A vivid, warm and atmospheric adventure set in the mountains of India, about a girl who is determined to protect the wild leopards of the mountain from poachers, perfect for fans of Katherine Rundell. I thought we'd live here forever ... but then, I thought Mum would be here forever too. When Ruby's dad uproots her from Australia to set up a hotel in the mountains of India, Ruby is devastated. Not only are they living in a run-down building in the middle of the wilderness surrounded by scorpions, bears and leopards, but Ruby is sure that India will never truly feel like home - not without her mum there. Ever since her mum died, Ruby has been afraid. Of cars. Of the dark. Of

going to sleep and never waking up. But then the last remaining leopards of the mountain are threatened and everything changes. Ruby vows to do all she can to protect them - if she can only overcome her fears... The folk-like tune of Ruby Mountain Serenade may seem familiar but is in fact an original tune from composer John Atteberry. Beginning in D major, this graceful tone poems opens intimately, with optional soloists from each section. Following the introduction, all sections of the orchestra work to guide the music through statements of the primary and secondary themes, leading to a smooth modulation to F major and an emotional climax. A great opportunity for young musicians to explore programmatic music. Nevada boasts some of the most diverse and beautiful landscapes in North America and is rich in trails that embrace the state's scenic, geologic, and historic resources. Here are hikes for every taste and level of fitness, including outings suitable for families with small children and full-scale assaults on challenging peaks. Each hike is described in terms of its route and special features, and includes a map and elevation profile. The book also offers information about the geology, wildlife, plants, history, and weather features of Nevada, as well as helpful directions to ensure safe and comfortable travel in Nevada's rugged and isolated backcountry. This is an indispensable guide for anyone seeking enjoyable adventures in some of the

country's most spectacular natural regions. The end of the Pleistocene era brought dramatic environmental changes to small bands of humans living in North America: changes that affected subsistence, mobility, demography, technology, and social relations. The transition they made from Paleoindian (Pleistocene) to Archaic (Early Holocene) societies represents the first major cultural shift that took place solely in the Americas. This event—which manifested in ways and at times much more varied than often supposed—set the stage for the unique developments of behavioral complexity that distinguish later Native American prehistoric societies. Using localized studies and broad regional syntheses, the contributors to this volume demonstrate the diversity of adaptations to the dynamic and changing environmental and cultural landscapes that occurred between the Pleistocene and early portion of the Holocene. The authors' research areas range from Northern Mexico to Alaska and across the continent to the American Northeast, synthesizing the copious available evidence from well-known and recent excavations. With its methodologically and geographically diverse approach, *From the Pleistocene to the Holocene: Human Organization and Cultural Transformations in Prehistoric North America* provides an overview of the present state of knowledge regarding this crucial transformative period in Native North America. It offers a large-scale synthesis of human adaptation, reflects the range of ideas and concepts in current archaeological theoretical approaches, and acts as a springboard for future explanations and models of prehistoric change. The Ruby Phoenix Tournament reaches its exciting conclusion! The sorcerer Hao Jin is nowhere to be found. The heroes' search for the tournament's grand judge takes them across Tian Xia's legendary Flying Mountains and face to face with the Celestial Dragon. They ultimately reach a dark demiplane where a nefarious otherworldly villain is holding Hao Jin captive. In order to rescue the Ruby Phoenix, the heroes must defeat their ultimate rivals and claim the title of tournament champions. This adventure concludes the Ruby Phoenix Tournament Adventure Path, a three-part monthly campaign in which the players compete in Golarion's most amazing international fighting tournament. This adventure also includes a gazetteer of exciting demiplanes found across Golarion, inspiring lore about the epic fighting tournaments in other corners of the multiverse, and a mountain of new monsters.
