Whether attending conferences, visiting clients, or going to sales meetings, travel is an unavoidable necessity for many businesspeople. Today's high-tech enabled businessperson travels with electronic devices such as smartphones, tablets, laptops, health sensors, and Google Glass. Each of these devices offers new levels of productivity and efficiency, but they also become the weak link in the security chain: if a device is lost or stolen during travel, the resulting data breach can put the business in danger of physical, financial, and reputational loss. Online Security for the Business Traveler provides an overview of this often overlooked problem, explores cases highlighting specific security issues, and offers practical advice on what to do to ensure business security while traveling and engaging in online activity. It is an essential reference guide for any travelling business person or security professional. Chapters are organized by travel stages for easy reference, including planning, departure, arrival, and returning home Touches on the latest technologies that today's business traveler is using Uses case studies to highlight specific security issues and identify areas for improved risk mitigation This book offers middle and high school teachers useful suggestions and strategies for cultivating literacy in their classrooms, focusing primarily on the key skills of reading and writing. It discusses the nature of standards-based education and emphasizes the power and importance of good literature in the ELA curriculum. Included are detailed approaches to reading and writing with simple strategies for teaching close reading of complex text, as well as textual evidence and elaboration. A variety of sample performance tasks are included for commonly taught works of American and world literature as well as a variety of strategies to strengthen students reading and writing skills needed for success in college and the workplace. This book is a practical handbook for teachers, who can easily find appropriate strategies to use in their classrooms and begin implementing them right away. It is a useful collection of tips with suggestions and instructions for implementing effective and engaging literacy strategies and performance tasks. <http://gateinstructors.in> Solved Papers GATE: Computer Science and Information Technology 10 Years' Solved Papers GATE: Computer Science and Information Technology, a product for The GATE. Give them just what they want, and make them happy! Answer keys are provided. This volume presents new research on the pragmatics of personal pronouns. Whereas personal pronouns used to have a reputation of poor substitutes for full NP's, recent research shows that personal pronouns are a fundamental, if not universal, category, whose pragmatics is central to their understanding. For instance, personal pronouns may indicate attentional continuity or social deixis, and take on genre-specific pragmatic effects. The authors of the present collection investigate such effects and analyse competing forms in context (e.g. she / her in subject position), as well as their pragmatic functions in an extensive range of genres such as advertising, TV series, charity appeals, mother/child interaction or computer-mediated communication. Moreover, one section is devoted to the pragmatics of antecedentless pronouns and so-called 'impersonal' personal forms. The volume will be of interest to both scholars and students interested in the pragmatics of functional words. This examination consists of 80 questions. The minimum passing score is 75%. For each question, choose the letter representing your answer (A, B, C, D, or E) and completely darken the corresponding space on your answer sheet. There is no penalty for guessing; therefore, you should attempt to answer every question. Each question is designed to have a single best answer. You are responsible for having the following references: _ Harmonized Tariff Schedule of the United States (2014 Basic Edition, No Supplements) _ Title 19, Code of Federal Regulations (Revised as of April 1, 2014) _ Customs and Trade Automated Interface Requirements (CATAIR) _ Appendix B - Valid Codes _ Appendix D - Metric Conversion _ Appendix E - Valid Entry Numbers _ Appendix G - Common Errors _ Glossary of Terms _ Instructions for Preparation of CBP Form 7501 (July 24, 2012) Right to Make Entry Directive 3530-002A This examination lasts four and a half (4.5) hours.
