The novel tells the story of the sculptor Jocelyn Pierston's search for the ideal woman, through three generations of a Portland family. A frightening suspense novel about nine-year-old Trisha, who becomes lost in the woods as night falls. "A man's silence is wonderful to listen to." Thomas Hardy (2nd June 1840 - 11th January 1928), celebrated poet and writer, was born in a modest thatched cottage near Dorchester in the West country, to a builder father. His mother came from a line of intelligent, lively and ambitious women so ensured her son had the best formal education available for their modest means although this ended when he was 16. He became a draughtsman specialising in the building of churches was able to give it up to be a full time writer and poet with the publication of Far From the Madding Crowd which became a bestseller and like much of his work was serialised. His writing reflects his passionate beliefs for social reform and exposes the hypocrisy of the rules of the

Victorian age which constrained many freedoms with convention and restricted the transcending of class boundaries. His novels are almost entirely set in rural Wessex which although fictional is clearly rooted in the SW counties of England where he was born and lived most of his life. Hardy's writing caused controversy in his lifetime but despite this he was highly praised and showered with honorary doctorates from many universities, a knighthood, which he refused and in 1910 the prestigious Order of the Merit. This book is set on the rugged peninsular Isle of Slingers and follows the lifelong quest of acclaimed sculptor Jocelyn Pierston for his elusive ideal woman, the Well Beloved of the title. Whilst he is able to animate her beauty in stone he is unable to find her in one woman but does eventually fall in love successively with three women at the age of 20, 40 and 60 who are all from the same family, mother, daughter and granddaughter. There are twists and turns through the story of the superficial nature of romantic love, obsession, infatuation and growing old. Hardy depicts the landscape and its people so evocatively that many feel it is the most beautiful prose he has ever written. Hardy noted that Marcel Proust developed "the theory exhibited in *The Well Beloved*" claiming that when we fall in love it is essentially with a figment of our own invention. *The Well-Beloved: A Sketch of a Temperament* is a novel by Thomas Hardy. A cottage housing what is now part of Portland Museum, on the Isle of Portland, founded by Marie Stopes, a friend of Hardy and his wife, was an inspiration for the book. A Victorian realist in the tradition of George Eliot, he was influenced both in his novels and in his poetry by Romanticism, especially William Wordsworth. Charles Dickens was another important influence. Like Dickens, he was highly critical of much in Victorian society, though Hardy focused more on a declining rural society. While Hardy wrote poetry throughout his life and regarded himself primarily as a poet, his first collection was not published until 1898. Initially, therefore, he gained fame as the author of novels, including *Far from the Madding Crowd* (1874), *The Mayor of Casterbridge* (1886), *Tess of the d'Urbervilles* (1891), and *Jude the Obscure* (1895). Hardy's poetry, though prolific, was not as well received during his lifetime. It was rediscovered in the 1950s, when Hardy's poetry had a significant influence on the Movement poets of the 1950s and 1960s, including Philip Larkin. Most of his fictional works - initially published as serials in magazines - were set in the semi-

fictional region of Wessex. They explored tragic characters struggling against their passions and social circumstances. Hardy's Wessex is based on the medieval Anglo-Saxon kingdom and eventually came to include the counties of Dorset, Wiltshire, Somerset, Devon, Hampshire and much of Berkshire, in southwest and south central England..... A poignant story of a sculptor's all-time search for his ideal woman. To slake this desire he falls in love with three women in the same family, each of a different generation - grandmother, mother and daughter and also carves the figure of a naked Aphrodite. Hardy's splendid novel that merges tragedy and mockery is heartwarming due to its dominating themes of destiny and betrayal. Heart-rending! The cottage acted as the home of Avice, the novel's heroine. Drawing on a broad concept of desire, informed by poststructuralist theorists this book examines the range of Hardy's work. It demonstrates the sustained nature of his thinking about desire, its relationship to the social and symbolic network in which human subjectivity is constituted and art's potential to offer fulfilment to the desiring subject. Chapter I 'A fair vestal, throned in the west' Elfride Swancourt was a girl whose emotions lay very near the surface. Their nature more precisely, and as modified by the creeping hours of time, was known only to those who watched the circumstances of her history. Personally, she was the combination of very interesting particulars, whose rarity, however, lay in the combination itself rather than in the individual elements combined. As a matter of fact, you did not see the form and substance of her features when conversing with her; and this charming power of preventing a material study of her lineaments by an interlocutor, originated not in the cloaking effect of a well-formed manner (for her manner was childish and scarcely formed), but in the attractive crudeness of the remarks themselves. She had lived all her life in retirement—the monstrari gigito of idle men had not flattered her, and at the age of nineteen or twenty she was no further on in social consciousness than an urban young lady of fifteen. One point in her, however, you did notice: that was her eyes. In them was seen a sublimation of all of her; it was not necessary to look further: there she lived. These eyes were blue; blue as autumn distance—blue as the blue we see between the retreating mouldings of hills and woody slopes on a sunny September morning. A misty and shady blue, that had no beginning or surface, and was looked INTO rather than AT. As to her presence, it was not powerful; it was weak. Some women can make their personality pervade the atmosphere of a whole banqueting hall; Elfride's was no more pervasive than that of a kitten. Elfride had as her own the thoughtfulness which appears in the face of the Madonna della Sedia, without its rapture: the warmth and spirit of the type of woman's feature most common to the beauties—mortal and immortal—of Rubens, without their insistent fleshiness. The characteristic expression of the female faces of Correggio—that of the yearning human thoughts that lie too deep for tears—was hers sometimes, but seldom under ordinary conditions. Jocelyn Pierston, celebrated sculptor, tries to create an image of his ideal woman - his imaginary "Well-Beloved" - in stone, just as he tries to find her in the flesh. This remarkable novel was first serialised as *The Pursuit of the Well-Beloved* in 1892, between *Tess of the d'Urbervilles* (1891) and *Jude the Obscure* (1895). It was thoroughly reworked several times before appearing as a book in 1897. The definitive version was published in 1912, by which time Hardy had ceased writing novels and turned his attention to poetry. These successive revisions over

a period of twenty years are testament to both the author's literary perfectionism and the importance he ascribed to this particular novel. Jocelyn Pierston returns to his childhood Wessex as a young sculptor of twenty, in search of an ideal he describes his Well-Beloved; she takes form in successive women, who never manage to remain The Ideal for long. Pierston is astonished to discover the Well-Beloved in his childhood neighbour Avice, a beautiful, simple woman fashioned from local stock. He proposes: she accepts, but at the last minute slips away. Twenty years later, aged forty and still searching for the Well-Beloved, Pierston falls in love with Avice's daughter... and another twenty years later her granddaughter. has stopped, and history is doomed to repeat itself. Proust was fascinated by this tale - and the pursuit of Avice I, II and III foreshadows the link between Odette and Gilberte in *A la recherche du temps perdu*, with the mother-daughter bond marking the passage of time in both works. Proust read Hardy's tale when *Recherche* was no more than a sketch, writing in a 1910 letter such a beautiful work, which unfortunately resembles - yet a thousand times better - what I myself am doing. This is an exquisite short story exploring the theme of the well-beloved from the female point of view... The Well-Beloved completes the cycle of Hardy's great novels, reiterating his favourite themes of man's eternal quest for perfection in both love and art, and the suffering that ensues. Jocelyn Pierston, celebrated sculptor, tries to create an image of his ideal woman - his imaginary Well-Beloved - in stone, just as he tries to find her in the flesh. Powerful symbolism marks this romantic fantasy that Hardy has grounded firmly in reality with a characteristically authentic rendering of location, the Isle of Slingers, or Portland as we know it. Overt exploration of the relationship between erotic fascination and creativity makes this novel a nineteenth-century landmark in the persistent debate about art, aesthetics and gender. Thomas Hardy was an English novelist and poet of the naturalist movement, although he has shown elements of the previous romantic and enlightenment periods of literature, such as his fascination with the supernatural. He regarded himself primarily as a poet and composed novels mainly for financial gain. The bulk of his work, set mainly in the semi-fictional land of Wessex, delineates characters struggling against their passions and circumstances. Hardy said that he first introduced Wessex in *Far from the Madding Crowd*, which was his first financially successful novel, so much so that we was able to give up architectural work and pursue a literary career. Academic Paper from the year 2013 in the subject Literature - Modern Literature, Masaryk University , language: English, abstract: The aim of this paper is to analyse the character of Jocelyn Pierston as a tragic hero. The paper focuses on two novels - "The Pursuit of the Well-Beloved" and "The Well- Beloved" - and is divided into two main chapters, while the latter novel is preferred. The first half of the work is dedicated to the Aristotelian concept of the tragic hero, its usage and the conditions for a protagonist to be labeled as such. In addition, some of Thomas Hardy's opinions on humanity, fate and nature will be shown and discussed with several sources, as well as his attitude towards tragic heroes. In the second half the main protagonist is thoroughly examined in both novels in order to find his tragic flaw and understand his character. By the analysis of various tragic effects depicted in the source texts the thesis tries to argue whether Pierston fulfills those conditions and is a tragic hero or whether he simply lacks the needed qualities. The Well Beloved is one of Hardy's last novels. It was first published in three-part serial form in 1892, and then revised and re-published as a book in 1897, after Hardy's last novel *Jude the Obscure* (1895) Hardy has presented the brilliant portrayal of an artist who is searching for his ideal woman.
