Texts Adopted Nov 16 2021 This publication brings together the texts adopted by the Standing Committee of the Congress of Local and Regional Authorities of the Council of Europe. The Congress, a consultative body of the Council of Europe, is made up of two chambers: one representing local authorities, the other the regions. Its aim is to reinforce democratic structures at local and regional level, and in particular to help the newly-emerging democracies in central and eastern Europe. The Congress adopts three different types of texts: recommendations, opinions and resolutions. Recommendations are proposals to the Committee of Ministers, and their application is left up to each member government. Sometimes they are also addressed to other international organisations. Opinions usually refer to questions to the Congress from the Committee of Ministers or the Parliamentary Assembly. The Committee of Ministers and the Parliamentary Assembly consult the Congress

on questions which are likely to affect the competence and the basic interests of the local and regional authorities which the Congress represents. Resolutions reflect the decisions that the Congress is authorised to take, or make recommendations to local and/or regional authorities and their associations.

The Congress of Vienna Jul 13 2021

Historians have dismissed the pageantry of the Vienna Congress as window dressing when compared with the serious maneuverings of sovereigns and statesmen. By seeing these two dimensions as interconnected, Brian Vick reveals how one of the most important diplomatic summits in history managed to redraw the map of Europe and the international system.

Metternich's German Policy, Volume II Sep 14 2021 Using new archival sources, this book shows that Prussia sought not the unity of Germany but its partition into five masses loosely enough joined to assure her control of the North. Hardenberg, not Metternich, supported the feudalistic claims of the estates suppressed by Napoleon and the resurrection of ancient estates' assemblies based mainly on

corporate orders. Originally published in 1984.
