CHRIS O'DELL WASN'T FAMOUS. SHE WASN'T EVEN ALMOST FAMOUS. BUT SHE WAS THERE. \* She was in the studio when the Beatles recorded *The White Album*, *Abbey Road*, and *Let It Be*, and she sang in the "Hey Jude" chorus. \* She lived with George Harrison and Pattie Boyd and unwittingly got involved in Pattie's famous love story with Eric Clapton. \* She's the subject of Leon Russell's "Pisces Apple Lady." \* She worked for the Rolling Stones on their infamous 1972 tour and did a drug run for Keith Richards. \* She's "the woman down the hall" in Joni Mitchell's song "Coyote," the "mystery woman" pictured on the Stones album *Exile on Main Street*, and the "Miss O'Dell" of George Harrison's song. The remarkable, intimate story of an ordinary woman who lived the dream of millions—to be part of rock royalty's inner circle—Miss O'Dell is a backstage pass to some of the most momentous events in rock history. Carly Simon's *New York Times* bestselling memoir, *Boys in the Trees*, reveals her remarkable life, beginning with her storied childhood as the third daughter of Richard L. Simon, the co-founder of publishing giant Simon & Schuster, her musical debut as half of The Simon Sisters performing folk songs with her sister Lucy in Greenwich Village, to a meteoric solo career that would result in 13 top 40 hits, including the #1 song "You're So Vain." She was the first artist in history to win a Grammy Award, an Academy Award and a Golden Globe Award, for her song "Let the River Run" from the movie *Working Girl*. The memoir recalls a childhood enriched by music and culture, but also one shrouded in secrets that would eventually tear her family apart. Simon brilliantly captures moments of creative inspiration, the sparks of songs, and the stories behind writing "Anticipation" and "We Have No Secrets" among many others. Romantic entanglements with some of the most famous men of the day fueled her confessional lyrics, as well as the unraveling of her storybook marriage to James Taylor. They've had songs written about them. They've been the subject of legend and lore. Yoko allegedly broke up The Beatles. Pattie dropped George for George's best friend, Eric Clapton. Olivia beat an intruder senseless and bloody with a lamp stand. The stories are endless. These women have lived, loved and fallen under the spell of four of the most famous musicians in the history of popular music. They are the wives of the Beatles, nine women who came from somewhere or nowhere and were thrust into the midst of Beatlemania and pop culture history in the most intimate and public way and lived to tell about it. There have been literally hundreds of books about The Beatles. But *Beatle Wives: The Women the Men We Loved Fell in Love With* is the story of the women who married The Beatles told from their perspective during and after they said their I do's. Their memories and insights are straightforward and pull no punches. Within these pages are the good times and the bad, the moments when their love and marriage went off the rails and the moments when these women had it all and lived happily ever after. "Being a Beatle wife was difficult in the best of times," relates author Shapiro. "The fans hated them. The media hounded them senseless. They were married to men who did not often treat them with kindness and respect. But they stuck it out, many until they could stand it no longer and many who toughed it out through thick and thin. There were happy endings. Sad endings. Endings that will shock, anger or bring a tear. These women have seen it all. This is their story." The definitive biography of Ravi Shankar, one of the most influential musicians and composers of the twentieth century, told with the cooperation of his estate, family, and friends For over eight decades, Ravi Shankar was India's greatest cultural ambassador. He was a groundbreaking performer and composer of Indian classical music, who

brought the music and rich culture of India to the world's leading concert halls and festivals, charting the map for those who followed in his footsteps. Renowned for playing Monterey Pop, Woodstock, and the Concert for Bangladesh—and for teaching George Harrison of The Beatles how to play the sitar—Shankar reshaped the musical landscape of the 1960s across pop, jazz, and classical music, and composed unforgettable scores for movies like *Pather Panchali* and *Gandhi*. In *Indian Sun: The Life and Music of Ravi Shankar*, writer Oliver Craske presents readers with the first full portrait of this legendary figure, revealing the personal and professional story of a musician who influenced—and continues to influence—countless artists. Craske paints a vivid picture of a captivating, restless workaholic—from his lonely and traumatic childhood in Varanasi to his youthful stardom in his brother's dance troupe, from his intensive study of the sitar to his revival of India's national music scene. Shankar's musical influence spread across both genres and generations, and he developed close friendships with John Coltrane, Philip Glass, Yehudi Menuhin, George Harrison, and Benjamin Britten, among many others. For ninety-two years, Shankar lived an endlessly colorful and creative life, a life defined by musical, emotional, and spiritual quests—and his legacy lives on. Benefiting from unprecedented access to Shankar's archives, and drawing on new interviews with over 130 subjects—including his second wife and both of his daughters, Norah Jones and Anoushka Shankar—*Indian Sun* gives readers unparalleled insight into a man who transformed modern music as we know it today. Formerly married to Mick Fleetwood and now to Don Henley's drummer Ian Wallace, Jenny Boyd has spent much of her adult life with the most influential musicians of her generation. Here she provides a forum for musicians in every field of popular music to speak candidly about their lives and the events, people, and other factors that influenced and propelled their own creative processes. 50 photographs. Index. Pattie Boyd caught the eye of Beatle George Harrison while on the set of 'A Hard Day's Night'. Her subsequent marriage to him was the beginning of an extraordinary life as an iconic muse to the nation's musical icons, adored by countless men including her When George Klein was an eighth grader at Humes High, he couldn't have known how important the new kid with the guitar—the boy named Elvis—would later become in his life. But from the first time GK (as he was nicknamed by Elvis) heard this kid sing, he knew that Elvis Presley was someone extraordinary. During Elvis's rise to fame and throughout the wild swirl of his remarkable life, Klein was a steady presence and one of Elvis's closest and most loyal friends until his untimely death in 1977. In *Elvis: My Best Man*, a heartfelt, entertaining, and long-awaited contribution to our understanding of Elvis Presley and the early days of rock 'n' roll, George Klein writes with great affection for the friend he knew—about who the King of Rock 'n' Roll really was and how he acted when the stage lights were off. This fascinating chronicle of boundary-breaking and music-making through one of the most intriguing and dynamic stretches of American history overflows with insights and anecdotes from someone who was in the middle of it all. From the good times at Graceland to hanging out with Hollywood stars to butting heads with Elvis's iron-handed manager, Colonel Tom Parker, to making sure that Elvis's legacy is fittingly honored, GK was a true friend of the King and a trailblazer in the music industry in his own right. A groundbreaking and irresistible biography of three of America's most important musical artists—Carole King, Joni Mitchell, and Carly Simon—charts their lives as women at a magical moment in time. Carole King, Joni Mitchell, and Carly Simon remain among the most enduring and important women in popular music. Each woman is distinct. Carole King is the product of outer-borough, middle-class New York City; Joni Mitchell is a granddaughter of Canadian farmers; and Carly Simon is a child of the Manhattan intellectual upper crust. They collectively represent, in their lives and their songs, a great swath of American girls who came of age in the late 1960s. Their stories trace the arc of the now mythic sixties generation—female version—but in a bracingly specific and deeply recalled way, far from cliché. The history of the women of that generation has never been written—until now, through their resonant lives and emblematic songs. Filled with the voices of many dozens of these women's intimates, who are speaking in these pages for the first time, this alternating biography reads like a novel—except it's all true, and the heroines are famous and beloved. Sheila Weller captures the

character of each woman and gives a balanced portrayal enriched by a wealth of new information. *Girls Like Us* is an epic treatment of midcentury women who dared to break tradition and become what none had been before them—confessors in song, rock superstars, and adventurers of heart and soul. Take a deep dive into the innovative recording history of Led Zeppelin, in this newest addition to the fan-favorite *All the Songs* series. Fifty years after their first practice in a Soho basement, Led Zeppelin continues to fascinate new generations of listeners. While their legendary back-stage debauchery has been written about extensively in other books, *All the Songs* is all about the music, detailing the studio magic and inspiration that made all nine albums go platinum, including Led Zeppelin IV which was certified x23 platinum and has sold more than 37 million copies worldwide. Studio stories will include their productive time at Headley Grange in Wales, a poorly-heated former poorhouse where they recorded parts of Led Zeppelin III, Led Zeppelin IV, *Houses of the Holy* and *Physical Graffiti*. And how the first album was recorded in three weeks but their second took six months, done while the band was on a world tour. They carried the masters of the recording session in a steamer trunk wherever they went. Out of these chaotic sessions came the "Whole Lotta Love," which was finished in New York with Hendrix engineer Eddie Kramer helping create the psychedelic middle part, as well as "The Lemon Song," which was cut live in the studio. Page worked feverishly with Kramer to mix the LP on a primitive 12-channel Altec board in a two-day span. Fans will also learn the genesis of their lyrics, the inspiration for their album covers, the instruments used, and the contributions of engineers such as Andy Johns, who helped create the iconic drum sound on "When the Levee Breaks" by recording Bonham at the bottom of a stairwell. First published as: *Musicians in tune* by Fireside in 1992. Updated to include the escapades of the last 16 years of the "queen of the groupies," this rollicking, piquant, and sometimes heartbreaking follow-up to "I'm With the Band" documents Pamela Des Barres' struggles with postmodern marriage and motherhood. Covering the middle-passage years of the baby-boom generation, this biography portrays a hilarious, inspiring tussle with life's adventures and adversities, from acting with Sylvester Stallone and dancing with Bob Dylan to making ends meet by rooming with struggling celebrities and selling cosmetics. For all its famous names and insider lore, this is a survivor's story--about the anguish of coping with loved ones' addictions, suffering divorce and loss, and the joys and terrors of raising a gifted son--told with grace, charm, and a generous sense of humor. George Harrison and Eric Clapton embarked upon a singular personal and creative friendship that impacted rock's unfolding future in resounding and far-reaching ways. *All Things Must Pass: George Harrison, Eric Clapton, and Other Assorted Love Songs* will trace the emergence of their relationship from 1968 through the early 1970s. In particular, authors Womack and Kruppa devote close attention to the climax of Harrison and Clapton's shared musicianship--the November 1970 releases of *All Things Must Pass*, Harrison's powerful emancipatory statement in the wake of the Beatles, and *Layla and Other Assorted Love Songs*, Clapton's impassioned reimagining of his art via Derek and the Dominos, the band that he created from the wreckage of Cream and Blind Faith. *All Things Must Pass Away* will provide readers with a powerful overview of Harrison and Clapton's relationship, especially in terms of the ways their revolutionary musicianship and songwriting would eclipse rock music as an evolving genre. With *All Things Must Pass* and *Layla*, Harrison and Clapton bequeathed twin recorded statements that advanced rock 'n' roll from a windswept 1960s idealism into the edgy new reality of the 1970s. What would compel a man to place himself in constant danger in order to become a member of a wolf pack? To eat with them, putting his head into a carcass alongside the wolves' gnashing teeth? To play, hunt, and spar with them, suffering bruises and bites? To learn their language so his howl is indistinguishable from theirs? To give up a normal life of relationships and family so that he can devote himself completely to the protection of these wild animals? In *The Man Who Lives with Wolves*, Shaun Ellis reveals how his life irrevocably changed the first time he set eyes on a wolf. In exhilarating prose, he takes us from his upbringing in the wilds of Norfolk, England, to his survival training with British Army Special Forces to the Nez Percé Indian lands in Idaho, where he first ran with a wolf pack for nearly two years. Offering an extraordinary look into the lives of these threatened, misunderstood creatures, Ellis shares how he ate raw kill--and little else; washed rarely, and only in plain water; learned to bury his face into the carcasses of prey--and, when necessary, to defend his share of the kill; communicated with the pack by his howls and body language, which over time became seemingly identical to

theirs; and observed from this unique vantage point how wolves give birth to and raise their young, and enforce order among the pack. After years of living in the wild, Shaun Ellis was barely able to recognize the feral face that stared back at him from the mirror. And in *The Man Who Lives with Wolves*, we discover the life of a rare and fascinating man who abandoned civilization but never lost touch with his humanity. From the Yardbirds to Cream, Blind Faith to Derek and the Dominos, and a hugely-successful solo career, Eric Clapton's fifty years in the music business can look like an uninterrupted rise to become one of the greatest guitar players who ever lived. But his story is as complicated as it is fascinating. Clapton's god-like skill with a guitar was matched by an almost equal talent for self-destruction. He has never shied away from telling the truth about his battles with drink and drugs - or the sometimes catastrophic impact they had on the other people in his life, including his first wife Pattie Boyd. And without those deep personal lows we may never have had the musical highs that won him millions of fans. His story is also one of a long but successful road to sobriety, redemption and happiness. *Motherless Child* chronicles Clapton's remarkable journey: the music, the women, the drugs, the cars, the guitars, the heartbreak and the triumphs are all here. The book includes interviews with some people close to Clapton who have never spoken on the record before. It explores his musical legacy as one of the most influential musicians of his generation, and as the keeper of the flame for the blues. Offers a rare inside view of the Beatles and the cultural revolution of which they were a part, with a personal recollection of Harrison's evolution as a musician and composer. The "magisterial biography" (Chicago Tribune) of the most enigmatic Beatle, now in a paperback edition. Winner of the 2020 Baillie Gifford Prize for Non-Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time "If you want to know what it was like to live those extraordinary Beatles years in real time, read this book." —Alan Johnson, *The Spectator* Though fifty years have passed since the breakup of the Beatles, the fab four continue to occupy an utterly unique place in popular culture. Their influence extends far beyond music and into realms as diverse as fashion and fine art, sexual politics and religion. When they appeared on *The Ed Sullivan Show* in 1964, fresh off the plane from England, they provoked an epidemic of hoarse-throated fandom that continues to this day. Who better, then, to capture the Beatles phenomenon than Craig Brown—the inimitable author of *Ninety-Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society? This wide-ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore. When actress Eleanor Bron touched down at Heathrow with the Beatles, she thought that a flock of starlings had alighted on the roof of the terminal—only to discover that the birds were in fact young women screaming at the top of their lungs. One journalist, mistaken for Paul McCartney as he trailed the band in his car, found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield. Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant's heartbeat so as to induce a hypnotic state in listeners? And just how many people have employed the services of a Canadian dentist who bought John Lennon's tooth at auction, extracted its DNA, and now offers paternity tests to those hoping to sue his estate? *150 Glimpses of the Beatles* is, above all, a distinctively kaleidoscopic examination of the Beatles' effect on the world around them and the world they helped bring into being. Part anthropology and part memoir, and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen, this book is a humorous, elegiac, and at times madcap take on the Beatles' role in the making of the sixties and of music as we know it. First published in 1987, *New York Times* bestseller, *I'm With The Band* has been reprinted throughout the years, all over the world. This is the stylish, exuberant and sweetly innocent tale of one of the most famous groupies of the 1960s and 70s. Beginning with Pamela Des Barres' early obsession with Elvis, her own Beatlemania madness, and her fierce determination to meet the musicians who rocked her world, *I'm With The Band* illuminates the glory days of scintillating encounters with musical gods including Jim Morrison, Jimi Hendrix, Mick Jagger and Keith Moon. A girl just wanting to have fun, Des Barres immersed herself in the drugs, danger and ecstasy of the freewheeling 1960s. As a member of *The GTOs* (Girls Together Outrageously), an all-female group masterminded by Frank Zappa, Des Barres was in the thick of the most revolutionary renaissance in the history of modern popular music. She travelled with Led Zeppelin; lived in sin with Don Johnson; turned down a date with Elvis Presley; and was close friends with Robert Plant, Gram

Parsons and Ray Davies. She had affairs with Mick Jagger, Jimmy Page, Keith Moon, Waylon Jennings, Chris Hillman, Noel Redding, and Jim Morrison, among others. A woman in possession of her own destiny, Des Barres blazed a trail for women's life-writing, standing up for female voices and experience everywhere. From original diaries, told with great warmth, *chutzpah* and *joie de vivre*, this is a frank memoir that wears its heart on its sleeve, and recalls one of rock 'n' roll's most thrilling eras. This edition contains new material from the author, including her response to the vitriolic shaming of groupies, and a foreword by Roisin O'Connor, rock journalist and music correspondent for the Independent.

**#1 NEW YORK TIMES BESTSELLER** • For the first time, rock music's most famous muse tells her incredible story "A charming, lively and seductive book . . . The appeal of *Wonderful Tonight* is as self-evident as the seemingly simple but brash opening chord of 'A Hard Day's Night.'"—The New York Times Book Review

Pattie Boyd, former wife of both George Harrison and Eric Clapton, finally breaks a forty-year silence and tells the story of how she found herself bound to two of the most addictive, promiscuous musical geniuses of the twentieth century and became the most legendary muse in the history of rock and roll. The woman who inspired Harrison's song "Something" and Clapton's anthem "Layla," Pattie Boyd has written a book that is rich and raw, funny and heartbreaking—and totally honest. From the bestselling author of *Shout!*, comes the definitive biography of Eric Clapton, a Rock legend whose life story is as remarkable as his music, which transformed the sound of a generation. For half a century Eric Clapton has been acknowledged to be one of music's greatest virtuosos, the unrivalled master of an indispensable tool, the solid-body electric guitar. His career has spanned the history of rock, and often shaped it via the seminal bands with whom he's played: the Yardbirds, John Mavall's Bluesbreakers, Cream, Blind Faith, Derek and the Dominoes. Winner of 17 Grammys, the Rock 'n' Roll Hall of Fame's only three-time inductee, he is an enduring influence on every other star soloist who ever wielded a pick. Now, with Clapton's consent and access to family members and close friends, rock music's foremost biographer returns to the heroic age of British rock and follows Clapton through his distinctive and scandalous childhood, early life of reckless rock 'n' roll excess, and twisting & turning struggle with addiction in the 60s and 70s. Readers will learn about his relationship with Pattie Boyd—wife of Clapton's own best friend George Harrison—the tragic death of his son, which inspired one of his most famous songs, "Tears in Heaven," and even the backstories of his most famed, and named, guitars. Packed with new information and critical insights, *Slowhand* finally reveals the complex character behind a living legend. These are the stories of Nettie Baker, eldest daughter of legendary 'wild man' -- Graham Bond Organisation / Cream / Blind Faith / Airforce drummer Ginger. From poverty to riches and back, featuring a colourful cast of characters known and unknown; set in the vanished world of 60s /70s/80's UK pop culture. With striking intimacy and candor, Eric Clapton tells the story of his eventful and inspiring life in this poignant and honest autobiography. More than a rock star, Eric Clapton is an icon, a living embodiment of the history of rock music. Well known for his reserve in a profession marked by self-promotion, flamboyance, and spin, he now chronicles, for the first time, his remarkable personal and professional journeys. Born illegitimate in 1945 and raised by his grandparents, Eric never knew his father and, until the age of nine, believed his actual mother to be his sister. In his early teens his solace was the guitar, and his incredible talent would make him a cult hero in the clubs of Britain and inspire devoted fans to scrawl "Clapton is God" on the walls of London's Underground. With the formation of Cream, the world's first supergroup, he became a worldwide superstar, but conflicting personalities tore the band apart within two years. His stints in Blind Faith, in Delaney and Bonnie and Friends, and in Derek and the Dominos were also short-lived but yielded some of the most enduring songs in history, including the classic "Layla." During the late sixties he played as a guest with Jimi Hendrix and Bob Dylan, as well as the Beatles, the Rolling Stones, and longtime friend George Harrison. It was while working with the latter that he fell for George's wife, Pattie Boyd, a seemingly unrequited love that led him to the depths of despair, self-imposed seclusion, and drug addiction. By the early seventies he had overcome his addiction and released the bestselling album *461 Ocean Boulevard*, with its massive hit "I Shot the Sheriff." He followed that with the platinum album *Slowhand*, which included "Wonderful Tonight," the touching love song to Pattie, whom he finally married at the end of 1979. A short time later, however, Eric had replaced heroin with alcohol as his preferred vice, following a pattern of behavior that not only was detrimental to his music but contributed to the eventual breakup of his

marriage. In the eighties he would battle and begin his recovery from alcoholism and become a father. But just as his life was coming together, he was struck by a terrible blow: His beloved four-year-old son, Conor, died in a freak accident. At an earlier time Eric might have coped with this tragedy by fleeing into a world of addiction. But now a much stronger man, he took refuge in music, responding with the achingly beautiful "Tears in Heaven." Clapton is the powerfully written story of a survivor, a man who has achieved the pinnacle of success despite extraordinary demons. It is one of the most compelling memoirs of our time. *Raga Mala* is an unprecedented look at Ravi Shankar, master of the sitar and one of the most enduring and inspirational performers of the twentieth century. In 1968, the Beatles went to Rishikesh, India, studied transcendental meditation, and wrote music. These intimate photos are the only record of their time in this sacred retreat. This new edition of *The Beatles in India* brings intimate images of the group, taken at an ashram in Rishikesh, India, to a wider audience than ever before. No photographers or press were allowed at Maharishi Mahesh Yogi's ashram in the foothills of the Himalayas, but the Beatles had no objection to fellow visitor Paul Saltzman freely snapping pictures during their time there. This unprecedented access resulted in an extensive collection of intimate photos of the world's most beloved rock band during one of their most serene and productive periods, only two years before the official dissolution of the group. Containing a wide-ranging narrative by Saltzman—about everything from the story of how "Dear Prudence" came to be to George Harrison's description of the first time he picked up a sitar—this unique and exclusive exploration of one of the Beatles' most tender and bittersweet periods is a must-have for all fans of the legendary rock group. Cynthia and John Lennon's relationship spanned ten crucial years of the Beatles phenomenon. But as well as new insight into the Beatles years, Cynthia has a compelling personal story of marriage, motherhood and the man who was to become the most idolised and admired of all the Beatles. Cynthia is candid about the cruel and the loving sides of John. She tells of the end of their marriage and the beginning of his relationship with Yoko Ono in more detail than ever before, and reveals the many difficulties estrangement from John - and then his death - brought for herself and Julian. Cynthia is a remarkable survivor and this is her extraordinary story and unique insight into a man loved and idolised all over the world. Pattie Boyd was the Queen of the Sixties and beyond...a drop-dead gorgeous model, photographer, and the inspiration for the timeless songs *Something*, *Layla* and *Wonderful Tonight*. Her story is one of drama, struggle and, ultimately, affirmation, but her struggles (against addiction, tragedy, infertility) were lived with two of the twentieth century's greatest musical icons: her husbands George Harrison and Eric Clapton. Now, after 40 years, she tells her extraordinary story. From growing up in Kenya in a privileged but broken home, becoming a sixties supermodel, working with David Bailey and Ozzie Clarke, and meeting the Beatles, to marriage to George and then Eric, to the accidents and brushes with tragedy ? her own and Eric's ? this is a mesmerising human story. Written with the acclaimed biographer and journalist Penny Junor, *WONDERFUL TODAY* is rich and raw, it is funny, heartbreaking and heartwarming. This book provides fresh insight into the creative practice developed by Paul McCartney over his extended career as a songwriter, record producer and performing musician. It frames its examination of McCartney's work through the lens of the systems model of creativity developed by Mihaly Csikszentmihalyi and combines this with the research work of Pierre Bourdieu. This systems approach is built around the basic structures of idiosyncratic agents, like McCartney himself, and the choices he has made as a creative individual. It also locates his work within social fields and cultural domains, all crucial aspects of the creative system that McCartney continues to be immersed in. Using this tripartite system, the book includes analysis of McCartney's creative collaborations with musicians, producers, artists and filmmakers and provides a critical analysis of the Romantic myth which forms a central tenet of popular music. This engaging work will have interdisciplinary appeal to students and scholars of the psychology of creativity, popular music, sociology and cultural studies. "I was a Long Island kid that graduated college in 1976 and moved to Greenwich Village. Two years later, I was working The Mudd Club door. Standing outside, staring at the crowd, it was "out there" versus "in here" and I was on the inside. The Mudd Club was filled with the famous and soon- to- be famous, along with an eclectic core of Mudd regulars who gave the place its identity. Everyone from Jean-Michel Basquiat, Jeff Koons, and Robert Rauschenberg to Johnny Rotten, The Hell's Angels, and John Belushi: passing through, passing out, and some, passing on. Marianne Faithful and Talking Heads, Frank Zappa,

William Burroughs, and even Kenneth Anger— just a few of the names that stepped on stage. No Wave and Post- Punk artists, musicians, filmmakers, and writers living in a nighttime world on the cusp of two decades. This book is a cornucopia of memories and images, and how this famed wicked downtown club attained the status of midtown and uptown. There was nothing else like it— I met everyone, and the job quickly defined me. I thought I could handle it, and for a while, I did. —Richard Boch

George Harrison on George Harrison is an authoritative, chronologically arranged anthology of Harrison's most revealing and illuminating interviews, personal correspondence, and writings, spanning the years 1962 to 2001. Though known as the "Quiet Beatle," Harrison was arguably the most thoughtful and certainly the most outspoken of the famous four. This compendium of his words and ideas proves that point repeatedly, revealing his passion for music, his focus on spirituality, and his responsibility as a celebrity, as well as a sense of deep commitment and humor. Photographer Henry Grossman befriended the Beatles in the 1960s, traveling with them around the world. His photos show their lives behind the fame, with intimate glimpses into their personal lives. This book contains nearly 1,000 photos, most of which are unseen. An extraordinary visual memoir from Pattie Boyd—model, photographer, and muse to rock 'n roll royalty. The former wife of both George Harrison and Eric Clapton, Pattie Boyd is perhaps the most famous muse of all time, inspiring Harrison's "Something" and Eric Clapton's "Layla" and "Wonderful Tonight." Swept up into the height of Beatlemania as a young model, Boyd captured endless photographs of her years with the band, and later with Clapton. In *Pattie Boyd: My Life Through A Lens*, Boyd offers candid and intimate photographs of rock royalty and the elite social circles of the 60s and 70s, and also shares the drawings, paintings, and mementos collected from a life shared with pop-culture icons. Alongside it all are Boyd's own stirring reflections, giving a look into the golden age of rock 'n roll that only a woman at the center of it all could provide. That the Beatles were an unprecedented phenomenon is a given. In *Can't Buy Me Love*, Jonathan Gould explains why, placing the Fab Four in the broad and tumultuous panorama of their time and place, rooting their story in the social context that girded both their rise and their demise. Nearly twenty years in the making, *Can't Buy Me Love* is a masterful work of group biography, cultural history, and musical criticism. Beginning with their adolescence in Liverpool, Gould describes the seminal influences—from Elvis Presley and Chuck Berry to The Goon Show and Alice's Adventures in Wonderland—that shaped the Beatles both as individuals and as a group. In addition to chronicling their growth as singers, songwriters, and instrumentalists, he highlights the advances in recording technology that made their sound both possible and unique, as well as the developments in television and radio that lent an explosive force to their popular success. With a musician's ear, Gould sensitively evokes the timeless appeal of the Lennon-McCartney collaboration and their emergence as one of the most creative and significant songwriting teams in history. Behind the scenes Gould explores the pivotal roles played by manager Brian Epstein and producer George Martin, credits the influence on the Beatles' music of contemporaries like Bob Dylan, Brian Wilson, and Ravi Shankar, and traces the gradual escalation of the fractious internal rivalries that led to the group's breakup after their final masterpiece, Abbey Road. Most significantly, by chronicling their revolutionary impact on popular culture during the 1960s, *Can't Buy Me Love* illuminates the Beatles as a charismatic phenomenon of international proportions, whose anarchic energy and unexpected import was derived from the historic shifts in fortune that transformed the relationship between Britain and America in the decades after World War II. From the Beats in America and the Angry Young Men in England to the shadow of the Profumo Affair and JFK's assassination, Gould captures the pulse of a time that made the Beatles possible—and even necessary. As seen through the prism of the Beatles and their music, an entire generation's experience comes astonishingly to life. Beautifully written, consistently insightful, and utterly original, *Can't Buy Me Love* is a landmark work about the Beatles, Britain, and America. Deana Martin's captivating, heartfelt memoir of her father, Dean Martin Charming, debonair, and impeccably attired in a black tuxedo, Dean Martin was coolness incarnate. His music provided the soundtrack of romance, and his image captivated movie and television audiences for more than fifty years. His daughter Deana was among his most devoted fans, but she also knew a side of him that few others ever glimpsed. In this heartfelt memoir, Deana recalls the constantly changing blended family that marked her youth, along with the unexpected moments of silliness and tenderness that this unusual Hollywood family shared. She candidly reveals the impact of Dean's fame

[shipping.nipost.gov.ng](http://shipping.nipost.gov.ng)

and characteristic aloofness, but delights in sharing wonderful, never-before-told stories about her father and his pallies known as the Rat Pack. This enchanting account of life as the daughter of one of Hollywood's sexiest icons will leave you entertained, delighted, and nostalgic for a time gone by. Children will recognize their favorite toys as a trumpet, dollhouse, pair of roller skates, tricycle, and a parade of other fun-time objects pass by. Robert Johnson is the subject of the most famous myth about the blues: he allegedly sold his soul at the crossroads in exchange for his incredible talent, and this deal led to his death at age 27. But the actual story of his life remains unknown save for a few inaccurate anecdotes. *Up Jumped the Devil* is the result of over 50 years of research. Gayle Dean Wardlow has been interviewing people who knew Robert Johnson since the early 1960s, and he was the person who discovered Johnson's death certificate in 1967. Bruce Conforth began his study of Johnson's life and music in 1970 and made it his mission to fill in what was still unknown about him. In this definitive biography, the two authors relied on every interview, resource and document, most of it material no one has seen before. As a result, this book not only destroys every myth that ever surrounded Johnson, but also tells a human story of a real person. It is the first book about Johnson that documents his years in Memphis, details his trip to New York, uncovers where and when his wife Virginia died and the impact this had on him, fully portrays the other women Johnson was involved with, and tells exactly how and why he died and who gave him the poison that killed him. *Up Jumped the Devil* will astonish blues fans who thought they knew something about Johnson. From pirate radio to Buckingham Palace and an MBE, Johnnie Walker tells the amazing story of how he came to be one of the best known and most loved broadcasters in Britain, with a voice recognised by millions. Obsessed with music, the young Johnnie longed to move the crowd with the kind of beats he found irresistible. Deejaying in local dance halls and pubs around his childhood home in Solihull gave him a taste for playing his beloved music, and his success showed he had real talent. A great future beckoned. With luck and not a little front, he swung himself a slot on the newly launched pirate radio station Radio England, and Johnnie Walker's incredible career began. Now he tells the full and extraordinary story. Here is the national bestseller that *Newsday* called "the most authoritative and candid look yet at the personal lives...of the oft-scrutinized group." In *The Love You Make*, Peter Brown, a close friend of and business manager for the band—and the best man at John and Yoko's wedding—presents a complete look at the dramatic offstage odyssey of the four lads from Liverpool who established the greatest music phenomenon of the twentieth century. Written with the full cooperation of each of the group's members and their intimates, this book tells the inside story of the music and the madness, the feuds and the drugs, the marriages and the affairs—from the greatest heights to the self-destructive depths of the Fab Four. In-depth and definitive, *The Love You Make* is an astonishing account of four men who transformed the way a whole generation of young people thought and lived. It reigns as the most comprehensive, revealing biography available of John, Paul, George, and Ringo. Includes 32 pages of rare and revealing photos A Literary Guild® Alternate Selection
