"Deserves a spot next to Fast Food Nation and To Kill a Mockingbird in America's high school curriculums. To say it may save lives is self-evident." —New York Times Book Review (Editor's Choice) NEW YORK TIMES BESTSELLER • A BEST BOOK OF THE YEAR: San Francisco Chronicle, Christian Science Monitor, Kirkus, Winnipeg Free Press One of the decade's most original and masterfully reported books, *A Deadly Wandering* by Pulitzer Prize-winning New York Times journalist Matt Richtel interweaves the cutting-edge science of attention with the tensely plotted story of a mysterious car accident and its aftermath to answer some of the defining questions of our time: What is technology doing to us? Can our minds keep up with the pace of change? How can we find balance? On the last day of summer, an ordinary Utah college student named Reggie Shaw fatally struck two rocket scientists while texting and driving along a majestic stretch of highway bordering the Rocky Mountains. A Deadly Wandering follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings on the impact technology has on our brains, showing how these devices play to our deepest social instincts. A propulsive read filled with surprising scientific detail, riveting narrative tension, and rare emotional depth, *A Deadly Wandering* is a book that can change—and save—lives. Darnel knows he is treading in dangerous waters, but he doesn't care. From the moment he first sees Keri, a beautiful new assistant, he is intrigued. She is smart, sexy, and alluringly elegant. Laura is a striking beauty, a dark-skinned temptress in high heels. Her beauty is only skin-deep, however, and her brilliant smile masks the darkness of her soul all too well. From a distance, she looks like a sophisticated lady, but that's just her disguise. Up close, she's nothing but trouble, and now she has set her sights on destroying Keri and Darnel's happiness. Laura launches a meticulously planned assault on the couple, and they must now use every skill they have to save themselves. Unable to prevent disaster, Keri watches helplessly as her life begins to spiral down into the abyss Laura has created for her. Can love truly conquer all in time to save her life—let alone her relationship? In this Prohibition-era caper, society matron Lola Woodby agrees to recover a stolen film reel for its rightful owner, but before she can retrieve it, the man in possession of the reel is killed This Cinderella goes from ashes to ashes in the new Victorian-era Fairy Tale Fatal Mystery by the author of *Snow White Red-Handed* . . . Variety hall actress Ophelia Flax's plan to reunite her friend Prue with her estranged—and allegedly wealthy—mother, Henrietta, is met with a grim surprise. Not only is the marquise's Paris mansion a mouse-infested ruin, but Henrietta has inexplicably vanished, leaving behind an evasive husband, two sinister stepsisters, and a bullet-riddled corpse in the pumpkin patch decked out in a ball gown and one glass slipper—a corpse that also happens to be a dead ringer for Prue. Strangely, no one at 15 rue Garenne seems concerned about who plugged this luckless Cinderella or why, so the investigation is left to Ophelia and Prue. It takes them through the labyrinthine maze of the Paris Opera, down the trail of a legendary fairy tale relic, into the confidence of a wily prince charmless, and makes them vulnerable to the secrets of a mysterious couturière with designs of her own on Prue's ever-twisting family history. "In a narrative nonfiction format, follows people who experienced the Challenger tragedy and controversy"-- #1 NEW YORK TIMES BESTSELLER • From the author of *Killers of the Flower Moon* comes a masterpiece of narrative nonfiction that unravels the greatest exploration mystery of the twentieth century—the story of the legendary British explorer who ventured into the Amazon jungle in search of a fabled civilization and never returned. "Reads with all the pace and excitement of a movie thriller...At once a biography, a detective story and a wonderfully vivid piece of travel writing." —The New York Times After stumbling upon a hidden trove of diaries, acclaimed writer David Grann set out to determine what happened to the British explorer Percy Fawcett and his quest for the Lost City of Z. For centuries Europeans believed the Amazon, the world's largest rain forest, concealed the glittering kingdom of El Dorado. Thousands had died looking for it, leaving many scientists convinced that the Amazon was truly inimical to humankind. In 1925 Fawcett ventured into the Amazon to find an ancient civilization, hoping to make one of the most important discoveries in history. Then he vanished. Over the years countless perished trying to find evidence of his party and the place he called "The Lost City of Z." In this masterpiece, journalist David Grann interweaves the spellbinding stories of Fawcett's quest for "Z" and his own journey into the deadly jungle. Look for David Grann's latest book, *The Wager*, coming soon! The English explorer Henry Hudson devoted his life to the search for a water route through America, becoming the first European to navigate the Hudson River in the process. In *Fatal Journey*, acclaimed historian and biographer Peter C. Mancall narrates Hudson's final expedition. In the winter of 1610, after navigating dangerous fields of icebergs near the northern tip of Labrador, Hudson's small ship became trapped in winter ice. Provisions grew scarce and tensions mounted amongst the crew. Within months, the men mutinied, forcing Hudson, his teenage son, and seven other men into a skiff, which they left floating in the Hudson Bay. A story of exploration, desperation, and icebound tragedy, *Fatal Journey* vividly chronicles the undoing of the great explorer, not by an angry ocean, but at the hands of his own men. New York Times–bestselling author This exciting new installment in the County Cork Mystery series has "plenty for cozy lovers to enjoy" and drips with the charm—and menace—of its atmospheric Irish setting (New York Journal of Books) Some secrets are too big to stay buried... A few months ago, Boston expat Maura Donovan was rekindled with her mother after more than twenty years of absence. Since then, Maura has been getting accustomed to Irish living, complete with an inherited house and a pub named Sullivan's. But now, her mother has returned—and she's brought Maura's half-sister in tow. To make matters more confusing, a handful of Cork University students are knocking on Maura's door asking about a mystical fairy fort that happens to be located on Maura's piece of land. The lore indicates that messing with the fort can cause bad luck, and most everyone is telling Maura not to get too involved for fear of its powers, but Maura is curious about her own land, and she definitely doesn't buy into the superstition. Then one of the students disappears after a day of scoping out the fort on Maura's property. Maura treads carefully, asking the folks around town who might have an idea, but no one wants anything to do with these forts. She has to take matters into her own hand—it's her land, after all. But when she uncovers a decades-old corpse buried in the center of the fort, nothing is for certain. It all begins with a letter.
