A Guide to the Study and Use of Military History Jun 24 2020 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study. It is not a work to be read and lightly tossed aside, but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past.

Polyimides and Other High Temperature Polymers: Synthesis, Characterization and Applications Jul 18 2022 This volume chronicles the proceedings of the Third International Symposium on Polyimides and Other High Temperature Polymers: Synthesis, Characterization, and Applications, held in Orlando, December 17-19, 2003. This volume is divided into three parts. Part 1. "Synthesis, Properties and Bulk Characterization"; Part 2 "Hybrids and Composites" and Part 3 "Applications and General Papers". The topics covered include: Synthesis, characterization and processing (including some novel approaches) of a variety of polyimides and other high temperature polymers; structure-property relationships; hybrids and nanocomposites using these materials and their characterization, properties and applications; segmental dynamics in polyimide materials; photoalignable polyimides; photoconductivity and photosensitivity of polyimides; ultrafiltration membranes from polyetherimide; polyimide as a tunneling barrier; polymer materials for nonlinear optical applications; alignment of SWNTs in rigid-rod polymer compositions; surface modification of polyimide; adhesion of Cu to polyimide surfaces; and polyimide erosion in a low Earth orbit space environment.
