October and her ghost friends are hot on the trail of those responsible for Morna MacIsaac's death in 1914—or as hot as one can be on a 100-year-old trail—when Yumi becomes the target of a sinister harassment campaign at school. Solving dual concurrent mysteries at once won't be easy, but the intrepid heroine in black eyeliner loves a challenge. It began nearly four hundred years ago. The Conall clan and all their people were murdered in a surprise attack, their beloved castle and all evidence of who destroyed them burned to the ground with their bodies. From the fifth to the nineteenth centuries, the people of western India built stone cisterns to collect the water of the monsoon rains and keep it accessible for the remaining dry months of the year. These magnificent structures-known as stepwells or stepped ponds-are much more than utilitarian reservoirs. Their lattice-like walls, carved columns, decorated towers, and intricate sculpture make them exceptional architecture., while their very presence tells much about the region's ecology and history. For these past 500 years, stepwells have been an integral part of western Indian communities as sites for drinking, washing, and bathing, as well as for colorful festivals and sacred rituals. Steps to Water traces the fascinating history of stepwells, from their Hindu origins, to their zenith during Muslim rule, and eventual decline under British occupation. It also reflects on their current use, preservation, and place in Indian communities. In stunning color and quadtone photographs and drawings, Steps to Water reveals the depth of the stepwells' beauty and their intricate details, and serves as a lens on these fascinating

cultural and architectural monuments. It might all be bearable if he had someone to maneuver the cultural differences and minimal conveniences with--someone with whom he could make a life. Kathleen Carter's life is changing. With enough money now saved to fulfill her dream of restoring the castle she inherited, her job as housemaid is coming to an end. Little does she know that a move isn't the only big change life has in store for her and that perhaps her dreams might include more than devoting her life to a big, empty castle. LOVE BEYOND COMPARE - BOOK 5: Jane Mitchell has had many dreams for her life, but living in the 17th century was never one of them. The work is closely based on the true story of landscape photographer Laura Gilpin. All she needs is someone to prove her wrong. Laurel's life bears no resemblance to the love stories she writes. While handsome heroes are easy to imagine, they're much more difficult to find. Years of bad dates with creepy men have left her feeling cynical toward all things related to love. When she and her best friend find themselves caught up in Morna's meddling magic and are transported to seventeenth century Scotland, Laurel meets a man who threatens to change her attitude toward matters of the heart. After two years away, Raudrich returns to his home on The Isle of Eight Lairds to resume the duty he's pledged his life to. When he arrives, he finds an out-of-time lassie asleep in his bed. The woman intrigues him, and it doesn't take long before she captures his heart. But something inside causes her to resist her feelings. If only he could help her love herself, perhaps she would have room in her heart to love him in return. As their feelings grow, so does the strength of an evil held captive beneath the castle--an evil that will do anything to escape. Will Laurel open herself up to the possibility of love? If she does, can she find the power within herself to outwit the evil she's destined to face? Read all the books in Morna's Legacy Series: Love

With "shattering prose," the New York Times–bestselling author of *From Here to Eternity* captures the intense combat in the battle of Guadalcanal (San Francisco Chronicle). In August of 1942 the first American marines charged Guadalcanal, igniting a six-month battle for two thousand square miles of jungle and sand. In that gruesome stretch sixty thousand Americans made the jump from boat to beach, and one in nine did not return. James Jones fought in that battle, and *The Thin Red Line* is his haunting portrait of men and war.

The soldiers of C-for-Charlie Company are not cast from the heroic mold. The unit's captain is too intelligent and sensitive for the job, his first sergeant is half mad, and the enlisted men begin the campaign gripped by cowardice. Jones's moving portrayal of the Pacific combat experience stands among the great literature of World War II. This ebook features an illustrated biography of James Jones including rare photos from the author's estate. For readers who love Outlander, here's Morna's Legacy Series: "I have a thing for sexy highlanders (who doesn't?!), but not everyone is able to get it right - Claire is bang on... I haven't enjoyed myself reading a book this much in ages..This book gets five hunky Scotsmen out of five." - Chelsey of Pure Textuality In Love Beyond Reach, Book 8 of Morna's Legacy Series, Morna, the witch who started it all, gets her own story. All she needs is someone to prove her wrong. Laurel's life bears no resemblance to the love stories she writes. While handsome heroes are easy to imagine, they're much more difficult to find. Years of bad dates with creepy men have left her feeling cynical toward all things related to love. When she and her best friend find themselves caught up in Morna's meddling magic and are transported to seventeenth century Scotland, Laurel meets a man who threatens to change her attitude toward matters of the heart. After two years away, Raudrich returns to his home on The Isle of Eight Lairds to resume the duty he's pledged his life to. When he arrives, he finds an out-of-time lassie asleep in his bed. The woman intrigues him, and it doesn't take long before she captures his heart. But something inside causes her to resist her feelings. If only he could help her love herself, perhaps she would have room in her heart to love him in return. As their feelings grow, so does the strength of an evil held captive beneath the castle--an evil that will do anything to escape. Will Laurel open herself up to the possibility of love? If

she does, can she find the power within herself to outwit the evil she's destined to face? In the lush green valleys of southern France, long before the mists of time, as humankind takes its first defiant steps to tame the earth, one special tribe among the Kindred is ruled by the Priestess Arika. But a feared change is coming, for the distant thunder of hooves brings terrifying whispers of a fierce race of conquerors whose astonishing horsemanship gives them the power of conquest...a power that threatens to enslave Kindred women, murder their men, burn their villages. It is left to the exiled Ronan, Arika's handsome young son, to meet this challenge. But first he must reunite with his true love, Nel, whose charisma and magical talents with animals may help him master the wild horse. And as the young lovers and their band of loyal renegades race to stem the invaders' relentless advance, the grasslands quake with the sound of battle to determine the Kindreds' destiny. Against the lush backdrop of a vanished primeval world, this spellbinding novel tells the timeless tale of adventure and conflict, rivalry and revenge, love and passion. A captivating and page-turning romance perfect for fans of Christina Courtenay and Barbara Erskine! On a windswept British coastline the tide bestows an unexpected gift... A new 25th anniversary edition of the instant classic that inspired the major motion picture and Sundance Film Festival winner *Precious: Based on the Novel by Sapphire*, whose power and ferocity influenced a generation of writers. how to make it truly her own for the first time.
