highlight on the most ground breaking and defining female pop stars the music world has seen. Madonna remains completely unique and unchallenged in her longevity and accomplishments in Music, following her extraordinary career through to 2019. This is her definitive story... Aerosmith has achieved phenomenal success over the years and at no point toned down the raw passion for Rock and Roll that they exude with every performance. To understand just how great a Rock band Aerosmith truly are, and to see them like no other band, you have to start at the beginning... The origins of baseball are controversial. James A. Vlasich discusses the debates between two men intimately involved in nineteenth-century baseball, Henry Chadwick and Albert G. Spalding. Abner Graves of the Mills Commission claimed that Abner Doubleday had invented the game and he had done it in Cooperstown, New York. This claim was scrutinized at the time but the myth became etched into baseball history. Through the years, however, some critics have questioned the Mills Commission report. The problem is that the Baseball Hall of Fame is built on this shaky foundation. The lack of diligence on the part of Spalding's self-appointed committee has led to a credibility gap for the baseball shrine that continues a half century after its dedication. Indeed, the story of the building of the Baseball Hall of Fame is filled with intrigue worthy of a political thriller. " A slipcased volume chronicles the Jamaican reggae musician's life, and includes removable reproductions of handwritten lyrics and concert schedules, as well as a compact disc featuring music clips and an interview with the songwriter. Sheena and Tish would have never believed that they'd be principle players in the destiny of mankind, but when their covers are blown, and they're detained and interrogated in Jerusalem, everything changes. Tish's world is shattered in a single night, but later learns that things may not be as they appear, while questioning the motives of all humanity. When they're captured by the US, life becomes perilous in a country that's obsessed with brutality in the shadows of corruption, where money can buy anything regardless of how atrocious, if you've got it, and if you don't, then God help you. Sheena thought it was more than Tish's grace, charm and pure beauty that kept everyone spellbound with her, especially Sheena. It was her vibrant innocence that Tish brought into the most hostile environments that drove everyone crazy. She was like a ray of sunlight in a world of darkness, but that's also why the Emperor wanted to possess her so badly. Conrad had chased Tishia all over the planet and she was still running from him. What was it about her that made him want her so desperately and why couldn't he get anything right with her? He'd never felt this before. With prices on their heads, the infamous terrorists have on-site execution orders in a New World Order that governs by fear. The Armagon has been deployed and is in the control of a tyrant that rules the world from the Temple of Solomon. They're running for their very lives in a world ravaged by war, that's gone mad with illusions to a climax that's incredible- no one knows what's really going on. Get ready for the thrill**

**of a lifetime because here at last is a book that grabs you quick, and is truly hard to lay down. Don't miss the exciting prequel, "EVE'S TRIAL, The Curse" by Albert James**
