Annals of the International Geophysical Year, Volume 26: IGY Calendar Record: Ozone Instruction Manual presents various indices and highlights of the solar, geophysical and associated events which took place during the IGY, a period of intensified observation of the earth and its environment. This book is organized into two main parts encompassing six chapters. The first part describes the features of the charts and tables in this Calendar Record of the IGY. The Supplementary Tables are additional indices of world-wide auroral observations which could not conveniently be adapted to the Calendar Record itself. They also summarize for historical purposes the end product of the IGY World Days Program, namely the Calendar of Regular World Days and Intervals decided on before the IGY began and the declarations of Solar Alerts and Special World Intervals. The second part considers the determination of some constants used in the calculation of the amount of ozone from spectrophotometer measurements and an analysis of the accuracy of the results. This book is of value to geophysicists and researchers. Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces

Volume 2 of the conference proceedings of the SPE/Antac on 'Plastics Bridging the Millennia- subtopic of 'Materials', held on the 2-6 May 1999 in New York City, USA. Knowledge was once power - difficult to find, slow to transmit and coveted. Now we can access almost the sum total of human information with a swipe of our thumbs. The impact on the knowledge economy has been vast, leaving learning and development (L&D) professionals wondering how to keep pace. Many organizations naturally turn to technology to ensure workplace learning at scale and at speed, but stumble when it comes to successfully deploying and using it. Learning Technologies in the Workplace examines 16 years of learning technology implementations to find the secrets behind the most successful. Examples in the book from the Hershey Company and BP, airlines, tech companies and manufacturers point to four common factors. Successful learning technology teams all have APPA: a clear aim, a people focus, a wide perspective and a pragmatic, can-do attitude. Learning Technologies in the Workplace gives readers practical pointers for each of these four points, helping them implement and use learning technologies well, with particular emphasis on the essential skill of identifying stakeholders and winning their support. This text provides information to the chef, cook or managerial personnel about food service equipment & how to buy, maintain & service such equipment.
