Through Jack, the spy, Jasminda learns that the Mantle is weakening, allowing people to slip through without notice. A roman à clef about racism, identity, and bohemian living amidst the tensions and violence of Algerian War-era France, and one of the earliest published accounts of the Paris massacre of 1961. As a teenager, Simeon Brown lost an eye in a racist attack, and this young African American journalist has lived in his native Philadelphia in a state of agonizing tension ever since. After a violent encounter with white sailors, Simeon makes up his mind to move to Paris, known as a safe haven for black artists and intellectuals, and before long he is under the spell of the City of Light, where he can do as he likes and go where he pleases without fear. Through Babe, another black American émigré, he makes new friends, and soon he has fallen in love with a Polish actress who is a concentration camp survivor. At the same time, however, Simeon begins to suspect that Paris is hardly the racial wonderland he imagined: The French government is struggling to suppress the revolution in Algeria, and Algerians are regularly stopped and searched, beaten, and arrested by the French police, while much worse is to come, it will turn out, in response to the protest march of October 1961. Through his friendship with Hossein, an Algerian radical, Simeon realizes that he can no longer remain a passive spectator to French injustice. He must decide where his true loyalties lie. When Jason Stone first looked in the safe deposit box, he had no idea what the three items meant. He had no idea why he was chosen, and he had no idea what was in store for him next. He couldn't rely on his parents, they've been dead for over five years. Would his foster parents be there for him, or would he be on his own again? His boring life as a freshman in high school was about to change. The question he had was would it be for the better or for the worse? Once his summer was over he would know who stood with him and who stood against him. Being fifteen is hard enough, throw in uncertainty, insecurity, and confusion and there is no telling who is going to come out the winner. In an isolated society, one girl makes a discovery that will change everything — and learns that a single stone, once set in motion, can bring down a mountain. Jena — strong, respected, reliable — is the leader of the line, a job every girl in the village dreams of. Watched over by the Mothers as one of the chosen seven, Jena's years spent denying herself food and wrapping her limbs have paid off. She is small enough to squeeze through the tunnels of the mountain and gather the harvest, risking her life with each mission. No work is more important. This has always been the way of things, even if it isn't easy. But as her suspicions mount and Jena begins to question the life she's always known, the cracks in her world become impossible to ignore. University Press returns with another short and captivating biography of one of history's most compelling figures, Amanda Gorman. Amanda Gorman was born on March 7, 1998, in Los Angeles, California. She and her twin sister were raised by a single mother - a teacher - who restricted the young Amanda's access to television and inspired in her a love for reading, writing, and language. The young Gorman was a self-described "weird child" who had a speech impediment and preferred to read books while other children her age were playing on the playground. Inspired by her mother and by a host of personal heroes that included Maya Angelou and Malala Yousafzai, Amanda excelled in school, found her voice, started a nonprofit, became a youth delegate for the United Nations, published her first poetry book at age sixteen, earned a college scholarship, graduated from Harvard University, and became the first person ever to be named National Youth Poet Laureate. On January 20, 2021, Amanda Gorman, at age twenty-two, became the

youngest poet in American history to read at a presidential inauguration. Just two weeks after an angry mob had stormed the United States Capitol Building, Gorman, wearing a sunny yellow coat and a bright red headband, approached the microphone in front of that same building and reminded a divided and battered nation that "...there is always light, if only we're brave enough to see it. If only we're brave enough to be it." This short book tells the intensely human story of a woman who is changing the world in a way that no one else can. "Be prepared to learn a lot about the culture while you follow Amanda on her adventure. This journal records the Civil War experiences of a sensitive, well-educated, young southern woman. Kate Stone was twenty when the war began, living with her widowed mother, five brothers, and younger sister at Brokenburn, their plantation home in northeastern Louisiana. When Grant moved against Vicksburg, the family fled before the invading armies, eventually found refuge in Texas, and finally returned to a devastated home. Kate began her journal in May, 1861, and made regular entries up to November, 1865. She included briefer sketches in 1867 and 1868. In chronicling her everyday activities, Kate reveals much about a way of life that is no more: books read, plantation management and crops, maintaining slaves in the antebellum period, the attitude and conduct of slaves during the war, the fate of refugees, and civilian morale. Without pretense and with almost photographic clarity, she portrays the South during its darkest hours. I hate camp. I just hate it. I wish I didn ' t. But I do. Being here is worse than bug juice on a burger. Or homework on Thanksgiving. Or water seeping into my shoes. In this sequel to *Like Pickle Juice on a Cookie*, Eleanor is off to summer camp. At first she ' s excited, but when she gets there she finds bugs, no electricity, and terrible food. And worst of all: swim class, where she just can ' t seem to keep up with the other campers. But as the days go by, Eleanor realizes that life is full of special surprises—even after some

belly flops. Praise for Like Bug Juice on a Burger "Eleanor doesn't just survive, she grows...Readers will celebrate and look forward to more." —Kirkus Reviews

"Sternberg gets all of the details exactly right, from the "orange, oozing sloppy joes" to the frustrations of trying to swim in a life jacket. susan dove lempke." —The HornBook

"This is a really sweet novel in verse and a good sequel to Like Pickle Juice on a Cookie (Abrams, 2011), though it works fine as a stand-alone." —School Library Journal

"Eleanor's tentative yet heartfelt voice comes through as clearly as in the first volume, with the short, ragged-right-margin lines as approachable as her personality. Sternberg is particularly deft at leaving young-reader-sized room for interpretation and extrapolation." —The Bulletin of the Center for Children's Books

"This sequel to Like Pickle Juice on a Cookie (2011) is just as endearing and wise, illustrating how small triumphs can help children survive what, at the time, seems an insurmountable trial." —Booklist Award Bulletin of the Center for Children's Books

8. Amanda in Malta: The Sleeping Lady

In a 2002, Mastering Community Engagement was published by the American Alliance of Museums as a "call to action" through their Museums and Community Initiative to inspire more civic-minded museum practice, envisioning the museum as an active player in the community, a safe haven, and a center for dialogue and change. (AAM) The study noted that civic engagement "...occurs when museum and community intersect - on subtle and overt ways, over time, and as an accepted and natural way of doing business." (AAM, 9) One method museums have used to facilitate civic engagement is public curation. Although community-institution collaboration as a design process has been applied in the fields of social sciences, art, and the humanities, there is a deficit of knowledge about

how to approach or measure the impact of this collaborative work in the museum industry, and the terminology or vernacular around this work is inconsistent and varied. Thus, this research attempts to articulate goals and potential indicators of success, which may be useful to museums that are exploring or assessing community collaboratives around exhibit development. The study uses qualitative research methods from the field of feminist methodology and the social sciences method of grounded theory. Semi-structured interviews and document analysis were used to gather data from museum professionals at five different institutions utilizing public curation models, with the goal being to identify several guiding principles for this work and to lay the groundwork for a theory on public curation. This research suggests four trends: 1) professionals who utilize these models define the scope of public curation as a publicized exhibit process that affects a community or communities; 2) public curation models allow for active, rather than passive visitor engagement; 3) museums in this study use evidence of community involvement as an indicator of success, and note community empowerment as an institutional benefit; 4) museums utilizing these models tend to also value community empowerment, and this type of institutional culture is a strong factor in a museum's decision to pursue public curation. The results of this study suggest that public curation models can assist museums looking to take on or continue building strong partnerships within their communities.

Bron and Ray are a queer couple who enjoy their role as the fun weirdo aunties to Ray's niece, six-year-old Nessie. Their playdates are little oases of wildness, joy, and ease in all three of their lives, which ping-pong between familial tensions and deep-seeded personal stumbling blocks. As their emotional intimacy erodes, Ray and Bron isolate from each other and attempt to repair their broken family ties—Ray with her overworked, resentful single-mother sister and Bron with her religious teenage sister who doesn't fully grasp the complexities of gender identity. Taking a leap of faith, each opens up and learns they have more in common with their siblings than they ever knew. At turns joyful and heartbreaking, *Stone Fruit* reveals through intimately naturalistic dialog and blue-hued watercolor how painful it can be to truly become vulnerable to your loved ones—and how fulfilling it is to be finally understood for who you are.
