This Mortal Coil Mar 18 2022 “Redefines ‘unputdownable.’” –Amie Kaufman, New York Times bestselling author of *Illuminae* “I was thrilled. I was shocked.” –NPR “Stunning twists and turns.” –BCCB (starred review) In this gripping debut novel, seventeen-year-old Cat must use her gene-hacking skills to decode her late father’s message concealing a vaccine to a horrifying plague. Catarina Agatta is a hacker. She can cripple mainframes and crash through firewalls, but that’s not what makes her special. In Cat’s world, people are implanted with technology to recode their DNA, allowing them to change their bodies in any way they want. And Cat happens to be a gene-hacking genius. That’s no surprise, since Cat’s father is Dr. Lachlan Agatta, a legendary geneticist who may be the last hope for defeating a plague that has brought humanity to the brink of extinction. But during the outbreak, Lachlan was kidnapped by a shadowy organization called Cartaxus, leaving Cat to survive the last two years on her own. When a Cartaxus soldier, Cole, arrives with news that her father has been killed, Cat’s instincts tell her it’s just another Cartaxus lie. But Cole also brings a message: before Lachlan died, he managed to create a vaccine, and Cole needs Cat’s help to release it and save the human race. Now Cat must decide who she can trust: The soldier with secrets of his own? The father who made her promise to hide from Cartaxus at all costs? In a world where nature itself can be rewritten, how much can she even trust herself?

dreams of writing poetry like the old-world poems she adores; she dreams of receiving a sign from Dihya that one day, she, too, will have adventure, and travel beyond her isolated home. But when adventure comes for Amani, it is not what she expects: she is kidnapped by the regime and taken in secret to the royal palace, where she discovers that she is nearly identical to the cruel half-Vathek Princess Maram. The princess is so hated by her conquered people that she requires a body double, someone to appear in public as Maram, ready to die in her place. As Amani is forced into her new role, she can't help but enjoy the palace's beauty—and her time with the princess' fiancé, Idris. But the glitter of the royal court belies a world of violence and fear. If Amani ever wishes to see her family again, she must play the princess to perfection...because one wrong move could lead to her death.

The Hunger Games Oct 01 2020 First in the ground-breaking HUNGER GAMES trilogy, this new foiled edition of THE HUNGER GAMES is available for a limited period of time. Set in a dark vision of the near future, a terrifying reality TV show is taking place. Twelve boys and twelve girls are forced to appear in a live event called The Hunger Games. There is only one rule: kill or be killed. When sixteen-year-old Katniss Everdeen steps forward to take her younger sister's place in the games, she sees it as a death sentence. But Katniss has been close to death before. For her, survival is second nature.

Material Girls Sep 23 2022 In this dystopian thriller, fashion is making everyone a victim: “A captivating and fast-paced ride” (Joelle Charbonneau, New York Times–bestselling author of The Testing trilogy). In Marla Klein and Ivy Wilde’s world, teens are the gatekeepers of culture. A top fashion label employs sixteen-year-old Marla to dictate hot new clothing trends, while Ivy, a teen pop star, popularizes the garments that Marla approves. Both girls are pawns in a calculated but seductive system of corporate control, and both begin to question their world’s aggressive levels of consumption. Now they’re joining forces to subversively resist and overturn the industry that controls every part of their lives . . . Smart, provocative, and entertaining, this thrilling page-turner questions the cult-like mentality of fame and fashion. Are you in or are you out? “Through its likable characters, sly humor, and smart, fast-moving plot, this entertaining debut raises serious questions about the costs of disposable fashion and pursuit of celebrity.” –Kirkus Reviews

Literary Theory and Criticism: An Introduction Jul 30 2020 Literary Theory and Criticism: An Introduction provides an accessible overview of major figures and movements in literary theory and criticism from antiquity to the twenty-first century. It is designed for students at the undergraduate level or for others needing a broad synthesis of the long history of literary theory. An introductory chapter provides an overview of some of the major issues within literary theory and criticism; further chapters survey theory and criticism in antiquity, the Middle Ages and Renaissance, the Enlightenment, and the nineteenth century. For twentieth- and twenty-first-century theory, the discussion is subdivided into separate chapters on formalist, historicist, political, and psychoanalytic approaches. The final chapter applies a variety of theoretical concepts and approaches to two famous works of literature: William Shakespeare's *Hamlet* and Mary Shelley's *Frankenstein*.

Divergent Visions, Contested Spaces Jul 10 2021 This multicultural project examines fictional and non-fictional accounts of travel in the Early Republic and antebellum periods. Connecting literary representations of geographic spaces within and outside of U.S. borders to evolving definitions of national American identity, the book explores divergent visions of contested spaces. Through an examination of depictions of the land and travel in fiction and non-fiction, the study uncovers the spatial and legal conceptions of national identity. The study argues that imagined geographies in American literature dramatize a linguistic contest among dominant and marginal

voices. Blending interpretations of canonical authors, such as James Fenimore Cooper, Frederick Douglass, Richard Henry Dana, Jr., and Herman Melville, with readings of less well-known writers like Gilbert Imlay, Elizabeth House Trist, Sauk Chief Black Hawk, William Grimes, and Moses Roper, the book interprets diverse authors' impressions of significant spaces migrations. The movements and regions covered include the Anglo-American migration to the Trans-Appalachian Valley after the Revolutionary War; the 1803 Louisiana Purchase and Anglo-American travel west of the Mississippi; the Underground Railroad as depicted in the fugitive slave narrative and novel; and the extension of American interests in maritime endeavors off the California coast and in the South Pacific.
