Running a restaurant requires wearing many hats, but not all hats will fit you well. There is no substitute for a good tax attorney, but this book by former IRS attorney Robert V. Boeshaar comes pretty close. Drawing on fourteen years of experience at the IRS, Mr. Boeshaar guides you through the morass of tax law. You will learn: -How to identify which tax obligations your business must meet-How to avoid unpleasant and costly problems with the IRS-How to resolve back taxes -What options you have when you can This book is written for taxpayers who have been enduring IRS problems for years, many without help from their loved ones. Most of them are successful

professionals, entrepreneurs, dedicated mothers, fathers, wives, and husbands who want to protect their careers, businesses, spouses, and children from any financial troubles at all costs. They have kept their IRS troubles a secret and suffered tax anxiety disorder for years. These people can be the most admired, gentlest, and easy-going persons; however, they sometimes vent their secret frustrations at their employees or their loved ones. Because of tax anxiety disorder, they can be a completely different person in public and in private with different personalities. These relatives wonder what is happening to their fathers, mothers, and spouses who are very compassionate in public but sometimes act violently at home. Studies have been conducted about this type of emotional disorder that has taken a toll on a large population and some have suggested how to combat this mental disorder. Anxiety disorders can take on several forms, such as chronic worry, phobias, social anxiety, obsessive-compulsive, and panic. It is a psychological condition that affects highly productive people in a myriad of ways, including shame, frustration, hostility, fatigue, insomnia, irritable bowel syndrome and various other stress-induced diseases. Fear of IRS, panic at tax filing time, afraid of receiving IRS letters, etc. are among the symptoms of tax anxiety disorder syndrome. The disorder also affects the way a sufferer thinks, acts, and interacts with others. Ironically, most sufferers are extremely proficient at concealing their symptoms, and as such, they typically suffer in silence. As with any disorder syndrome, as long as the cause can be discovered, the cure will be found with help of professionals in the field. The treatment utilizes strategies such as providing education on the nature of anxiety and helping clients learn to identify and adjust from unhelpful thought patterns. In some cases, help comes too late to be effective. Some have to spend time in jail; some even commit suicide before their problems come to light. Anh Le, CPA, EA, is a Certified Public Accountant licensed in Illinois and Missouri. He is also a federal certified Enrolled Agent in front of the IRS. He specializes in tax resolution, and tax defense in finding solution for client's tax debt. He has been in business for more than 25 years with taxation focus for the last 10 years. In this book, Anh Le will start the transformation process by identifying tax anxiety disorder syndrome symptoms, analyzing the roots of tax anxiety disorder, consequences of the disorder and IRS actions against them, finding solutions, and avoiding the same problems from happening

again. In the process, he will also dispel any myths of quick-fix solutions for your IRS problems. Also, he will discuss a new travel ban used against trouble taxpayers, and also some tax issue trivia. Anh Le works with average clients who are for whatever reason at odd with the IRS. He has helped thousands resolve their IRS issues. His clients are from all over the country, but the majority is in greater St Louis area and southwestern Illinois. Most of clients praise him for his "quick, efficient, and effective services" (Robert Gagliano, Glen Carbon, IL). The keys of success have been his comprehensive approach in tax resolution process, from case discovery to tax compliance, in order to arrive at the best tax solution for clients. New York Times bestselling author T. R. Reid travels around the world to solve the urgent problem of America's failing tax code, unravelling a complex topic in plain English - and telling a rollicking story along the way. The U.S. tax code is a total write-off. Crammed with loopholes and special interest provisions, it works for no one except tax lawyers, accountants, and huge corporations. Not for the first time, we have reached a breaking point. That happened in 1922, and again in 1954, and again in 1986. In other words, every thirty-two years. Which means that the next complete overhaul is due in 2018. But what should be in this new tax code? Can we make the U.S. tax system simpler, fairer, and more efficient? Yes, yes, and yes. Can we cut tax rates and still bring in more revenue? Yes. Other rich countries, from Estonia to New Zealand to the UK—advanced, high-tech, free-market democracies—have all devised tax regimes that are equitable, effective, and easy on the taxpayer. But the United States has languished. So byzantine are the current statutes that, by our government's own estimates, Americans spend six billion hours and \$10 billion every year preparing and filing their taxes. In the Netherlands that task takes a mere fifteen minutes! Successful American companies like Apple, Caterpillar, and Google effectively pay no tax at all in some instances because of loopholes that allow them to move profits offshore. Indeed, the dysfunctional tax system has become a major cause of economic inequality. In *A Fine Mess*, T. R. Reid crisscrosses the globe in search of the exact solutions to these urgent problems. With an uncanny knack for making a complex subject not just accessible but gripping, he investigates what makes good taxation (no, that's not an oxymoron) and brings that knowledge home where it is needed most. Never talking down or reflexively

siding with either wing of politics, T. R. Reid presses the case for sensible root-and-branch reforms with a companionable ebullience. This affects everyone. Doing our taxes will never be America's favorite pastime, but it can and should be so much easier and fairer. IRS TAX LIENS? SEIZED BANK ACCOUNTS? WAGE GARNISHMENT? IRS WANTS YOUR HOUSE? Problem Solved!!! Stop IRS collection activities NOW! Learn how to get rid of IRS tax liens, stop defaults and IRS property seizures, and put your life back together again! Tax Attorney and IRS Enrolled Agent, David J. Magee, Esq., expertly guides taxpayers through the labyrinthine IRS web of rules and regulations to show: -How to get rid of the IRS "secret lien" and restore your credit! -9 ways to save your property from immediate seizure by avoiding the IRS' dreaded "won't pay" list. -5 proven strategies for protecting your house from an IRS seizure. -How to SAVE your business when the IRS wants to shut it down for unpaid trust fund taxes. -6 ways to permanently eliminate IRS tax liens, restore your credit rating, and get your life back. -3 effective strategies for getting permanent relief from serious and financially crippling tax problems caused by your spouse or ex-spouse. -Time-tested proactive strategies using Installment Agreements and Offers in Compromise to get out of the IRS doghouse, save your property, and restore peace to your life! This Quick Guide is for taxpayers who need help: Taxpayers with serious IRS problems who are looking for effective and timely solutions that will resolve their tax debt. Each year it is estimated that over 20 million taxpayers have a tax issue or problem with the IRS. And the chances are, the path to resolving that tax problem is covered in the Tax Problems and Solutions Handbook. Working with the IRS can be complicated and frustrating - even for the most knowledgeable tax professional. The rules in resolving tax problems often appear unclear and they change often, leaving tax professionals and taxpayers with no line-of-sight to resolving their tax problems. The Handbook provides the most current practical know-how to convey that line-of-sight. The Handbook will provide direction on how to resolve the most common IRS problems for individuals. The first section provides guidance on the most common post-filing actions: contacting and working with the IRS to obtain information and helping tax professionals practice effectively before the IRS. The remaining sections of the Handbook focus on each of the major tax problem categories: audits/underreported notices, collection issues,

penalties, unfiled returns, and spousal issues. The issues in these categories constitute most of the problems for individual taxpayers. The book provides solutions to these problems. Contains extensive coverage of the tax issues faced by all types of contractors, including large and small contractors, homebuilders, and other specialty trades, provides you with the clear, concise guidance you need to expertly address your tax issues. This book provides strategies and solutions to IRS levies, wage garnishment, tax liens and IRS audits. It provides the reader with a comprehensive solution to resolving their IRS problems. Included in the book are 5 effective strategies for removing yourself from an IRS liability created by your spouse, 6 proven strategies for reducing your tax debts with the IRS, 9 ways of removing tax liens from your property even when you still owe the IRS, 20 ways of stopping the IRS Collections Process, effective strategies of keeping the IRS from collecting a tax debt and making sense of bankruptcy. As the recent scandal shows, the IRS is big, bad, and out of control. Grover Norquist analyzes the problems within the agency and presents solutions to rein them in. The driving force behind the American Revolution was our forefathers' refusal to accept unfair taxation. Citizens rose up, won a war against impossible odds, and established the most unique government on the face of the earth, with taxes set at about 2 percent. How much has changed since 1776? The strength of Americans resolve is still unrivaled, and Grover Norquist, founder and president of Americans for Tax Reform, knows that once liberty-loving Americans learn the truth behind the oppressive and prosperity-stifling taxes we face today, they'll rise up again. Urging his fellow citizens to join him, Norquist tells a powerful and urgent story that will convince you we must act now to END THE IRS BEFORE IT ENDS US. Learn to prepare personal income tax for beginners. Enrolled Agent Review Part 1 Registered Tax Preparer Review Course Bonus Ethics and Tax Updates 2013 The Handbook will provide direction on how to resolve the most common IRS problems for individuals. The first section provides guidance on the most common post-filing actions: contacting and working with the IRS to obtain information and helping tax professionals practice effectively before the IRS. The remaining sections of the Handbook focus on each of the major tax problem categories: audits/underreporter notices, collection issues, penalties, unfiled returns, and spousal issues. The issues in these categories constitute most of the problems for

individual taxpayers. The book provides solutions to these problems A how-to book of practical know-how for the some 25 million Americans who are self-employed -- about business deductions, easy recordkeeping, estimated taxes, pension plans -- everything an independent professional needs to know about the tax consequences of his or her business. Americans are going overseas in a steady stream. Many are tourists for whom Paris, Tokyo, Bangkok and many other cities are just their latest in a long series of conquests. Other Americans will be staying longer. Theirs is the sobering challenge to move into another cultural setting and to establish both home and work in a strange and often perplexing situation. These are the Expatriates for whom this book is written. The veterans of overseas service have their favorite horror stories, and part of the ritual is to pass these along to the newcomer. The tax challenges have often been a part of these horror stories as the newcomer finds out that the information that he had been given in the past was either totally wrong or incomplete. Careful thinking about what is involved may raise the flag of caution. Any move is hard: the overseas move is one of the very hardest. The mistake about the tax laws involved for expatriates can be both costly and embarrassing. Those who want to make the overseas experience the highlight of a lifetime are invited to read, reflect, plan and prepare armed with the information in this book to be well informed on all the tax implications of living overseas. The reader will find in this book a reassuring tone that says, "You can make it." Scaring people into foreign expatriate tax compliance is out of style. the task today development of new skill and/or realizing that you can no longer keep abreast of the whole expatriate tax situation, and can no longer prepare your own return as you have for years in the past and realize you need the help of a tax professions who is well versed in all the intricacies of expatriate laws. Further, the ultimate settlement that is reached between the parties regarding the division

of money and assets would probably have been far different if the IRS problem was addressed before or during the divorce proceedings. Let's bring your IRS problem out into the sunshine so that we can permanently solve your IRS problem together! The definitive book on the Fairtax and its potential to save the U.S. economy In the century since it was created, the federal income tax system has grown into a monster that threatens the well-being of average citizens and business owners as well as the very foundations of our economy and our democracy. But there's a better alternative: the FairTax. Its supporters argue that the federal government should stop taxing what goes into the economy-earnings, savings, and investments-and start taxing what comes out: consumption. The result would be the same amount of revenue but more growth, much less political corruption, and a far healthier relationship between Americans and their government. Ken Hoagland of the FairTax Institute is an expert on this grassroots movement, and his book offers the clearest explanation of this revolutionary idea. He details the history of income tax collection in this country and current lobbying practices that have bloated the tax code to 67,500 pages of irrational regulations. Anyone who has ever shuddered as April 15 approaches or who simply cares about making the country better will be fascinated by Hoagland's research and conclusions. Internal Revenue Service payroll tax audits and debts can cause financial turmoil on a business with employees. Knowing what causes payroll tax debts and audits, how to address cause of tax problem, compliance requirements and determining the best solution to the audit or debt leads to preventing IRS Collection Actions that can cost thousands if not hundreds of thousands of dollars in tax representation fees. Knowing who to hire when a business owner, officer needs professional help is also covered in this book. Not all tax professionals know or want to represent employers with payroll audits or payroll tax debts. The reason is that IRS Payroll Tax Audit and Debt resolution has over twenty six different processes and procedures. It is a grey area that covers administrative procedures, tax law according to the Internal Revenue Code, Treasury Regulations, Tax Court case decisions, Bankruptcy law, Criminal and fraud case issues and many other factors that can affect the manner in which a tax professional training, knowledge and expertise is utilized to secure the best resolution options for the client. Tax Attorney, Certified Public Account and Enrolled Agents are the only three types

of tax professionals that can represent clients with IRS Collection problems. Do not get fooled by tax relief companies that promise a Fresh Start, Offers in Compromise and penalty abatement solutions. Not all cases fall into these potential resolution options. Bankruptcy is not a solution for payroll tax debts are not discharged. You can file bankruptcy which is in the majority of cases very costly. Bankruptcy Attorneys' in Los Angeles are known to charge more than Forty-Thousand dollars to file bankruptcy for a business. That is the starting retainer amount. The IRS Collection Officer is known as the business terminator for they will take enforcement action if and when businesses do not follow directions and provide solutions to payroll tax debts. Liens are recorded, levies (garnishments) issued to known accounts receivable, financial institutions, third party holders of funds for the tax debtor. Furthermore, the Revenue Officer can take seizure action and shut down a business for accumulating payroll taxes. Sale of business assets and at times personal assets with equity will also be enforced. Then, there is the issue of what is known as the Trust Fund Recovery Penalty. The payroll tax withholding amount unpaid for each quarterly tax period is calculated and added to the employee share of Social Security tax withholding and Medicare tax taken from their pay. Then, the person at the employer who individually was responsible for paying payroll taxes for the entity (employer) and who willfully fails to pay can be billed individually for the unpaid payroll taxes. There is a whole process that is worked simultaneously by the Revenue Officer by interviews, securing business records, financial records and personal financial statements to determine the collection potential of the payroll tax debt from personal assets of the non-paying individual or entity. Read Internal Revenue Code 6672. This in itself will cost the employer and those persons who failed to make sure the taxes were paid over to the U.S. Treasury. Stories of businesses that had payroll tax problems when the Author of this book was a Revenue Officer are provided as examples for the business owners, officers, directors and members of businesses. Avoid the accumulating payroll tax debts at all costs. Even if your company hires a payroll service provider company or individual. You are ultimately responsible for verifying that payroll taxes are filed and paid according to the federal tax deposit rules and regulations. Avoid the high penalties for failure to file, failure to pay, failure to deposit, interest and many other consequences that will affect your business

financially. Criminal prosecution and injunctions may also affect your business and personal finances. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Are you satisfied with the taxes you pay? Are you confident you're taking advantage of every available break? Is your tax advisor giving you proactive advice to save on taxes? If you're like most investors, your answers are "no," "no," and "huh?" And if that's the case, I've got bad news and I've got good news. The bad news is, you're right. You do pay too much tax - maybe thousands more per year than the law requires. You're almost certainly not taking advantage of every tax break you can. Our tax code is thousands of pages long, with tens of thousands of pages of regulations. There are thousands more pages of IRS guidance, along with volumes of court cases interpreting all those laws, regulations, and guidance. The sad reality is, there's probably no one alive taking advantage of every tax break they're entitled to, simply because there are so many breaks out there. And most tax advisors aren't very proactive when it comes to saving their clients money. They put the "right" numbers in the "right" boxes on the "right forms," and get them filed by the "right" deadlines. But then they call it a day. They do a fine job recording the history you give them. But wouldn't you prefer someone to help you write history? The good news is, you don't have to feel that way. You just need a better plan. And you've already taken a giant step in that direction, whether you realize it or not. You have more control over the taxes you pay on your investments than you do over any other aspect of

your portfolio! Now you just need to take advantage of what you already have. Michael Rozbruch, CPA, Certified Tax Resolution Specialist and founder of Michael Rozbruch's Tax & Business Solutions Academy, that coaches and helps practitioners build highly profitable IRS representation practices, has written this book and is sharing some of his industry secrets. In this book he will show you how to add 3 to 10 new tax resolution clients a month--with minimum expense to you; how to close 80%-90% of the prospects that come in through your various marketing channels and the Who, What, Where, When and How to Charge tax resolution clients effectively and in advance. Michael helped pioneer the tax resolution industry over 16 years ago and built a practice from zero to over \$20 million in 10 years. The IRS may choose to review a taxpayer's accounts and financial information to ensure all tax laws are being followed. When you get ready to prepare your taxes, you may be concerned about making a mistake or doing anything else that could trigger an IRS tax audit. Even though the IRS only audited 0.4% of individual income tax returns in 2019, many taxpayers live in fear of a letter from the IRS questioning items on their return. Do yourself a favor and try to file the return the right way the first time and reduce your chances of receiving an IRS notice or even minimize your chances of winning the IRS audit lottery. This book will explain how the IRS selects many returns for audit along with 41 different tax errors or goofs that people make every year and keep you from being a bigger target for an IRS audit. The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especially for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J. Kohler delivers a comprehensive analysis of the new tax and legal structure you desperately need to help make the new tax law work for you. In this revised edition of The Tax and Legal Playbook, Kohler reveals clear-cut truths about tax and legal planning and delivers a practical, play-by-play guide that helps you build wealth, save on taxes, and protect your assets. Using real-world case studies, tax-savvy tips, game plans, and discussion points, Kohler coaches you through the complexities of the tax game of the small-business owner. You'll also learn how to: Examine your business needs and pick the right business entity for you Build your personal and corporate credit in eight steps Implement affordable asset

protection strategies Take advantage of underutilized business tax deductions Pick the right health-care, retirement, and estate plans Bring on partners and investors the right way Plan for your future with self-directed retirement funds Reading from cover to cover or refer to each chapter as needed, you will come away wiser and better equipped to make the best decisions for your business, your family, and yourself. Stop losing sleep over taxes and the IRS. This book introduces readers to the ins and outs of saving money on taxes and provides easy to understand advice concerning ways to avoid trouble with the IRS. There is no need to wonder if you are paying your fair share of your hard earned money or if your return will be red flagged for a costly audit or fine. This book gives readers guidance on: Common filing mistakes and misconceptions. Tax saving tips. What happens if you can't pay your taxes. Options if you can't pay your taxes. Causes of audits. What you should do if you are being audited Tax information for itemizing, businesses, rental properties, farms and capital gains. 2018 Tax changes. Valuable general tax information. Why are some returns red flagged while others are not? Is there help when the IRS comes calling? This book provides information on the IRS Offer in Compromise, which allows qualified people to settle their tax liability for less than the full amount owed. This book provides solutions, procedures and practical information for maximizing your return and dealing with IRS issues This updated edition offers everything independent professionals need to know about business deductions and record keeping. I want to thank you sincerely for taking the time to read this book. I know you'll be happy you did. The messages you are about to discover will change the way you think about retirement planning, and, for many of you, it will absolutely empower the future for you and your family, for generations to come. At the heart of this book are surprising secrets designed to save you and your loved ones a fortune in assets - potential buckets of money your estate would otherwise give up to the government, for no reason at all! Here's why: I don't want to sound like someone caught up in conspiracy theories (not my style) but I strongly suspect that Congress may be out to get me...and YOU...tax-wise, that is! And for good reason: During the past five years, in particular, we as a nation have run up one mountain of debt and deficit and if we don't want to stand idly by, and watch significant portions of our estate legacies disappear, it's time to alter a few well-entrenched financial strategies.

We all know about the massive federal debt our country amassed during the last recession. That's no secret, is it? We also know that, as a nation, we will all have to pitch in and somehow pay it all off. The one way to get there will be through increased taxation. Count on it. Who will pay the tax? You and I will be asked to pay the brunt of it; you can count on that as well. Prudent investors and those trying to preserve their assets in retirement must accordingly begin to think about certain, perfectly legal, money making tax-preservation strategies, the fundamentals of which I will reveal to you in the coming pages of this book. I can't say it enough: My clients have been astounded by the results. Once they realize how simple and easy it is to save thousands upon hundreds of thousands of dollars in family assets, they realize how financially devastated their families might have been had they never heard the invaluable, wealth-saving advice you are about to review. It is certainly no secret that from the beginning of 2013 the federal government began raising income taxes, not only for the wealthy but for most Americans across the board. Sure, many of us have been deferring the eventual payment of taxes through instruments like annuities. But a time of reckoning is coming for millions of retirees. While many prudent investors and retirees have been solidly immersed in tax deferral investment vehicles, an impending vulnerability actually created by tax deferral forms one of the central points I want to make in this book. Fact is, the IRS is entitled to its fair share of income tax and if we have been deferring tax in things like annuities and IRAs over the past decade or more, many of us may be losing sleep over the next big hurdle in the financial planning process. Here's where this book departs from others you may have read: I'm not talking about the accumulation or preservation of retirement assets, I'm leading up to the one central issue so many of us have wanted to avoid through the years. I'm talking about the final "distribution" phase of retirement planning, when government taxation stands to take a toll, not only on your current financial picture but the legacy many must inevitably leave behind. A book that describes how to solve IRS Tax Problems including Case Studies of Taxpayers who have solved their IRS Tax Problems● What to Do If You Have an IRS Problem● The Steps Involved in Solving an IRS Tax Problem● Solutions to Solving IRS Tax Problems● Difficulties in Solving IRS Tax Problems Decode IRS appraisal regulations and find practical solutions to current issues

Qualified Appraisers and Qualified Appraisals provides clarification on complex IRS guidelines, and offers solutions and insight that can help appraisers adhere to the latest Treasury Regulations concerning appraisals submitted in tax matters. From the Uniform Standards of Professional Appraisal Practice to IRS regulations, this book explores the body of law that has arisen around the production of “qualified appraisals” that the government and courts will accept. The discussion covers estate, gift, charitable contribution, income taxes, and more, with expert guidance on the interpretation and application of complex regulations. As appraisers often are called upon to provide expert testimony in court, this book shares effective methods including the novel “hot-tubbing” technique that eliminates the appearance of bias in favor of a less-adversarial discussion. Cases are dissected as they relate to application of existing appraisal laws, and the companion website features checklists, references, and additional cases as they become available. The IRS regulations on qualified appraisers and qualified appraisals have sparked a storm of controversy, and have raised more questions than they have answered. This book acknowledges the problems and offers solutions to help appraisers produce work the IRS and courts will accept. Understand the laws surrounding “qualified appraisals” and “qualified appraisers” Gain insight on testifying as an expert, including new techniques Explore solutions to common issues the IRS raises with respect to qualified appraisals and qualified appraisers Examine cases that illustrate the nuances of appraisal law application In order for an appraisal to satisfy the government, an appraisal must be performed by a “qualified appraiser” specific for the type of property in question. This broad statement leaves much to question, but Qualified Appraisers and Qualified Appraisals provides the answers appraisers need to comply with the law and produce work that meets the latest standards. More than 20 million people are self-employed and 70 percent of home businesses overpay on their taxes. This concise, step-by-step guide shows self-employed people in all professions exactly how to take advantage of every tax deduction allowable by law, while steering clear of the IRS. INSIDER'S SECRETS: The IRS Auditors, USDOJ, Criminal Investigators, Tax Professionals and Tax Protest Promoters do not want you to know. Documented with real life cases. Proven by official IRS case results. 31/2 IRS RED FLAGS: It is 1) NOT how to cheat the Taxman 2) NOT a list of deductions that you can get

from the IRS, tax software, tax books, internet, research or classes and 3) NOT cryptic or useless red flags like DIF score or "You'll get audited if you have itemized deductions, high earnings, under-report income, or own a business." _____ 31/2 IRS RED FLAGS: Be a TAX HOUDINI - Cut taxes and avoid the audit traps of IRS Tax, Flat Tax and Fair Tax, even when others fail. It is the true solution for everyone, especially high audit-risk tax returns (tax credits, itemized deductions, high income and business - contractors, sole proprietors, partnerships, non-profit, estates, trusts, corporations & Fortune 500). This No-Nonsense book documents real life cases from author's 20+ years of IRS representation, in and out of court, explains in plain English, three-and-half things that you can do to realistically, legally and easily 1) Cut your taxes by up to 50% or more, 2) Reduce your IRS audit risk by up to 99%, 3) Increase your chance of surviving the IRS audit unscathed by up to 780% 4) Reduce your assessments by up to 99% even when you fail an audit and 5) Substantially reduce, if not eliminate your risk of a criminal conviction or imprisonment.

_____ DEAN Q. WYNN, CPA, MBA is a Director at Wynn-Wynn Tax Solutions, Inc., is a Certified Public Accountant with a Master of Accountancy. This book is based on his 20+ years of experience, working with various attorneys (Sam L. Milledge, Altaf Adam, Samuel L. Milledge and Eric T. McFerren) to help our clients with estate planning, corporate restructuring and tax resolutions, with 99% success in resolving IRS problems that other tax professionals created or failed to settle. Our team has successfully resolved thousands of cases with the IRS, Grand Jury Investigation, CID, FBI, USDOJ, SEC, ICE, USCIS, ATF, DHS, TWF, and Texas Comptroller. Our clients call our team a Godsend, settling cases in and out of court (tax, bankruptcy, criminal, and civil) by reaching win-win solutions for all involved such that there was no need for anyone to be convicted or imprisoned. _____ We have come to realize that saving one life at a time is a slow and tedious process. If you like this book, please help us and others by referring it to your family and friends... asking them to refer it to their family and friends, and so on. It may save somebody from losing their job, family, lifetime wealth, health, freedom or even lives. In fact, if you know of any desperate taxpayer, who's at risk of losing his or her "life" and/or freedom due to IRS issues but cannot afford this book, please let us know. We'll gladly send him/her a complimentary copy and, if necessary, provide advices free of charge.

____ MARCH 2018 INTRODUCTORY SPECIAL: \$30 author's rebate to all paperback customers in exchange for your honest reviews (good, bad or ugly). Please allow up to 3-4 months for Amazon to process all payments and credits. ____ Kindle format available @ \$19.99 Kindle MatchBook available @ \$0.99

Just mentioning the IRS breeds fear into most people. It throws them into an emotional prison and paralyzes them from taking action. This shouldn't be the case. For every IRS tax problem, there is a solution. In these pages, tax resolution specialist Jesus Z. Abikarram shares the truth about the IRS and, if you find yourself in trouble, what you can do to regain your freedom. Inside this book you'll learn: What to do when you receive a notice from the IRS How to handle the threat of liens, levies, and losses Why you shouldn't believe the IRS myths that keep people in fear How to stop receiving those persistent letters Where to find the keys that can remove the financial shackles of the IRS And so much more After reading this book, you'll know exactly what you should do when the IRS shows up on your doorstep (or in your mailbox). You don't need to panic. You don't need to fear. There are solutions to the challenges you face. Read this book and you'll know how to Free Yourself from the I.R.S. Statistics show that 1 in 15 Americans have some type of tax problem. This means that between 14 and 15 million Americans have an IRS tax problem of some kind. The IRS has several types of solutions to help troubled taxpayers, including Installment Agreements, Penalty Abatement, Innocent Spouse Relief, and yes, the Offer in Compromise. The book walks the taxpayer step-by-step through the Offer in Compromise process. Starting with how to do a complete financial evaluation to see if you qualify for an OIC. It then lead you step-by-step in how to complete the required Forms 433-A and 656. It explains what happens after the offer is submitted and the process the offer takes through the IRS. There are also ten money saving tips included to help the taxpayer qualify for the lowest offer amount possible. For example, did you know that you could qualify for an additional \$200 per month of allowable transportation operating expenses if your vehicle has over 75,000 miles or is six years old or more. There are also four "Top-Secret" allowable expenses explained that many people are unaware of, even tax professionals. This book can be used as your guide to help you prepare your own Offer in Compromise or as a reference book to ensure that your tax professional doesn't miss anything.
